Parcels updated January 1, 2013

ARTICLE 15 PICNIC STREET TRUST – TRANSFER CARE, CUSTODY AND CONTROL TO BOS

(Two-thirds vote required)

To see if the Town will vote to transfer the care, custody, control and management of the *Picnic Street Trust* parcel, located on Middle Road and further identified as lot 127 block 3 on Assessor's Map 7, lot 128 block 3 on Assessor's Map 7 and lot 232 block 5 on Assessor's Map 7 from the Town Treasurer, currently held for tax title sale purposes, to the Board of Selectmen to be held for general municipal purposes; or take any other action relative thereto.

The Board of Selectmen recommends unanimously (4 – 0).

For many years the Picnic Street Trust parcel adjoining Steele Farm and Community Gardens on Middle Road has been enjoyed by all as municipal land. The property was taken by the Tax Collector in 1992 for non-payment of taxes for the years 1982-1991. The taking process then proceeded in due course through Land Court, which issued a final decree in 1997, clearing the way for disposition by the Town. The purpose of this article is to ensure that the property is protected and maintained as a valuable addition to existing municipal land.

The Finance Committee recommends unanimously.

Subject: RE: Disposition of Foreclosed Property - Checklist

Hi Selina;

Here are the options:

First, pursuant to G.L. c. 60, the Town's Tax Title Custodian (the Treasurer) always has the authority to dispose of tax title property by auction, as you noted.

Second, if the desire is to transfer the custody of tax title land to another town board such as the Conservation Commission, the procedures in G.L. c. 40, s. 15A would govern. The Treasurer would have to first make a written declaration that the parcel is question is no longer needed for tax title purposes. Next, Town Meeting would have to vote by a two-thirds vote to transfer the parcel from the Treasurer held for tax title purpose to , for example, the Conservation Commission to be held for open space and conservation purposes. Finally, the Town should record a certified copy of the Town Meeting vote at the Registry of Deeds.

Third, if the desire is to sell or lease the parcel to a private party, the Treasurer would still have to make the surplus property vote under s. 15A, and Town Meeting would still have to transfer the property by a two-thirds vote, but in this instance it would be transferred to the Board of Selectmen to be held for the purpose of sale or lease, and Town Meeting would then further authorize the Board of Selectmen to sell or lease the parcel. Under this option, the Town would have to comply with the requirements of c. 30B by issuing an RFP for the disposition assuming the fair market value exceeded \$35,000.

Since the Tax Title Custodian has a fiduciary duty to the Town to maximize the value of the property, the Tax Title auction process generally results is selling the property to the highest bidder. If, on the other hand, the Town would like to establish criteria other than price (disposition of the parcel for affordable housing purposes, for example), then in my experience the third option is usually preferred because, as you know, under a c. 30B disposition, the parcel can be sold to someone other than the highest bidder if evaluation criteria other than price are deemed more important to the Town.

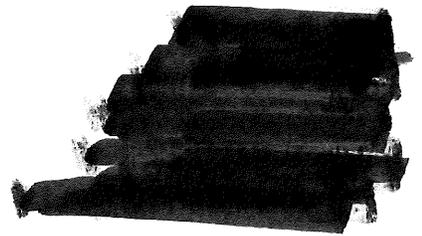

If you need a more formal opinion please let me know.

John

Subject: Town owned property via tax taking

The ConsCom has reviewed the parcels of land acquired via Tax Taking back to the mid 1990's. The objective of the ConsCom was to determine if any of these parcels had high conservation value and should be formally designated as Conservation Land. Patrick McIntyre and his predecessor generated the parcel list in order to explore the option of selling these Municipal lands. Via these sales the Town would generate cash and return these properties to the tax rolls.

The attached Excel spreadsheet (**Currently Town Owned**) lists the 21 parcels taken for back taxes. Parcels 1 and 2 were acquired from the Picnic Street Trust. They are adjacent to the Municipal Steele Farm property which currently gets very heavy passive recreational use throughout the year. These parcels have a total of 24.72 acres with high conservation value. The ConsCom recommends that the BoS formally transfer this land to either the ConsCom or Steele Farm Committee. Parcel 3 is .93 acres and was also acquired from the Picnic Street Trust. It is separated from the rest of the land by Middle Road. Because it is a small, isolated parcel, the ConsCom did not rank the parcel highly for conservation value.

Parcels 4 through 8 were acquired from the Reed Farm developer for back taxes. The total acreage is 30.59 acres. This land abuts the Half Moon Meadow conservation area as well as conservation land in Acton. The land was judged to have very high value for protection of water resources and for wildlife habitat. The ConsCom recommends that this land be transferred to the ConsCom.

Parcel 11 acquired from M. Davis contains 5.23 acres and has high conservation value because of its proximity to the Heath Hen conservation land off Burroughs Rd. and Mayfair Dr. The ConsCom recommends that this land be transferred to the ConsCom.

Parcel 12 acquired from J. Moody contains 3.35 acres and has high conservation value because of a potential vernal pool. The ConsCom recommends that this land be transferred to the ConsCom.

Parcel 13 acquired from Weatherbee contains 5.47 acres and has high conservation and municipal value because of its proximity to a large wetland and potential well site on Hazard Lane. This parcel abuts another Municipal parcel. The ConsCom recommends that this land either be transferred to the ConsCom or retained for Municipal use.

Parcel 14, from an unknown owner, is near Liberty Square Road. This property does not have road frontage. The property may have high value to the Boxborough Conservation Trust which has been in discussion with a local land owner in an attempt to do a limited development project that would give long term protection to some of the land.

None of the other **Currently Town Owned** parcels were judged to have high conservation value.

Twelve (12) parcels that are currently behind in tax payments were evaluated for potential future transfer to the ConsCom as conservation land. These parcels are briefly described on the attached spreadsheet (**Potential Tax Taking**).

Of these parcels only 22 through 26 were ranked high for conservation value. These parcels are currently owned by Biotti on Loreto Drive. This large area of 18.57 acres contains several vernal pools and excellent wildlife habitat.

None of the other **Potential Tax Taking** parcels had high conservation value.

The ConsCom would like to request a meeting between the BoS and ConsCom at your convenience to discuss the disposition of the properties on both lists.

**BOXBOROUGH HISTORICAL SOCIETY, INC.
29 MIDDLE ROAD
BOXBOROUGH, MA 01719**

www.multimgmt.com/BHSociety/bhs1.htm

October 26, 2015

To: Boxborough Board of Selectmen

From: Jeanne Steele Kangas, President

The Board of your Historical Society seeks to begin a capital campaign to raise funds for necessary projects of historical importance, and seeks the approval of our Board of Selectmen.

The first of those projects will be the preservation and restoration of the 1784 Levi Wetherbee (Steele) Farmhouse. We seek to help preserve and restore the Farmhouse as an important part of Boxborough's agricultural and cultural heritage. Saving our heritage means making commitments of time, talent and treasure to achieve the goal.

Until now, the Farmhouse has had no identifiable constituency. The many residents who use Steele Farm for dog walking, bird watching, horseback riding, hiking, and skiing in the winter pass by the deteriorating Farmhouse, and may not think twice about it. Yet that Farmhouse was the vital center of the families over the centuries who lived there. Without that Farmhouse, there would be no farm.

We know that the Farmhouse lacks the national significance and importance of such icons as the Liberty Bell in Philadelphia, for which the taxpayers of this Nation have spent hundreds of millions of dollars to preserve, restore and make available to the public to walk around and look at it; but the Farmhouse is a vital part of Steele Farm, an icon in Boxborough, and does have local significance and importance.

Most of the money our Town has comes from the pockets of our own taxpayers. Before the voters of Boxborough are asked to vote everyone's tax dollars to fund and support such a potentially expensive project, we shall ask our Historical Society Board, members and friends to demonstrate their level of care and concern for the future of the Farmhouse by donating to and making a pledge towards our Capital Campaign.

Our Board seeks your approval for us to begin.

Department Assistant Job Description Oct. 2015

Definition:

Responsible for providing administrative, clerical, and record keeping support for the department.

Distinguishing Characteristics:

Works under the administrative direction of a Department Head and/or the Town Administrator within policies of the Board of Selectmen.

Work activities require independent action and judgment as department's supervisor is not always available to address issues. Work activities and decisions are varied in nature and require solving commonly encountered problems as well as unusual problems. Department Assistant should be in regular communication with Department Head and/or appropriate Town Board regarding the resolution of unusual cases or questionable matters.

Errors could cause a moderate delay in operations, and rework that typically involves using the resources of others in the department and possibly other departments to correct.

Contacts are with employees within and outside the Department, as well as with the public and government agencies.

Requires working cooperatively with others and answering the public's questions with courtesy and tact. Often required to explain Department's procedure and services and gain cooperation of the public.

Negligible physical effort required in performing the duties under typical office conditions. Work is basically office-type but may require non-sedentary duties involving moderate physical efforts.

Examples of Work may include the following tasks:

Screens incoming mail, calls, and visitors and answers questions or directs them to appropriate Department Head(s), staff member, or staff in another department. Takes messages. Addresses matters that do not require personal attention or action of the Department Head. Assembles information for Department Head or staff member in order to be prepared to respond to inquiries.

Maintains appointment schedule of department staff, as requested. Coordinates travel and hotel arrangements for department staff.

Prepares correspondence, memoranda, forms, reports, agendas, minutes, bid specifications, hearing notices, permits, abatements, lists, bylaws, etc. using wordprocessing, spreadsheets, and presentation software. Proof reads material before finalizing. Copies, scans, faxes, and sends materials.

Sets-up, maintains and manages filing system. Maintains department's confidential records.

Tracks budgets and monitors expenditures against budget and maintains associated records; compiles financial data for the development of the department's operating and capital budgets. Requires the use of spreadsheets and databases.

Collects fees. Prepares documentation for receipts; coordinates receipts and collections with Town departments. Maintains financial reports.

Posts agendas and minutes; schedules appointments; makes meeting arrangements; distributes notices; takes and transcribes minutes; performs follow-up activities after meetings.

Prepares department payroll including tracking time worked, sick leave, vacation leave, and over-time.

Prepares department's accounts receivable, e.g., police detail billing, ambulance billing, etc.

Prepares department's accounts payable for processing.

Assists in the preparation of grants, compiles information and performs research as needed to respond to grant requirements.

Monitors office supplies and coordinates purchasing within approved spending limits. Prepares requisitions for supplies and equipment.

Coordinates the distribution of request-for-proposals or bids for the department, responds to vendor's inquiries according to purchasing law, opens bids and notifies bidders of successful bidder.

Liaises with Town's IT consultant on hardware and software issues, troubleshooting as appropriate.

Updates and maintains department/board web pages.

Secondary Responsibilities may include the following tasks:

Coordinates the work of volunteers. Activities include assigning/reviewing work, assisting with orientation for new employees/volunteers, and providing performance feedback on volunteers.

Prepares information and is responsible for the production of the department's submission to the Annual Town Report.

Provides back-up to other department staff.

Performs other position-related duties, as assigned.

QUALIFICATIONS

RECOMMENDED MINIMUM QUALIFICATIONS:

I – Education and Experience

A minimum of three to five years in a responsible clerical position. Completion of a standard high school course with business school training highly desirable. Or, any combination of required knowledge, skills and abilities.

II – Knowledge, Ability and Skills

Knowledge: Good knowledge of office terminology, procedures and equipment, command of business arithmetic and English. Some knowledge of elementary bookkeeping. Knowledge of document formats.

Ability: Ability to wordprocess at an acceptable speed. Ability to establish and maintain effective working relationships with subordinates, town officials, and the general public. Ability to communicate effectively in written and oral form. Ability to manage several projects at one time. Ability to maintain complex records and prepare reports from such sources. Ability to get along well with others. Ability to make decisions in accordance with laws, ordinances, regulations and established policies. Ability to make relatively complex mathematical computations rapidly and accurately.

Skills: Proficiency in computer applications, including knowledge of spreadsheets, databases, word processing, Internet research and appropriate software applications. Organizational and office management skills. Requires skill in the use of office equipment including personal computer, copier, calculator, facsimile and adding machine. Must have clerical aptitude, good judgement, tact and courtesy.

III - Special Requirements

Ability to become bonded may be required. May be required to pass a CORI (Criminal Offender Record Information) check and/or meet other government requirements.

IV - Physical Requirements

The physical demands listed are representative of those that must be met by the employee to successfully perform the essential functions of this job. Reasonable accommodation may be made to enable individuals with disabilities to perform the essential functions of the job. Work is generally performed under typical office conditions. Position requires the ability to operate a keyboard and standard office equipment at efficient speed. Ability to operate a computer and view screen for extended periods of time. The employee is frequently required to use hands to finger, handle, or feel objects, tools, or controls, and reach with hands and arms. The employee is frequently required to sit, talk and hear. Specific vision requirements include close vision, distance vision, and the ability to adjust focus. Occasionally carries and/or lifts items, weighing no more than 25 pounds. Requires access to other town departments.

The duties listed above are intended as illustrations of the various types of work that maybe performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related, or a logical assignment to the position. This position description does not constitute an employment agreement between the Town and the employee and is subject to change by the Town as the needs of the Town and requirements of the job change.

Position description received by: _____ Date: _____

OATH OF OFFICE

POLICY & PROCEDURE NO. 1.1.1	ISSUE DATE: _____
Policy to be issued upon BoS approval or 30 days after submission, if no BoS action taken	EFFECTIVE DATE: _____
	REVISION DATE: _____

I. APPOINTMENTS

Prior to assuming sworn status all personnel appointed as Police Officers to the Boxborough Police Department shall appear before the Town Clerk and take and subsequently abide to the following oath of office to enforce the law and uphold the nation's constitution or basic law of the land, and where applicable, those of government subdivisions. This original document is to be kept in the personnel file and a copy given to the officer.

II. OATH OF OFFICE

The oath of office for Boxborough Police Officers is as follows:

“Do you solemnly swear that you will faithfully and impartially discharge and perform to the best of your ability all the duties incumbent upon you as a Police (rank) to which you have been appointed, in accordance with the bylaws of the town and the laws of the commonwealth?”

CODE OF CONDUCT: NON-SWORN PERSONNEL

POLICY & PROCEDURE NO. 1.1.2	ISSUE DATE: _____
	EFFECTIVE DATE: _____
Policy to be issued upon BoS approval or 30 days after submission, if no BoS action taken	REVISION DATE: _____

I. GENERAL CONSIDERATIONS AND GUIDELINES

Non-sworn employees of the Police Department are required to abide by the same ethical standards as sworn officers. They are an integral part of police operations, dealing with the public on a daily basis. Conduct standards are found in Section 4 of the Rules and Regulations Manual of the Department.

II. POLICE DEPARTMENT MANUAL AND DEPARTMENT ORDERS

Non-sworn employees are issued the same manual as sworn officers. All employees are required to pass a written examination, prepared by the Chief or his designee on an annual basis demonstrating their knowledge of this manual.

III. TRAINING

All employees shall receive annual training in the Code of Ethics. Training may be established through a Training Brief sent out electronically or reviewed at Roll Call. **[1.1.2]**

MISSION STATEMENT AND ORGANIZATIONAL VALUES

POLICY & PROCEDURE 1.1.3	ISSUE DATE:
	EFFECTIVE DATE:
Policy to be issued upon BoS approval or 30 days after submission, if no BoS action taken	REVISION DATE:

I. GENERAL CONSIDERATIONS AND GUIDELINES

The primary purpose of the Boxborough Police Department is to provide a high level of safety, security and service for all members of the general public. As a regulatory agency of local government, the police department has the direct responsibility for the preservation of the public peace, for the reduction of the opportunity to commit crime, for the lawful apprehension of those who commit crimes, and for the effective delivery of a wide variety of police services. A large suburban society free from crime and disorder remains an unachieved ideal. Nevertheless, consistent with the values of a free society, it is the primary objective of the Boxborough Police Department to as closely as possible approach that ideal.

Peace in a free society depends on voluntary compliance with the law. The primary responsibility for upholding the law therefore lies not with the police, but with the people. Since crime is a social phenomenon, crime prevention is the concern of every person living in society. Society employs full time professional police to prevent crime, to deter it and when that fails, to apprehend those who violate the law. Crime is a symptom of ills within society which are not the responsibility of the department to cure. The department is responsible, however, for interacting with the community to facilitate mutual understanding so that there may be public support

Community involvement is essential to facilitate a free flow of information between the public and the department, to assist in the identification of problem areas and to inform the public of crime statistics and trends. Additionally, knowledge of the community is necessary so that each department employee may be instilled with a sense of concern for the crime problems and law enforcement needs in his or her assigned area of responsibility.

The mission of the Boxborough Police Department is to form such a lasting partnership with the members of the community, working together to make the Town of Boxborough a model for society to follow: approaching that "ideal" of being free from crime and disorder.
[12.2.1(a)]

II. ORGANIZATIONAL VALUES

The value statement of the Boxborough Police Department:

- A. Protection of Constitution Rights;
- B. Maintenance of the highest standards of integrity and ethics;
- C. Excellence and teamwork in the performance of duty;
- D. Problem solving for continuous improvement;
- E. Continuous planning for the future; and
- F. Performing public service and law enforcement tasks so as to provide leadership to the police profession.

DISPOSAL OF CRIMINAL JUSTICE INFORMATION

<p>POLICY & PROCEDURE NO. 1.20</p>	<p>ISSUE DATE: _____</p>
<p>Policy to be issued upon BoS approval or 30 days after submission, if no BoS action taken</p>	<p>EFFECTIVE DATE: _____</p>
	<p>REVISION DATE: _____</p>

I. GENERAL CONSIDERATIONS AND GUIDELINES

The manner in which Criminal Justice Information (CJI) is disposed of is an extremely important issue. Improper disposal of CJI could put employees, the Department, the Department of Criminal Justice Information Services (DCJIS) and/or the FBI at risk.

II. POLICY

It is the policy of the Department to:

- A. Ensure that procedures are in place to protect sensitive and classified information, employees (sworn and non-sworn) and the department.
- B. To require that all employees (sworn and non-sworn), contractors, temporary staff, and other workers with access to DCJIS and FBI systems and/or data, sensitive and classified data, and media act in compliance with the proper methods for disposal of CJI.
- C. Ensure that all equipment that processes, stores, and/or transmits CJI and classified and sensitive data that is owned or leased by the Department are in compliance with the proper methods for disposal of CJI.

III. PROCEDURES

A. When no longer usable, hard drives, diskettes, tape cartridges, CDs, ribbons, hard copies, print-outs, and other similar items used to process, store, and/or transmit CJI and classified and sensitive data shall be properly disposed of in accordance with the Massachusetts Public Records Law, G.L. c. 66, § 10 and with the measures described herein.

1. Physical media (print-outs and other physical media) shall be disposed of by shredding, using the shredders located in the dispatch center.

If there is a large amount of physical media that needs to be destroyed, it may be placed in one or more of the temporary storage lockers in the reports room. A call number and an 'OF' number shall be assigned in the IMC system in order to track the media. Once an 'OF' number is assigned to an Officer [s]he generate a report documenting that the media needs to be destroyed. The report shall be forwarded to the officer's supervisor for review. The supervisor shall arrange for the destruction of the media.

2. Electronic media (hard-drives, tape cartridges, CDs, printer ribbons, flash drives, printer and copier hard-drives, etc.) will be properly disposed of by the following method:

Destruction – a method whereby magnetic media is physically destroyed by crushing, disassembling, etc., ensuring that the platters have been physically destroyed so that no data can be retrieved.

B. IT systems that have been used to process, store, or transmit CJI and/or sensitive and classified information shall not be released from department control until the equipment has been sanitized and all stored information has been cleared using the above method.

SHIFT BRIEFING (ROLL CALL)

POLICY & PROCEDURE 1.21	ISSUE DATE:
	EFFECTIVE DATE:
Policy to be issued upon BoS approval or 30 days after submission, if no BoS action taken	REVISION DATE:

I. GENERAL CONSIDERATIONS AND GUIDELINES

- A. The Department provides twenty-four (24) hour per day police coverage to the Town of Boxborough. It recognizes the importance of a standardized procedure for the daily transference of information to all patrol personnel.

II. POLICY

- A. It is the policy of this department to conduct shift briefing activities at the beginning of each patrol shift (0700, 1500, and 2300 hours). The shift briefing will provide officers with specific information regarding daily patrol activity. All patrol personnel coming on duty are required to be present, available for immediate assignment, and attentive during this briefing.
- B. All officers on duty including detective(s) shall attend roll call unless they are previously assigned to other duties by the Detective Sergeant. Detective(s) will brief patrol officers on important cases and activities of the Detective Bureau.

III. PROCEDURES [41.1.2]

- A. Prior to the end of each patrol shift, the Shift Supervisor or Senior Patrol Officer (SPO) will print a Daily Log utilizing the appropriate function within the department computer system.
- B. The Shift Supervisor or SPO of the off-going shift will review the Daily Log.
- C. The Shift Supervisor or SPO of the off-going shift will verbally communicate to the incoming Shift Supervisor or SPO of relevant shift information, i.e. number of detainees, unusual occurrences, ongoing incidents, outstanding calls, safety hazards, etc.
- D. It is the responsibility of the incoming Shift Supervisor or SPO to review the Daily Log, the electronic roll call and teletypes from prior shifts to determine any information that should be included in the shift briefing.
- E. The shift change procedure will include the assignment of tasks, patrol areas, weapons, vehicles, as well as other equipment and supplies as needed.
- F. The Shift Supervisor or SPO shall use the shift briefing to disseminate Departmental paper work, court paper work, and other information that is pertinent or will assist officers in their tasks.
- G. Utilizing the Daily Log and electronic roll call, the Shift Supervisor or SPO will verbally summarize the activity from the previous shift calling particular attention to unusual situations, potential and actual police hazards, wanted persons, stolen vehicles, and such reports that might indicate crime trends or patterns.
- H. Detectives attending the Shift Briefing may update officers with criminal intelligence information, and unusual situations, potential and actual police hazards and wanted person's information. The Detective(s) may also provide officers with a written patrol alert detailing the criminal intelligence information.
- I. The Shift Supervisor or SPO shall use the shift briefing to inspect and ensure that officers are carrying and wearing

approved equipment and uniform apparel. The Shift Supervisor shall be responsible for addressing any non-compliance through progressive discipline. The SPO shall be responsible for reporting any non-compliance to a Supervisor.

- J. At the completion of shift briefing, the Shift Supervisor or SPO will destroy the generated Daily Log by shredding.
- K. At the completion of shift briefing, the Shift Supervisor or SPO will place all other information (Alerts, BOLO's, TTY's, etc...) on the appropriate clipboard. The clipboards shall be stored in the Dispatch Center and accessible to all officers for review.

IV. SHIFT BRIEFING TRAINING

The daily Shift Briefing (Roll Call) is a specific information sharing activity that should not be confused with other training.

SAFE HAVEN ACT

POLICY & PROCEDURE 1.22	ISSUE DATE:
	EFFECTIVE DATE:
Policy to be issued upon BoS approval or 30 days after submission, if no BoS action taken	REVISION DATE:

I. GENERAL CONSIDERATIONS AND GUIDELINES

The **Safe Haven Act of Massachusetts** allows a parent or guardian to **legally abandon** newborn infants 7 days old or younger at a hospital, police station, or manned fire station **without facing criminal prosecution**. The Safe Haven Act is an amendment to **Chapter 119 of the Massachusetts General Laws, section 39 ½**.

The Safe Haven Act defines the following terms:

- A. **Newborn Infant:** A baby 7 days old or younger.
- B. **Voluntary Placed, voluntary placement or voluntary abandonment:** Voluntarily leaving the newborn infant with an appropriate person at a designated facility.
- C. **Designated Facility:** Hospital (it is preferred the newborn specifically be taken to an acute care hospital emergency department), police departments or manned fire station; the locations stipulated by the Safe Haven Laws.

- D. **Appropriate person:** Someone at a designated facility who is able to insure that the newborn infant is safe; for example, the triage person in a hospital emergency department or duty officer in a police station.
- E. **Notification:** An immediate notice is to be filed with the Department of Children and Families (DCF) on voluntary abandonment of the newborn infant.

II. OFFICER RESPONSIBILITIES

When a parent or guardian voluntarily leaves a newborn infant 7 days of age or younger with at the Boxborough Police Department, and there are no signs of abuse or neglect officers shall:

A. **Immediately contact Emergency Medical Services (EMS) Boxborough Fire Department** to respond and assess the child's condition on site and then transport to the hospital.

B. **If one or more of the parents or guardian is available:**

1. Thank them for bringing the infant to a safe place.
2. Ask if they would be willing to provide any information that would assist in planning for the future care of the child. Inform them that situations often arise, or children have questions, as they grow older, that only they as parents can address. **You are required to encourage the parent to provide the information but the parent shall not be required to provide such information.** The Officer accepting the infant shall make every effort to solicit the following information from the parent placing the newborn infant:

- a. the name of the newborn infant
 - b. the name and address of the parent placing the newborn infant
 - c. the location of the newborn infant's birthplace
 - d. information relative to the newborn infant's medical history
 - e. the infants biological family's medical history
 - f. any other information that might reasonably assist the department in determining the best interest of the child, including whether the parent or guardian plans on returning to seek future custody of the child.
- C. **Notify DCF.** Notification is accomplished by following the standard 51A process and filing a Mandated Reporter form. DCF will work with the officer to ensure that the child's needs are met and any subsequent transitions of care are coordinated. **Officers shall immediately contact the DCF at Risk Hotline for mandated Reporting 1-800-792-5200 and file the mandatory Abuse and Neglect Report 51A within 48 hours of making the oral report. [41.2.6]**

III. Abandonment of Infant under age 10

Per M.G.L. Ch. 119 Sec. 39: Whoever abandons an infant under the age of ten within or without any building, or, being its parent, or being under a legal duty to care for it, and having made a contract for its board or maintenance, absconds or fails to perform such contract, and for four weeks after such absconding or breach of his contract, if of sufficient physical and mental ability, neglects to visit or remove such infant or notify the department of his inability to support such infant, shall be punished by imprisonment in a jail or house of correction for not more than two years; or , if the infant dies by reason of such abandonment, by imprisonment in a jail or house of correction for not more than two and one half years or in the state prison for not more than five years. **[41.2.6]**

ANTI-HARASSMENT AND DISCRIMINATION

POLICY & PROCEDURE NO. 4.10	ISSUE DATE:
Policy to be issued upon BoS approval or 30 days after submission, if no BoS action taken	EFFECTIVE DATE:
	REVISION DATE:

Section 1. Intent

It is the goal of the Town of Boxborough (“Town”) and the Town of Boxborough Police Department (“Police Department”) to promote a professional work environment which is free of all forms of abuse or harassment and in which all of its employees are treated with respect and dignity.

Harassment is a form of behavior, prohibited by state and federal law, which adversely affects the employment relationship. Harassment of individuals, based on gender, sexual orientation, gender identity, race, color, religion, national origin, age, disability, military status, genetics, criminal record (inquiries only) or any other category protected under federal, state or local law, which occurs in the workplace or in other settings in which individuals of the Police Department may find themselves in connection to their employment, is unlawful and shall not be tolerated by the Town or the Police Department. The Town and Police Department also condemn and prohibit any form of harassment by any applicant, client, vendor or visitor. Further, any retaliation against an individual who has complained about harassment, or retaliation against individuals for cooperating with an investigation of a harassment

complaint, is similarly unlawful and shall also not be tolerated. Any individual found to have engaged in retaliation will be subject to disciplinary action, up to and including discharge.

Because the Town and Police Department takes all allegations of discrimination and harassment seriously, the Town and the Police Department will respond promptly to complaints of discrimination or harassment. If it is determined that inappropriate conduct has occurred, the Police Department and/or the Town will act without delay to eliminate the conduct and impose such corrective action as is necessary, including disciplinary action where appropriate, up to and including discharge.

It is important to note that while this policy sets forth the Police Department's goals of promoting a workplace that is free of discrimination and harassment, the policy is not designed or intended to limit the Police Department's authority to discipline or take remedial action for workplace conduct which the Police Department deems unacceptable, regardless of whether that conduct satisfies the definition of discrimination or harassment.

Section 2. Definition of Harassment

Harassment includes communicating, sharing or displaying written or visual material or making verbal comments that are demeaning or derogatory to a person because of his or her gender, sexual orientation, gender identity, race, color, religion, national origin, age, disability, military status, genetics, criminal records (inquiries only) or other category protected under federal, state or local law. It includes materials or comments intended as humor. Harassment does not refer to purely voluntary social activities. It refers to behavior that is not welcomed by the employee, that is personally offensive to him or her, and that undermines morale and /or interferes with the ability of the employee to work effectively. The use of Police Department facilities to disseminate, duplicate or display such materials is prohibited.

In Massachusetts, the legal definition for sexual harassment is: "sexual advances, requests for sexual favors, and verbal or physical conduct of a sexual

nature when:

- Submission to or rejection of such advances, requests or conduct is made either explicitly or implicitly a term or condition of employment or as a basis for employment decisions; or
- Such advances, requests, or conduct have the purpose or effect of unreasonably interfering with an individual's work performance by creating an intimidating, hostile, humiliating or sexually offensive work environment."

These definitions are broad and include any sexually oriented conduct, whether it is intended or not, by supervisors, employees and, in some instances, third parties, that is unwelcome and has the effect of creating a work place environment that is hostile, offensive, intimidating, or humiliating to male or female workers. Prohibited conduct also extends to any function or activity that is officially sponsored by the Town and the Police Department. While it is not possible to list all of the circumstances that may constitute sexual harassment, depending upon the totality of the facts, including the severity of the conduct and its pervasiveness, following is a list of situations that could constitute sexual harassment:

- Verbal abuse of sexual nature
- Use of sexually degrading words
- Jokes or language of sexual nature
- Conversation or gossip with sexual overtones
- Obscene or suggestive gestures or sounds
- Sexually-oriented teasing
- Verbal comments of a sexual nature about an individual's appearance or sexual terms used to describe an individual
- Inquiries into one's sexual experience
- Discussion of one's sexual activities
- Comments, jokes or threats directed at a person because of his/her sexual preference
- Unwelcome and repeated invitation (e.g., for lunch, dinner, drinks, dates, sexual relations)

- Demand for sexual favors accompanied by an implied or overt threat concerning an individual's employment status or promises of preferential treatment
- Physical contact such as touching, hugging, kissing, stroking, fondling, patting, pinching or repeated brushing up against one's body
- Deliberate bumping, cornering, mauling, grabbing
- Assaults, molestations or coerced sexual acts
- Posting or distributing sexually suggestive objects, pictures, cartoons or other materials
- Sexually-oriented letters or notes
- Sending offensive or discriminatory messages or materials through the use of electronic communications (e.g. electronic mail, including the Internet, voice mail and facsimile) which contain overt sexual language, sexual implications or innuendo, or comments that offensively address someone's sexual orientation
- Staring at parts of a person's body
- Sexually suggestive gestures, leering
- Condoning sexual harassment

Sexual harassment is not limited to prohibited behavior by a male employee toward a female employee and can occur in a variety of circumstances:

- A man as well as a woman may be the victim of sexual harassment, and a woman as well as a man may be the harasser
- The harasser does not have to be the victim's supervisor
- The victim does not have to be of the opposite sex from the harasser
- The victim does not have to be the person at whom the unwelcome sexual conduct is directed. The victim may be someone who is affected by the harassing conduct, even when it is directed toward another person, if the conduct creates an intimidating, hostile, or offensive working environment for the co-worker or interferes with the co-worker's work performance.

Section 3. Procedure

An employee who believes that he or she may have been the subject of, or who is aware of possible instances of discrimination or harassment prohibited by this policy, is urged to utilize this procedure as soon as possible after a perceived act of discrimination or harassment occurs, because prompt reporting allows the Police Department to investigate while the facts are still fresh and to take prompt corrective action, when appropriate.

The Police Department will handle the matter with as much confidentiality as possible under the circumstances and with due regard to the

rights and wishes of all parties, recognizing that there are many circumstances where complete confidentiality is not possible. Upon receipt of a complaint, the Police Department will promptly undertake an investigation and, when appropriate, corrective action.

a) Private Counseling Option

In addition to the right to file a complaint, the employee may also seek advice from the Chief of Police. He/she is available to discuss any concerns the employee may have and to provide information about the Police Department's policy on preventing discrimination and harassment and the complaint process. If the employee desires, the Chief of Police will work with the employee to find a way of resolving concerns in an informal manner acceptable to the employee and in a manner which would offer as much privacy and confidentiality as is possible. If this option does not resolve the complaint, the employee may proceed through the complaint procedure set forth in b) below. If the employee feels that it is not appropriate to contact the Chief of Police or is not comfortable doing so, the employee may also seek advice from the Town Administrator.

b) Filing a Complaint

If any Police Department employee believes that he or she has been subjected to discrimination or harassment, it is the Police Department's policy to provide the employee with the right to file a complaint with the Police Department. This may be done in writing or orally to the Affirmative Action Officer (AAO). The Chief of Police serves as the Affirmative Action Officer for the Police Department. If the Affirmative Action Officer is the offending party or if the employee feels that it is not appropriate to contact the Chief of Police or is not comfortable doing so, the employee may file a complaint in writing or orally with the Town Administrator.

When a complaint is received, the AAO will investigate the allegation in a fair and expeditious manner. The AAO's investigation may include a private interview with the person filing the complaint and with witnesses. The AAO will also interview the person alleged to have committed the harassment. The AAO may, if necessary, request written statements in addition to the private

interviews.

If the investigation reveals that discrimination or harassment did occur, the Police Department will act promptly to eliminate the offending conduct, and where it is appropriate, will also impose disciplinary action which could include termination from employment. In addition, when the investigation is completed, through formal or informal procedures and to the extent appropriate, the Police Department will inform the person filing the complaint and the alleged harasser of the results of that investigation, including allegations that have not been sustained.

Section 4. Disciplinary Action

If it has been determined that discrimination or harassment has been committed by an employee, the Police Department will take such action as is appropriate under the circumstances. Such actions may include: counseling, informal or formal reprimands, written or verbal warnings, suspension, reduction in pay, reduction in duties, transfers, and other formal sanctions including termination from employment. All disciplinary action shall be conducted pursuant to the provisions of a collective bargaining agreement for union personnel and the Personnel Administration Plan of the Town of Boxborough for non-union personnel.

Section 5. State and Federal Remedies

In addition to the above, if an employee believes that he or she has been subjected to discrimination or harassment, he or she may file a formal complaint with either or both of the government agencies listed below. In order to protect the charging party's rights, the employee must file a charge with the Massachusetts Commission against Discrimination (MCAD) within 300 days from the date of the alleged violation. A complaint under federal law should be filed with the United States Equal Employment Opportunity Commission (EEOC) within 180 days (300 days for sexual harassment) from the date of the alleged violation. If the charge is also covered by the Massachusetts

Commission against Discrimination (MCAD), the filing deadline may be extended to 300 days.

**2015 Report on
Regionalization of Police Services**

Regionalization of Police Services

Executive Summary

[Under Development]

Opportunities for regionalization, with the objectives and priorities...

DRAFT

Regionalization of Police Services

Increasingly tight budgets have caused municipalities to explore all possible avenues to reduce the workforce and related costs. At the same time, towns have statutory duties that, to be fulfilled, require them to employ staff, perform functions and maintain infrastructure. Faced with these circumstances, municipalities have little choice, but to explore regionalization and whether fewer employees devoting less time to their jobs can adequately meet their legal responsibilities, as well as maintain the service levels expected by taxpayers.

Local governments across the United States today are spending a lot more money on public safety than they did 25 years ago. According to the U.S. Department of Justice's Bureau of Justice Statistics, public expenditures on policing alone in the United States more than quadrupled between 1982 and 2006. This paper tries to create space for a careful conversation about the challenge of paying for public safety, the value or social price for the effect of policing and developing ideas that yield a sustainable strategy for paying for public safety in the future. Consideration here should support future conversations about restructuring services, reorganizing departments, and building new measures of the value of policing that the present financial crisis demands.

In June of 2015 the Massachusetts community of Boxborough held a joint meeting of its five member Board of Selectmen (BoS) and five member Finance Committee (FinCom). At this joint meeting it was proposed and agreed that the town should investigate the possibilities for regionalization of Police and Fire Services. It was further decided that Police and Fire Chiefs will be tasked with a basic investigation of the prospects for public safety regionalization, outlining the basic issues, pros and cons associated with each of the plausible partner towns, prospects for improving the efficiency of delivering public safety services, legislative issues, and issues requiring more in-depth investigation. The expectation is that this preliminary report would provide the BoS and FinCom with sufficient information to sensibly charge a consultant to investigate the opportunities for regionalization, with the objectives and priorities that will be required to really understand regionalization.

The Town of Boxborough, Massachusetts is located in Middlesex County on the northwestern corridor of Interstate 495, immediately surrounded by the towns of Harvard, Littleton, Acton, and Stow and approximately 30 miles northeast of Worcester, and 30 miles northwest of Boston. Boxborough's population is just below 5,000 people as of the 2010 US

Census. The majority of the town consists of a rural mix of farms and subdivisions, with limited commercial areas and a technology cluster anchored by Cisco Systems, Inc. along Interstate 495. Between 1970 and 2010, Boxborough tripled in population. It grew rapidly during the 1970s and 1990s, and grew relatively slowly during the 1980s and 2000s. Boxborough has generally grown faster than Middlesex County or Massachusetts, which have grown relatively slowly over the same time period (US Census).

Rising Personnel Costs as a Component of Public Safety Costs

In fiscal year 2016 Boxborough will spend in excess of 2.3 million dollars on public safety including police, fire and emergency communications. More than 2 million dollars alone will be spent salaries before considering the additional \$563,000 for health insurance, retirement and other benefits. Rising labor costs are a result of greater mobility among young staff and thus stiffer competition in the labor market exists. This may be a sign of greater uniformity and cohesion in the profession, but it inflates the price of service. Higher salaries are one reason for the increase in personnel costs. Another reason is the escalating price of benefits as they are the fastest growing component of the municipal budgets today.

Is the Boxborough Police Department over staffed? According to the Bureau of Justice Statistics, municipal police departments, which compose 98% of local police departments in the US, employed an average of 2.1 full-time officers per 1,000 residents in 2013. Boxborough with its 10 officers and 5,000 residents employs on average 2 full-time officers per 1,000.

The 2010 Census ranked Massachusetts 20th out of the 50 states, for its reported violent crimes (447 per 100,000 people or 22 per 5,000). Even by Massachusetts standards, Boxborough has a low crime rate that averages 7 to 10 violent crimes (rape, aggravated assaults) and 50 crimes of property (burglaries, larcenies, motor vehicle thefts) a year.

Boxborough's History of Regionalization

In Massachusetts, a state of stubbornly independent municipalities, Boxborough peacefully exists amongst its neighboring communities as a separate entity while sharing its educational system with Acton and it occasionally shares other resources in varying neighborly ways. The town of Boxborough has had a long standing regional relationship with the neighboring town of Acton with a shared middle and high school. In 2014 the two communities expanded their

educational collaboration by including Boxborough's only school (K-6) into the regional school district. This venture not come without its opposition who state "Regionalization efforts to save money often fall short of expectation and in most cases end up costing tax payers more" According to website called actonforum.com the plan to fully regionalize the Acton-Boxborough schools is costing Acton taxpayers an extra \$1 million per year for five years, and more thereafter, contrary to what Acton voters were told at the Special Town Meeting in June, 2013 at which the expanded region was approved.

In 2014 Boxborough partnered with it other neighboring community of Littleton to approach the need for a formal Animal Control Officer (ACO) position. The ACO based out of Boxborough responds to animal complaints, investigates animal bite reports and enforces local municipal law as it relates to licensing, leash control and rabies certificates. Operationally the program is a success but, since the ACO is an employee of Boxborough the health insurance and other benefit costs are weighing the monetary advantage to the town of Littleton. The regional ACO program will be near a net zero cost with adding another contagious community but, prosper with the addition of two or more communities.

Different people have varying workable definitions of regionalization. According to the Massachusetts Association of Regional Planning Agencies, the practice of regionalizing municipal activities can take many shapes and be executed at different scales in Massachusetts. Elemental activities can include simply sharing best practices and approaches, providing municipal services or lending spare equipment to another community. Regionalization can also involve more collaborative activities like jointly procuring goods or services to obtain economies of scale or advocating public policy changes. At a high level, regionalization can include collective contracting for municipal services to generate efficiencies and cost savings (www.regionalbestpractices.org).

Today, Boxborough collaborates with surrounding communities and has many regional affiliations that enhance the level of service town government can provide. These include, but are not limited to: Schools, Board of Health, Transportation, Housing, Economic Development, Homeland Security, Animal Control, and a Law Enforcement Council.

On several occasions Boxborough has formally studied the effectiveness of regionalizing its public safety communications center. In 2005 Municipal Resources, Inc. was engaged by Massachusetts Development, on behalf of the communities of Boxborough, Devens, Harvard and

Littleton, to review the current manner in which public safety communications are addressed in the towns, and to make recommendations relative to the feasibility of the development of a regional communication center.

Again, in 2010 Boxborough along with several other communities identified an operational advantage of collaborating with six regional towns (Wayland, Weston, Concord, Lincoln, Acton, and Boxborough) in starting up a regional Public Safety Answering Point (PSAP). To study the advantages and challenges of location, equipment, collective bargaining issues, policies, and other operational and strategic issues they applied for a Massachusetts Enhanced 911 grant to hire L.R. Kimball to guide them in answering these questions and preparing a plan of action. The objectives of this project were to identify the benefits and disadvantages of a regional dispatch approach; determine the feasibility of establishing a regional emergency communications center for the identified fire, police and EMS agencies within the eight municipalities; determine the feasibility of adding additional communities in the future; and to provide the necessary information to enable each of the communities to make an informed decision on its commitment towards developing and participating in a regionalized emergency dispatch and communications system.

And most recently, in 2012 Boxborough, on behalf of itself and Littleton, once again applied for financial assistance from the Commonwealth of Massachusetts State 911 Department's Regional Public Safety Answering Point (PSAP) and Regional Emergency Communications Center (RECC) Development Grant program and received an award of \$28,400. This financial assistance funded 100 per cent of the cost of this Feasibility Study. Webb Consulting Services, LLC of Canton, Massachusetts then was awarded the contract for this Feasibility Study.

The 2012 Feasibility Study also examines the possible addition to the RECC of one town in the same population range as Boxborough and Littleton, recognizing the economies of scale and fiscal benefit that might accrue to all three of the participating towns.

The 2008, 2010 and 2012 studies arrived at several common conclusions. First, the RECC staffed with multiple dispatchers should bring substantially enhanced emergency services to the communities. However, the RECC's main purpose is providing emergency-communications services, in the studied communities together 76 per cent of all calls now received are non-emergency and service related. Next, that the collaboration should include no less than three communities to be both operationally and fiscally feasible. Last, that the RECC would only be

financially feasible if grants could cover full funding of its one-time costs, mainly for millions of dollars in emergency-communications infrastructure and computer technology. Otherwise, the cost of the RECC would be much higher than what each Town now pays.

Meeting the Needs of Boxborough

One of the challenges for Boxborough Police is maintaining 24/7 coverage. To ensure officer safety, a minimum of two Boxborough officers should be on the streets at all times, even on the late night shifts. By the calculation of the state's Division of Local Services, each officer could be expected to miss 60 eight-hour shifts in the course of a year, due to holidays, vacations, sick-days, in-service training, and court duty. The FY16 Boxborough Police Department budget presented at in the May of 2015 Town Meeting reflects a similar calculation totaling 57 eight-hour shifts away from work. Given the small size of the Police Department it is often problematic to fill these shifts with full time staff. When this happens we often rely on reserve officers, but this is considered a second-best option. Some reservists are more experienced than others but, in general, they lack the training and professional experience of full-time police officers.

Police work in general has become more complex over the law few decades. Changes in the regulatory regime of policing, including more detailed rules governing the response to domestic violence and juvenile crimes, have made routine police work more complex and time-consuming. In addition, the proliferation of identity theft and new types of cyber-crime, along with new demands from the state and federal government, has compounded the complexity of police work. As a result, each individual officer today responds to fewer calls for service and requires more time to do so.

There has been an uncontrolled expansion in the demand for services, and with it a subtle and important shift in the mission and role of police officers. The Boxborough Police provides a high level of service and with that has become the social agency of first resort for every imaginable issue. We are happy to help in these cases but, the police are often ill equipped to successfully mitigate societal problems. Purely from a cost perspective, we should reexamine police processes to determine just what requires the armed authority of the state in people's living room.

Options for the Future

According to the Massachusetts Division for Local Services, there are, under state law, two ways for communities to regionalize police service. First, is to create a “regional police district,” a semi-autonomous government entity that would exist alongside, not under, the authority of its two (or more) member town governments. The district would be overseen by a regional commission comprising two representatives from each member town, appointed by the respective town selectmen. The commission would set the annual budget. The cost to each member community would set at a fixed amount in a formula developed by the commission. Similarly to other municipal assessments, Boxborough would have no right to veto or limit the assessment. Under this statute there are also strong employee protections. While the member communities are engaged in the merger process into the new semi-autonomous police district no staff position could be eliminated or downgraded in pay, seniority, grade, title, duties, or retirement benefits. This will reduce the immediate cost savings related to possible staff reductions. Also, the statute requires regional police districts to operate on a calendar year as opposed to fiscal calendar years. This would pose a significant budgetary and planning issue for Boxborough and other member communities. The DLS writes, “While the police district statute provides a legal framework for a merged police department, it is deficient in several ways so as to make it close to unworkable. In fact, to the best of our knowledge, this regional police statute has never been used by any communities in the state.”

The second available option to share police services is to create an agreement. This will be a heavy task as member communities will need to anticipate and negotiate all aspects of merger however; it will give the communities the most flexibility. The DLS writes “As a practical matter, agreements are of three types. Under a formal contract, one town agrees to provide a service, typically performed by an individual, to another for an agreed upon price. Under a joint service agreement, each town shares the cost to finance and deliver a range of departmental type services. Service exchange agreements involve a commitment by each participating community to provide a defined service, as needed or requested, with no payment for costs.” Under the terms of a joint inter-municipal agreement (IMA) the member communities in which they could reduce their workforce and reorganize them as they see fit as long as it is negotiated with the respective labor unions. The statute explicitly states that IMA’s do not void existing collective bargaining agreements. The IMA will need to spell out the terms of oversight as one town will

have to oversee the others who contact the police services. From my perspective, in a state of stubbornly independent municipalities it would be impressive to see two or more communities relinquish local control over their police force to another town.

A merger of police departments will have significant upfront costs. There would need to be a standard set of equipment issued to "The Department" and its officers. Vehicles, uniforms and weapons and all other tools of the job must fall under one standard. Union contracts, rules, regulations and policies will need to be reconciled. The records management system and computer aided dispatch software will need to be merged with the parent community. All of these issues bring additional costs including added training of personnel.

Any merger discussions will have to start with the four contiguous communities that surround us. The Towns of Acton, Littleton, Harvard and Stow all have similar characteristics to Boxborough. Acton, Boxborough and Stow fall under the Middlesex County and jurisdiction of the Middlesex County District Attorney. The town of Harvard is in Worcester County and falls under the Clinton District Court. There would need to be a special investigation into the issues that would arise from a police department divided by county. The Towns of Acton and Stow fall under the Concord District Court system while Boxborough and Littleton fall under the Ayer District Court's jurisdiction.

From a jurisdictional viewpoint the most likely candidate for merger discussions would be the Town of Littleton then possibly branching out to the towns of Groton and/or Westford who are all in Middlesex County served by the Ayer District Court. Each of these towns, including Boxborough, operates their police department in their own very unique way that is tailored to their respective communities needs and desires.

Boxborough has strived to focus its police force towards a strong service orientation versus heavy enforcement practices. Our Officers get deeply involved in their cases and have the pleasure of seeing them through to the end. Boxborough Officers have a personal connection with its residents and this is what attracts them to this community. This is not the case in busier departments in which the officers are jumping from call to call.

A multi-town merger of police forces would likely bring strong opposition from the State Police Union known as the State Police Association of Massachusetts (SPAM). Employing their own lobbyists, SPAM is the largest and most influential police labor union in the state. They have historically opposed any attempts to expand local police powers or jurisdictions.

If the county and court jurisdictional issues are solved, local control over the police department is relinquished, funding is allocated for the initial startup, and union negotiations are successful, there will likely be a conflict in community personalities, local connections and local control with any merger of departments. There will also be unforeseen obstacles such as staff resistance, community reaction and future funding hurdles for capital improvements.

Another more likely option would be for Boxborough to begin a carefully planned and executed merger strategy. I would recommend seizing opportunities to share a department head with a neighboring community as a first step. There would not be an immediate cost savings as command and supervisory staff would require realignment to satisfy the operational needs of both departments.

A shared department head would have the unique institutional knowledge of both communities and their respective public safety agencies. This position should be tasked with two major objectives moving forward. The first major objective would be to align department's policies, procedures, contracts, training and equipment using industry best standards and practices for the profession. The other task of the department head would be to analyze call volumes, historical data and trends from both departments to determine opportunities for operational efficiencies and financial effectiveness under a merger. These programming exercises will also make the departments efficient and compatible for successful future merger.

BOARD OF SELECTMEN
Meeting Minutes
October 19, 2015

APPROVED: _____

PRESENT: Vincent Amoroso, Chair; Susan Bak, Clerk; Les Fox, Member; and Jim Gorman, Member

ABSENT: Robert Stemple

ALSO PRESENT: Selina Shaw, Town Administrator, and Cheryl Mahoney, Department Assistant

The documents discussed herein have been included with the file copy of the agenda packet for the above-referenced date and are hereby incorporated by reference.

Chair Amoroso called the meeting to order at 7:02 PM in the Grange Meeting Room of Town Hall.

ANNOUNCEMENTS

Chair Amoroso read the announcements

PUBLIC HEARING

- At 7:09 PM, Chair Amoroso opened a public hearing to consider the removal of the street light from pole #2-2X, located in the vicinity of 575 Middle Road, behind the Boxborough Museum. A list of those present for this hearing is attached and incorporated by reference. Fire Chief Randolph White opened the discussion. One of the recommendations provided by the Public Safety Communications Committee (PSCC) was to remove this pole, which necessitated this hearing. The PSCC was created to investigate issues raised by neighbors about a proposed installation of a communication pole in this area. During PSCC discussions, neighbors suggested that this street light was a nuisance and they would like to see it removed. Neither this pole nor the attached light are necessary for the proposed communications project. Chief White went on to describe the communication improvements that could now be provided to the Museum as the communication project moves forward. The Selectmen provided their input. Chair Amoroso then invited public comments. John Yauckoes of 561 Middle Road opposed the removal of this light and sees no justification this action. Illuminating public buildings is the cornerstone of public safety. He walks the family's dogs at night and has seen cars in this lot that leave when he approaches the area. There may be suspicious activities occurring. Police Chief Warren Ryder, who had just arrived, responded to Mr. Yauckoes' concerns. There are several other Town-owned properties, such as Flerra Meadows and Steele Farm, that do not have illuminated lots. The Historical Commission supports the removal of this light and is working on installing motion sensor-activated lighting at the Museum. John Rosamond, 429 Hill Road and a PSCC member, noted that without exception, all of the other abutters that had provided input want this light removed. There was discussion as to what other security improvements were possible. As there was no further discussion, Chair Amoroso closed the hearing. Member Gorman moved to request Littleton Electric Light and Water Department to remove the street light from pole #2-2X, located in the vicinity of 575 Middle Road behind the Boxborough museum, as well as to remove the pole on which the light is situated. Seconded by Member Fox. **Approved 4-0.**

APPOINTMENTS

- Stefano Caprara was present to be considered for appointment as an alternate member on the Zoning Board of Appeals (ZBA). Caprara advised that he is an attorney with experience in real estate and contract law. Further to the recommendation of the ZBA Chairman, Chair Amoroso moved to appoint Stefano Caprara to serve as an alternate member on the Zoning Board of Appeals for a term commencing immediately and ending on June 30, 2016. Seconded by Member Bak. **Approved 4-0.**
- Personnel Board Chair Anne Canfield and Board members Hugh Fortmiller and Becky Neville were present to discuss their findings related to the job description for Department Assistant. Canfield thanked the Town's Department Assistants and their respective Department Heads/Board Chairs for their help in this review process. She referred to their October 19th Memorandum which was provided in the agenda packet. The Personnel Board was asked to consider a job description for a new proposed position, Department Administrator. As part of their investigation, they reviewed the current Department Assistant job description (approved in 2007); surveyed and interviewed six of the seven current Department Assistants, and spoke to their respective supervising Department Heads and/or Board Chairs. Based on the input received, they determined that the 2007 Department Assistant job description was pretty much on target for all of the Town's support positions, and they suggested just

some minor changes to make the document current. There was discussion as to certain tasks that some of the Selectmen felt were beyond the norm. Canfield referred to the memo to explain that the distinction is that Department Assistants do not implement directives, nor is executive decision-making involved in the responsibilities discussed. It was noted that personnel who had good communication with their supervisors and received consistent feedback seemed content with their responsibilities. There was discussion on the multi-level support position structure that existed prior to the 2005 consultant's evaluation. Canfield noted that, although these Department Assistants have varying skill levels and responsibilities, the pay grades are designed to compensate those that have more experience. Sticking with one defined support position allows the Town to maintain the integrity of its personnel structure. There was discussion about working environments at the various facilities. The Town Hall support staff are able to pitch in and provide cross-support to their co-workers. The DPW Department Assistant, however, does not have the same support, and her workspace at the DPW facility is a poor working environment that has extreme smells [i.e., fumes] and noise [i.e., heavy equipment], and it is, in actuality, a temporary structure erected many years ago that needs to be replaced. These conditions are detrimental and make the DPW Department Assistant's job very difficult, and these issues need to be addressed. There was a general discussion about the issues involved in renovating the DPW building. The Personnel Board was thanked for their input. It was determined that the proposed updates to the existing job description would be voted on at the next Selectmen's meeting.

- Police Chief Warren Ryder was present to review several proposed Police Department policies and procedures, namely the *Oath of Office, Code of Conduct: Non-Sworn Personnel, Mission Statement and Organizational Values, Disposal of Criminal Justice Information, Shift Briefing (Roll Call), Safe Haven Act, and Anti-Harassment and Discrimination*. The Department is in the process of reviewing their policies and procedures. During this re-assessment, it was determined that several policies needed to be put into place. These proposed policies were developed from Massachusetts General Law and from verbiage provided by various law enforcement sources. There was discussion regarding the purpose of some of the proposed policies. Revisions, both substantive and grammatical, were suggested by the Selectmen. It was noted that Town Counsel's input would be helpful on several items in these documents. Chief Ryder advised that he typically does not submit policies for Town Counsel's review; however, he can certainly do so. He further advised that he does have other draft policies pending. The Board determined that all of these pending draft policies should be forwarded to TA Shaw for submission to Town Counsel. The Selectmen will invite Chief Ryder back in to continue this discussion once Town Counsel have provided input.
- Police Chief Warren Ryder and Fire Chief Randolph T. White were present to update the Board on Public Safety Communications Upgrades. Chief Ryder gave background on the 2014 Town Meeting-approved project. At that time, the intent was to use microwave technology for direct communication; however, the PSCC recommendations will significantly reduce the broadcast pole's height, so microwave technology is no longer an option. The alternative is using fiber optics to link to the sites, which will now require work crews to lay this fiber along with the requisite police details. This would likely push the project over budget. Part of this project will also be the connecting the wide area network (WAN) to the Museum to provide internet and phone service to the building. Exterior work should be completed before the winter. If everything goes as planned, they might be able to hold off on deploying the proposed second phase, the installation of digital-ready systems. The Request for Bid Quotes has been published under Massachusetts State Contracts, with responses due after November 1. Generator specifications for the site are also out for bid.
- There were no Citizens' Concerns.

MINUTES

- Member Gorman moved to accept the minutes for the regular session, October 5, 2015, as revised. Seconded by Member Bak. **Approved 4-0.**

SELECTMEN REPORTS

- Member Fox reported that the Selectmen's input on the Draft Master Plan and Implementation Plan has been submitted to the Master Plan Update Committee (MPUC) and that the Board's input has generated additional discussions. The MPUC is meeting to review the collective feedback on Tuesday. He further noted that the previous Master Plan was a decent document; the failure seems to be due to the lack of follow-through.
- Member Bak reported that the Vocational Education Advisory Committee (VEAC) was very impressed by their tour of Minuteman Regional High School on Monday. The intention is now to tour Nashoba Valley Technical High School. The VEAC is meeting tomorrow morning (October 20).
- Chair Amoroso reported that he had heard back from some of our neighboring towns regarding the Minuteman building project. The Acton Selectmen support the project and a district-wide ballot. He will be participating with other member town selectmen in an upcoming meeting in Weston to discuss Minuteman issues. At this meeting, he intends to push for a straw poll on these

issues. The Minuteman School Committee (MMSA) has yet to vote on whether hold a district-wide vote, which requires two-thirds approval by the MMSA to pass.

- Member Gorman reported that he had received a complaint from a resident about the recent proliferation of temporary signs along Route 111. He will reach out to Building Inspector/Code Administration Officer (BICAO) Lindberg regarding this.

He also reported that they discussed the potential of alternative site(s) at their recent Space Needs Advisory Group (SNAG) meeting. Chief Ryder advised that they are awaiting additional information on this. It was also suggested that the DPW could eventually repurpose the Fire Station if an alternative site was secured.

Member Gorman also reported that the basic restoration work has been completed on the North Cemetery crypt(s), and the site is secured. Other areas of concern were identified during this project, but they can wait for now.

OLD BUSINESS

- The Board reviewed the proposed Carry-in Liquor Policy (BYOB). Chief Ryder remained for this discussion. Some of tonight's revisions were based on the input provided by Chief Ryder. He noted a BYOB policy should communicate to these license-holders that the Boxborough Police are there to provide assistance if they cannot manage an unruly patron. There was also discussion of the "re-sealed container, *aka doggie-bag*" regulation and further revisions to the proposed language. Chair Amoroso moved to approve the Carry-in Liquor Policy_rev2_101915, as further revised. Seconded by Member Gorman. **Approved 4-0.**
- BXBTV Video Production Supervisor Kirby Dolak was present to discuss cable coverage of other town boards. Dolak advised that this item was generated by the capital planning process, the Grange Meeting Room improvements, and the resulting infrastructure improvement discussions. Dolak reviewed the permutations under which BXB-TV currently broadcasts meetings. There are infrastructure and equipment updates, staffing requirements, and general renovations that would be needed to improve our broadcast capabilities. These items would need capital planning. He also noted the components that would be necessary if the Town chooses to broadcast other Boxborough meetings. At this time, Boxborough has chosen to broadcast only on its Government Channel and not to activate its other public access channel(s). The Selectmen noted that having On-Demand access for recorded meetings would be useful. It was suggested that input could be sought from the Town boards on this. Dolak spoke to his experience with Littleton's recording and broadcasting multiple Town meetings and where they are in their capital planning process regarding broadcast improvements. There was discussion about the variables involved in multi-meeting broadcasting, using various meeting sites, mobility issues, and levels of broadcast capability/quality. Dolak asked what is the Town's goal – to simply document meetings, or to create other alternate recording studio locations beyond the Grange Room. The Selectmen requested that Dolak develop cost perspectives. There was discussion as to what components would be considered essential in developing a proposal. Dolak suggested that an "equipment tier" structure for any proposal would be the most efficient.
- The Board took up the Acton-Boxborough Regional School Committee (ABRSC) request for the Selectmen to designate representatives to the ABRSC's newly formed School Capital and Space Planning Subcommittee, as presented by ABRSC member Maria Neyland at their October 5th meeting. Chair Amoroso moved to designate Finance Committee members Gary Kushner and Ted Kail to serve on the Acton-Boxborough Regional School Committee's School Capital and Space Planning Subcommittee. Seconded by Member Bak. **Approved 4-0.**

NEW BUSINESS

- Member Fox moved to authorize Vincent M. Amoroso, Chair of the Boxborough Board of Selectmen, to designate Les Fox, Selectman and Metropolitan Area Planning Council (MAPC) representative, to vote in the Boston Region Metropolitan Planning Organization (MPO) elections being held at the MAPC Fall Council Meeting on October 29, 2015. Seconded by Member Bak. **Approved 4-0.**

CONCERNS OF THE BOARD

- The Chair recognized TA Shaw. She suggested that the Board eliminate their Nov. 30th meeting as it is unclear whether this third meeting date in November is still necessary. The Board decided to cancel their scheduled November 30th meeting.

EXECUTIVE SESSION

- At 8:57 PM, Chair Amoroso moved to adjourn to executive session in the Town Administrator's office to discuss strategy with respect to collective bargaining (MassCOP Local 200-Boxborough Police Officers) and to adjourn immediately thereafter. He further stated that to conduct such a session in an open meeting might have a detrimental effect on the bargaining position of the Board. Seconded by Member Bak. **Approved 4-0 by Roll Call: Fox "aye;" Bak "aye;" Gorman "aye;" and Amoroso "aye."**

Dear COA Board Members and Boxborough Board of Selectmen,

Thank you for the opportunity to serve as a COA Board Member. A very important board, working for the support of all Seniors in Boxborough.

Due to personal reasons, I must resign from the COA Board at this time.

It has been a pleasure to serve in this capacity and honor what you do in behalf of Boxborough Seniors!

Respectfully submitted,

Lauraine Harding

Subject: Re: Public Celebrations & Ceremonies Committee

Hi Selina,

My husband has accepted a job in North Carolina which means that we will be moving out of Boxborough in the near future. So, I'm afraid I have to resign my position on the Public Celebrations & Ceremonies Committee. I'm disappointed, but it can't be helped. Please let me know if I have to do anything other than inform you to officially resign. I've already let the committee know.

Regards,

Carla

I can make it but will have my girls with me. They might enjoy seeing the process as long as there are no restrictions on age at the BoS mtg. :-)

Declaration and Grant of Restrictive Covenants and Easements

This DECLARATION and GRANT is made this _____ day of _____, 2015 by Jefferson at Beaver Brook, LLC a Delaware limited liability company (“Grantor”) having a mailing address of c/o JPI, 600 E. Las Colinas Boulevard, Suite 1800, Irving, TX 75039.

WHEREAS, Grantor owns and holds the record title in fee simple in and to certain real property in Boxborough, Massachusetts, as referenced in a deed from Arturo J. Gutierrez, John A. Cataldo and William J. Eisen, Trustees of New Blue Hills Saugus Realty Trust, a Massachusetts nominee trust, created u/d/t dated October 7, 1987, and recorded with the Middlesex South Registry of Deeds in Book 19477, Page 164, as amended and by Arthur J. Gutierrez, Jr., Arturo J. Gutierrez and Gloria M. Gutierrez, Trustees of Boxborough Land Trust, a Massachusetts nominee trust, created u/d/t dated December 29, 1986, and recorded with said Deeds in Book 17743, Page 261, as amended, having a mailing address of c/o The Gutierrez Company, Burlington Office Park, One Wall Street, Burlington, Massachusetts 01803, dated September 4, 2015 and recorded with said Deeds in Book 66041, Page 307 (the “Property”);

Whereas, the Grantor’s agent or affiliate submitted an application to develop the Property in accordance with the provisions of Massachusetts General Laws Chapter 40B, Sections 21- 23 as a residential “Comprehensive Permit” development, and the Town of Boxborough (acting by and through its Zoning Board of Appeals) approved said application within decision dated April 18, 2008 (as amended, the “Comprehensive Permit”), and recorded with said Deeds in Book 52094, Page 94, the term of which has been extended to January 16, 2016, pursuant to the decision of the Board recorded with said Deeds in Book 64209, Page 302; and

Whereas, as a condition of approval of said Comprehensive Permit the Town of Boxborough (acting by and through its Zoning Board of Appeals) has required that certain designated portions of the property be reserved and maintained predominantly in a natural, scenic or open condition and/or for recreational and agricultural purposes; and

WHEREAS, Grantor wishes portions of the property to be reserved and maintained predominantly in a natural, scenic or open condition and/or for recreational and agricultural purposes;

NOW, THEREFORE, Grantor declares that the following described land shall be subject to and with the benefit of, and grants to the Town of Boxborough, acting by and through its Conservation Commission (the “Town”), the following covenants and restrictions:

1. The areas designated as:

- “Open Space A Area = 261,364 sq.ft. (6.000 Acres)” and
- “Open Space B Area = 275,375 sq. ft. (6.322 Acres)”

(hereinafter, the “Conservation Parcels”) all as shown on the plan of land entitled: “Easement Plan of Land in Boxborough Massachusetts,” dated October 26, 2015, prepared by Vanasse Hangen Brustlin, Inc. for TDI Real Estate Acquisition, LLC and recorded herewith (hereinafter, the “Conservation Plan”);

2. Also, that area designated as:

“Open Space C Area = 684,142 sq. ft. (15.706 Acres)”

as shown on said Conservation Plan (hereinafter, the “Agricultural Parcel”, and, together with the Conservation Parcels, the “Subject Parcels”);

are hereby made subject to the following restrictions (the “Restrictions”) which are imposed pursuant to conditions contained within said Comprehensive Permit for the benefit of the Town and for the remaining land of Grantor, and which may be interpreted and enforced in accordance with such conditions.

(a) Unless otherwise specified herein, the Subject Parcels shall be used only for the following purposes: (1) The Conservation Parcels shall be kept in an open and undisturbed state and (2) the Agriculture Parcel shall be used for Agricultural purposes, and for purposes of this instrument “Agricultural” shall mean the use of land for the principal purpose of the commercial and/or domestic production of crops, fruit, dairy products, horses, cattle, sheep, goats, poultry, eggs, maple syrup products, or honey or any combination thereof, but not including piggeries or the raising of animals for fur, by the owners from time to time of the Property, their families, guests, and tenants, in accordance with rules and regulations promulgated by Grantor or by Grantor’s successors and assigns, and if not so used shall be maintained in a predominantly natural state and Grantor shall allow the general public to use the Agriculture Parcel, pursuant to any reasonable rules and regulations that Grantor may establish, for bird watching, nature study or other passive recreational uses, and horseback riding, which public access is hereby granted in accordance with Massachusetts General Laws Chapter 21, Section 17C. When not used for agricultural purposes, the Grantor shall keep the grasslands on said Agricultural Parcel mowed on a seasonal basis.

(b) No building, outdoor advertising display, mobile home, permanent utility pole or other temporary or permanent structure may be erected on the Subject Parcels other than trails, except within the Agriculture Parcel there shall be permitted buildings and improvements consistent with such Agricultural uses including fences, stables, barns and related out buildings and parking areas, pedestrian walkways, toolsheds, gardensheds, greenhouses, and structures incidental to the construction or maintenance and repair of such facilities. Unpaved parking areas shall be allowed on the Agriculture Parcel only to the extent required for Agricultural use of that parcel.

(c) Except as required in the construction, operation and/or maintenance of those facilities permitted by paragraph (b) above; (i) no soil, loam, peat, gravel, sand, rock or other mineral substance shall be added to or placed on the Subject Parcels; and (ii) no ash, refuse, trash, vehicle bodies or parts, rubbish, debris, building rubble, junk, waste, or other non-earth material shall be placed, parked, stored or dumped on the Subject Parcels; (iii) no loams, peat, sand, gravel, rock or other natural deposit shall be excavated or removed from the Subject Parcels; and (iv) no trees, grasses or other vegetation on the Subject Parcels shall be cut or removed or otherwise destroyed.

(d) No water shall be permitted to run off from paved areas in, near or bordering the Subject Parcels in such manner as would cause erosion and gulying.

(e) Notwithstanding the foregoing, Grantor shall have the right to plan, selectively cut or prune trees, brush or other vegetation; to implement disease prevention measures; and to maintain in perpetuity a substantial belt of tree, vine and shrub vegetation within the entire length and width of a strip of land situated within said Agriculture Parcel being fifty (50') feet wide and running along the entire length of the westerly boundary of the Agriculture Parcel, and otherwise maintain the Agriculture Parcel in accordance with recommendations for "Best Management Practices" as determined by the Massachusetts Commission for the Conservation of Soil, Water and Related Resources, or pursuant to other "Best Management Practices" determined by the Conservation Commission, from time to time.

(f) Grantor expressly reserves the right to install, maintain, repair, remove and relocate utilities (including potable water wells) and related appurtenances over, on and under the Subject Parcels for the purpose of providing utility services to the remaining land shown on the Plan in accordance with the Comprehensive Permit; and the right to grant easements over the Subject Parcels for such utility purposes, and it shall be the obligation of the Grantor to restore the premises as much of possible to their original condition following any such repair, installation or relocation. As used herein, the term "utilities" shall not include septic tanks and leaching fields serving individual dwelling units.

3. These Restrictions are required by said Comprehensive Permit and, as part of a common scheme for the proper and harmonious development of the Property, are intended to retain the Subject Parcels predominantly in their natural, scenic and open condition in order to protect the natural, agricultural and/or watershed resources of the Property, and shall remain in force and effect, subject to periodic extension(s) pursuant to MGL c. 184 §27(b)(2) as may be applicable, for as long as said Comprehensive Permit is a necessary prerequisite for the lawful use of a multi-family housing development (the "Project") on the Property. If Grantor or its successors and assigns, at any time in the future no longer is operating the Project on the Property pursuant to the Comprehensive Permit such that the rights, Restrictions and easements herein granted are no longer needed or required, then Grantor, its successors and assigns may request of the Town, its successors and assign, and the Town agrees to grant, a recordable release of all its rights,

title and interest in connection with the Restrictions and easements created by this instrument, except the perpetual trail easement as set forth herein. Grantor further acknowledges that said Restrictions, as they are held by the Town, constitute restrictions held by a governmental body, as those terms are defined in G.L. c.184, §26, and are thus not subject to G.L. c.184, §§27-30. Notwithstanding said acknowledgment, the Grantor, its successors and assigns, acknowledge that the Restrictions and related easements granted herein constitute a common scheme applicable to the Property as a whole, and irrevocably names the Town its attorney in fact to execute, acknowledge and record any instrument(s) the Town deems necessary or appropriate to continue to ensure the enforceability of the herein covenants and restrictions for further periods of twenty (20) years beyond thirty (30) years from the recording of the herein instrument, without notice other than that provided by the land recordation system. Except as otherwise expressly limited, the Restrictions and easements granted herein shall be perpetual or for the longest period allowed by law and in any event ninety-nine (99) years, and run with the land.

4. These Restrictions do not grant either to the Town or to the public any right to enter the Subject Property or areas subject thereto except as follows:

(a) Grantor grants to the Town a non-exclusive easement of access over the Subject Parcels for the purpose of inspecting same (subject to reasonable advance notice to Grantor), enforcing the foregoing restrictions and remedying, at its election, any violation thereof. The rights hereby granted shall be in addition to any other remedies available to the Town for the enforcement of the foregoing Restrictions. For purposes of enforcing the restrictions, access to the Subject Parcels (subject to reasonable advance notice to Grantor) is also hereby provided to the Town within a non-exclusive easement running within the entire forty five (45') foot \pm wide strip of land located between the northerly side of said "Open Space A (+ - 6.0 Acres)" and the southerly side or said "Open Space B (+ - 6.3 Acres)". The term of the easements granted hereby shall run concurrent with the Restrictions.

(b) Grantor hereby grants to the Town a perpetual non-exclusive easement for the purposes of the creation, maintenance and use of a trail to be used for public access and egress from dawn to dusk for passive recreational purposes on foot within those portions of the Property denoted at "Proposed 10' Wide Access Easement Area = 27,197 sq. ft. (0.624 Acres)" and "Proposed 10' Wide Access Easement Area = 2,102 sq. ft. (0.048 Acres)" on the Conservation Plan (together, the "Trail Easement"). The Trail Easement is intended to be located predominantly outside of roadways and other areas on the Property open to regular vehicular use as shown on the sketch plan attached hereto as **Exhibit A**. In the event of any modifications to the roadways on the Property, the Trail Easement shall be relocated as necessary to preserve its location predominantly outside such areas (with the exception of pedestrian crossings). Such rights, easements, access and egress are hereby specifically created and granted in accordance with the provisions of Massachusetts General Laws Chapter 21, Section 17C. Grantor shall have the right upon the Town's written approval, such approval not be unreasonably withheld, to relocate all or any portion of the Trail Easement provided any such relocation is not

materially inconsistent with the exercise of the rights of the Town set forth herein. Grantor shall have no obligation to maintain the Trail Easement.

5. Violations. In case of any material violation of the continuing obligations of this Declaration, the Town will notify the Grantor of such violation and give the owner reasonable time, not to exceed thirty (30) days, to cure the violation and to enforce the restrictions, covenants and easements described herein. However, if the Grantor has commenced cure of the violation and diligently prosecutes such cure to completion, the thirty-day period shall be extended for such period of time as may be necessary for the Grantor to complete such cure. The Town may enforce compliance with the restrictions, covenants and easements described herein by any remedy permitted under applicable law, including the imposition of penalties and/or by seeking an action of injunctive relief before any court of competent jurisdiction and the Town shall be entitled to reimbursement from the Grantor of its reasonable costs, expenses and attorney's fees incurred to compel such cures of such violations.

6. The exercise by the Town of the rights and easements herein granted shall be at the sole risk of the Town, and Grantor shall have no responsibility or liability except for its own willful, wanton or reckless conduct. To the maximum extent permitted by law, the benefits of Massachusetts General Laws, Chapter 21, Section 17C shall be applicable to Grantor.

7. In the event any portion of the Property shall be taken by eminent domain, all awards payable on account thereof shall belong to the Grantor and the Town releases all rights therein or claims thereto.

8. The foregoing grant is made subject to all rights, easements, agreements, covenants, restrictions and other matters of record, if any, insofar as the same are now in force and applicable.

9. All rights and privileges herein granted, including all benefits and burdens, shall run with the land and shall be binding upon and inure to the benefit of the parties hereto, their respective heirs, executors, administrators, successors, assigns and legal representatives.

10. Grantor represents and warrants that it is the sole owner in fee simple absolute of the Property and has good and clear record title to the Property sufficient to impose and grant the rights and easements set forth herein. Grantor further warrants that there are no mortgages or other liens of record on the Property, except for those expressly and fully described below, if any, and that by their signatures attached hereto the holders of said mortgages and/or liens have agreed to hold such interests subject to the herein Declaration and Grant of Restrictive Covenants and Easements and agree that the rights and easements granted thereby shall have the same status, force and effect as though executed and recorded before the taking of such interest and further agree that said interests shall be subordinate to the herein Declaration and Grant. Grantor agrees to indemnify the Town for all reasonable costs of having to re-acquire the rights granted

herein should such rights be lost due to Grantor's failure to obtain the requisite subordinations.

For Grantor's title see deed dated September 4, 2015 and recorded with said Deeds in Book 66041, Page 307.

[signatures on following page]

WITNESS the execution hereof under seal as of the day and year first above written.
