MOVET

Moving our veterans

MoVET is a website that was developed under a Federal Transit Administration grant that was awarded to the Montachusett Regional Transit Authority (MART), specifically to assist veterans and families of active duty military to identify transportation resources available throughout the state to access employment, medical, social or community events.

- **PLEASE POST**

NOTICE TO:

VETERANS, FAMILY OF ACTIVE MILITARY AND FACIILITIES SERVING VETERANS AND THEIR FAMILIES

- **MART has launched the MoVET website that was developed under a Federal Transit Administration grant that was awarded to the Montachusett Regional Transit Authority (MART), specifically to assist veterans and families of active duty military to identify transportation resources available throughout the state to access employment, medical, social or community events. MART is actively seeking interested Transportation Providers to participate in this statewide transportation network. We are in the initial stage of deployment and currently have a limited number of Transportation Providers participating, however, many more have expressed interest and we plan to continually increase transportation resources to meet transportation needs throughout the state. During the early stages of deployment, there may not be options for all trip requests but as additional Transportation Providers sign up, options will be increased.**

- **If you are a Veteran, family of active duty military, or a facility serving veterans and their families and would like to utilize this statewide transportation network, please visit our MoVET Website at movetma.com, sign up as a User on the site and complete the User Profile. There are also training videos on the MoVET website to provide assistance to you.**

Thank you for your interest.
