

BOARD OF SELECTMEN
Meeting Minutes
February 11, 2015

Approved: March 9, 2015

PRESENT: Vincent Amoroso, Chair; Susan Bak, Member; Les Fox, Member; and Jim Gorman, Member

ABSENT: Robert Stemple, Clerk

ALSO PRESENT: Selina Shaw, Town Administrator

EXECUTIVE SESSION

- At 6:32 PM Chair Amoroso moved to convene in executive session in the Town Administrator's office to discuss strategy with respect to collective bargaining (all CBU's) and to reconvene in open session at 7:30 PM in the Grange Meeting Room to continue the regular business on the agenda. Seconded by Member Bak. **Approved 4-0 by Roll Call: Amoroso, aye; Fox, aye; Bak, aye; and Gorman, aye.** The Chair noted that open meeting may have a detrimental effect on the bargaining position of the Board.

Chair Amoroso re-convened the meeting at 7:34 P.M. in the Grange Meeting Room of the Town Hall.

ALSO PRESENT: Cheryl Mahoney, Department Assistant

The documents discussed herein have been included with the file copy of the agenda packet for the above referenced date and are hereby incorporated by reference.

ANNOUNCEMENTS

- Chair Amoroso read the announcements.
- As the signature of the Clerk of the Board of Selectmen will be required on documents this evening Chair Amoroso moved to appoint Member Gorman as Clerk Pro-tem for the purpose of executing the required documents. Seconded by Member Fox. **Approved 4-0.**

APPOINTMENTS

- Town Treasurer, Patrick McIntyre, was present to discuss an Issuance of Bonds; recommendations for an article for OPEB funding; disposition of foreclosed properties; to provide an update on the Town's tax title properties and to report on Town's FY 2016 health insurance premiums.
 - Treasurer McIntyre advised that the Town went out to bid for loan services last week. Morgan Stanley's response was the most attractive. He further noted that the rate being offered is primarily due to our high Standard & Poor's rating. Boxborough has received a triple A rating for this year. Member Fox moved to approve the awarding of Two Million Twenty Thousand Dollars (\$2,020,000) general obligation municipal purpose loan of 2015 bonds at a coupon rate of 3 % to Morgan Stanley & Co, LLC – New York, said bonds will be dated February 13, 2015 and will mature in February 2030. Seconded by Member Bak. **Approved 4-0.**
 - He noted that for the last few years it has been the Town's practice to place an OPEB trust fund funding article on the annual warrant and he recommends that we continue this practice for this year. Our commitment to funding this obligation is one reason we have maintained a superior S & P rating. McIntyre further noted that our fund management firm has offered to conduct an informational session on OPEB management. Further to the recommendation of the Town Treasurer, Member Fox moved to support an article on the Annual Town Meeting warrant to transfer \$100,000 to the OPEB Trust Fund. Seconded by Member Bak. **Approved 4-0.**
 - Treasurer McIntyre referred to the materials he provided as to the status of the Town's foreclosed properties and provided an update on tax title properties to give the Selectmen an idea as to the value of these properties and to consider what options are available to the Town. No action is required tonight, however a Town Meeting article may be needed to convey/dispose of some of these properties. Conservation Commission input will also be sought.

- He spoke to the information provided concerning the Town's FY 2016 health insurance premiums. Pharmaceuticals cost is the primary driver of these premium increases. He doesn't know if this is a trend or an aberration. The services being offered by the three providers are pretty much the same; however Fallon has been proactive in addressing these costs shifts which is reflected in a significantly lower increase. He would like to hold a health fair where these providers come and present to employees and Town employees can then make their own decision. He provided information on the communities that participate in the Minuteman Nashoba consortium.
- Chair Amoroso opened a Public Forum on the proposed Grange Meeting Room ("Grange") improvements and use of the Stage. The Selectmen are seeking input as to whether residents want to keep these areas unchanged or if they could support the renovating and reconfiguring of this space. BICAO David Lindberg, Town Clerk Markiewicz along with members of the public were present for this discussion. There are several concerns that have led the Town to consider this proposed renovation/reconfiguration. Chair Amoroso pointed out the improvements that have already been implemented to the Grange space. However, there are important items that still need to be addressed such as the deteriorated condition of the floor & ceiling and the need for energy efficient lighting. The disposition of the stage area will have an effect on this proposed work. Storage and office space are currently in short supply at Town Hall. The stage area was deemed to not be ADA compliant over 25 years ago so it can no longer be used by the public. This space is currently being used just for the storage and the stage curtain was opened to show what is being kept there. Town Clerk Markiewicz spoke to the state's record retention requirements and how climate controls are necessary to preserve paper documents. BICAO Lindberg provided a diagram illustrating the proposed reconfiguration. He noted that a similar renovation was proposed 10 years ago, but it didn't go anywhere. Markiewicz noted that as Town Clerk she is responsible for managing the elections, which take place here in the Grange. The traffic flow pattern that she currently utilizes for elections is inefficient, congested and can be confusing. This re-configuration would greatly improve this flow pattern and eliminate the need for voters to queue up on the stairway. The proposed anteroom/reception area would also allow for seating while people wait to enter the Grange. This area would eliminate the background noise that bleeds into the Grange during meetings when people are speaking out in the hallway. There was discussion as to additional measures that could be used to improve election day flow patterns. The consensus was that the columns in the front of the stage should be preserved and that these proposed spaces have some sort of sound barrier. It was stated that the need for storage should not justify taking away the stage. Audience members spoke to the performance artifacts that they recall being stored on the stage, however the last performance took place before the east addition was constructed. It is a shame to eliminate the stage but based on what has been presented there is a need that must be met. It was suggested, that with the high ceilings, suspended shelving would an efficient use of the space. It was further suggested that the board table/dais be shifted to the northside of the room, to eliminate the distraction when people walk-in during a meeting. There was additional discussion on the renovations to Grange Room itself. Chair Amoroso closed the Forum and thanked those present for their input.

The Board took Agenda Items #5a and #6, out of order.

MINUTES

- Member Gorman moved to accept the minutes for the executive session of February 4, 2015, as written. Seconded by Member Bak. **Approved 4-0.**

SELECTMEN REPORTS

- Member Bak reported that the Personnel Board has held its outreach meetings with most of the town departments. Unfortunately DPW has had to re-schedule twice due to the snow. They are also looking at possible revisions to the Town's Personnel Plan; specifically to address recent changes to sick time allowances and the vacation time portion of the plan.
- Member Fox reported that the Master Plan Update Comm. is making progress and is providing productive input to the MAPC consultants. They are looking at having the update ready to present this fall.
- Chair Amoroso noted that he will save his report on Minuteman until Supt. Bouquillon's presentation later in the agenda.

He also reported that he toured the Town with Chief Ryder during the most recent of the storms and Member Gorman did the same with Chief White. The plows seem to be doing their job and people were staying off the roads. These are historic snowfall numbers and our snow & ice budget is going to take a hit.

- Member Gorman confirmed that he had done a "ride-around" with the Fire Chief.

He also reported that there were some concerns about plowing in a cul-de-sac but they have been resolved.

APPOINTMENTS (Continued)

- William (Bill) Caulder, JPI/TDI (formerly with the Gutierrez Company), and David Helms from JPI were present to provide an update on Jefferson at Beaver Brook, a 244-unit Chapter 40B housing development and to ask that Selectmen advise the MEPA of their support of this project. Town Planner Adam Duchesneau; Planning Board & Housing Board members and others were also present. Mr. Caulder advised that they intend to break ground later this year. They are looking to develop just 15 acres of this 65 acre site. He provided an overview of the changes that have taken place since this 40B development was originally approved in 2008. Most significant was is acquisition of this property from the Gutierrez Co. and his partnering with JPI. There have been some engineering and architectural revisions but nothing that that would impact the initial approval. Due to geo-survey results, they have re-configured parking, open-space and recreational areas. He provided information on well test results and the re-engineering of some well sites. He spoke to the required interactions with various governmental agencies and how these various processes interact. They are working with MEPA and the DEP to obtain approval for various aspects, including wells, and will be meeting with the ConsCom to provide them with this information. Soil testing has indicated there are some areas with measurable levels of contaminants. So, though these areas will be remediated, they have determined that gardening areas will not be available. They are working with MassDOT on configuring the access road from Route 111. They are working with the Fire Department on their fire suppression plan and roadway turning radius requirements. Mr. Helms advised that they are looking to incorporate rural aesthetics into the public areas. The clubhouse will now overlook the adjacent horse pasture and they intend on incorporating salvaged wood from the Ward barn into the public areas. Mr. Caulder clarified that this development is comprised of rental units only. They could realize 400-462 tenants and including approximately 45-55 children. Their demographic is across the board – seniors, singles, and families. He explained how Chapter 40B works; the state formula that determines their affordable unit rate; required percentage of affordable units and that they must have a qualified affordable housing rental agent. Mr. Caulder spoke to the management and security measures that will be in place. There was additional discussion as to preserving open space and the configuration of the access road. Mr. Caulder noted that they met with several town departments earlier today and based on this meeting they are optimistic about moving forward. Mr. Helms explained that the name of the development was revised because JPI's naming convention incorporates "Jefferson" into the name of all of their developments. It was confirmed that all of these units will count towards the Town's affordable housing inventory threshold. The purpose of the proposed letter presented tonight is to provide the MEPA with input from community stakeholders. Member Fox moved to submit a letter of support to the Executive Office of Energy and Environmental Affairs with respect to the developer's MEPA filing for Jefferson at Beaver Brook. Seconded by Member Bak. **Approved 4-0.** Chair Amoroso executed this letter.

- Minuteman Regional School District, Supt. Ed Bouquillon, and Asst. Supt. of Finance Kevin Mahoney were present to provide updates on the proposed amended regional agreement, budget and building project. Supt. Bouquillon spoke to their Powerpoint presentation. Minuteman's overall budget is up 0.9%, but he qualified these estimates with the caveat that the Governor has yet to issue his budget; bus transportation contract has not been finalized and the Teacher's contract is still under negotiation. He identified the significant items that have affected their FY 16 budget, including changes in various state regulations and funding structures. Boxborough currently has four high school and one post-graduate students enrolled at Minuteman. The current agreement calculates the operational portion of Boxborough's assessment charges on enrollment and the capital portion on a five student minimum. Boxborough is also assessed for the R.J. Grey Tech. Program. He provided information on Boxborough's enrollment history and the District's current, historic, projected, and in-district/out-of-district enrollment numbers. He also spoke to efforts to increase in-district enrollment. He presented an overview of Minuteman's new Educational Plan and the implementation of a Career Academy Model. Supt. Bouquillon provided background and the proposed timeline for the proposed MSBA project. Minuteman has been in the MSBA "pipeline" since 2009. MSBA needs a project approved by 2016, or Minuteman will be removed from the MSBA project list. A report that calculates the projected financial impact on the various project scenarios including one with no MSBA involvement was discussed at last week's Municipal Breakfast. First impact on a member town's capital assessment would be in 2020. He provided an update on the status of the revisions to the regional agreement. Supt. Bouquillon closed his presentation. Chair Amoroso reported that he had attended Friday's Municipal Breakfast and provided his perspective on those discussions and the materials presented tonight. There are issues with the enrollment ratios and that out-of-district communities pay less than member towns; citing information that these non-members contribute \$10,000 less towards operating costs. He further noted that out-of-district tuition is going down. Supt. Bouquillon clarified that though Minuteman receives DESE determined tuitions these sending towns are directly responsible for other educational costs, whereas for member town's these expenses are incorporated into the overall budget and proportioned through their assessment. He further noted that though the difference between student assessments and tuitions is a concern; confusion has been generated by faulty analysis and mis-information that has been circulated. He did confirm, that at this time, DESE does not allow Minuteman to seek capital contribution from out-of-district towns; however Minuteman is actively lobbying for a change in this policy. Chair Amoroso spoke to his continuing concerns as to the proposed revisions to the agreement, and that the larger member communities are the ones benefiting from these revisions. He reviewed the breakdown of 2014 Town Meeting votes and the actions taken here in Boxborough at the time. He opined that it is unlikely the District will receive remaining approvals this spring. Supt. Bouquillon concurred that it will be difficult. Chair Amoroso stated that the best thing to do for the health of the district is to build a new school, however, there are several towns, included Boxborough, that have declared they want to get out. He referred to his "Protocol for Simultaneously Adopting Amended Agreement and

Withdrawing” distributed this evening. He prepared this based on the input he received at Friday’s Municipal Breakfast. It proposes new conditions to the proposed revision as a stand-alone provision. Town Counsel has reviewed this proposal. There was discussion as to process and the timeline necessary to address this proposal. Supt. Bouquillon invited Chair Amoroso to submit this proposal to the Minuteman School Committee for consideration; however as Lincoln’s Town Meeting takes place in March it would be problematic to take this up in time for inclusion in the member towns’ Annual Town Meetings. The other Selectmen, FinCom member Neal Hesler and others provided their input. Supt. Bouquillon was asked to expand on the building project scenario costs estimates and the related development concerns. It has been communicated by at least one of the communities that they would not be interested in moving forward with the building project if the revised agreement is not ratified by all of the other towns. Supt. Bouquillon advised that the state provides the School District with the option of putting forth approval of the revisions on a districtwide popular ballot. There was additional discussion on the “Protocol” document presented tonight. Chair Amoroso would support holding a Special Town Meeting to present this proposal. Discussion turned to the Town’s withdrawal from the Minuteman District and what research has been conducted as to cost analysis and Town’s obligations if we leave. Chair Amoroso advised that this data was provided at last year’s Town Meeting and “apples to apples” numbers will be presented at the upcoming May Town Meeting. Withdrawal would not take away our ability to attend Minuteman. He has participated in the development of an IMA which would allow Boxborough to continue to send our students to Minuteman on tuition basis; allowing us to continue to provide Ch. 74 opportunities. There was discussion about the impact of incoming students testing below grade level. Supt. Bouquillon provided details on measures taken including an integrated Ed. Program and involvement of academic specialists, so that these students achieve at least grade level by the time they leave Minuteman. He responded to a request to expand on the efforts to increase in-district enrollment. Minuteman staff has created a 20 member team that is working with a consultant to address this and providing the means for prospective students and their families to connect with the Minuteman on a personal level; working to craft a plan which includes surveying applicants and seeking community feedback. Supt. Bouquillon also clarified that input from the students, college admission professionals, industry partners and others had an effect on the revisions to the Education Plan. It was noted that these issues need to be dealt and time is of the essence.

- Police Chief Warren Ryder, was present to continue a previous discuss on shift coverage. This situation has continued to evolve since he initially communicated his concerns. Based on the Selectmen’s feedback and subsequent discussions he has generated a follow up memo which presents several shift coverage options and the related financial impact. He spoke to the positives and negatives of each of the proposed options. The Chief reiterated that is situation was precipitated by having a Sergeant out due to injuries received in the fall of 2014. The Chief also stressed that he would have sought a discussion on 2-man shift coverage at some point even if this had not occurred. 2-man coverage provides the optimum level of safety for both his officers and the public. The Selectmen noted that they support 2-man shift coverage; however the fiscal realities have gotten in the way of implementation. The Chief outlined what would happen when the Sgt. comes back on duty and also how the Chief would proceed if the Sgt. has to retire due to his injuries. The Selectmen noted that the Chief has the authority to manage his staffing requirements including shift coverage, however if these determinations result in his going outside of his budget he should be seeking the Selectmen’s approval before that occurs. Chief Ryder advised currently he is managing shift staffing within his budget, however he will need a RFT to cover salaries for FY 15. At this point he does not know what this final amount will be. Chief Ryder confirmed that his proposed FY 16 budget reflects 2-man coverage for all shifts.
- Town Administrator, Selina Shaw reviewed the proposed FY 16 Town Government budgets. Members of the Finance Committee were present for this discussion. Debt is up 19% primarily to the due to bonding the Selectmen just approved. Overall Town Gov’t is up 17% and the primary driver for this is the re-alignment of the Technology budget’s funding source. In FY 15 technology related items were consolidated from the individual departments into one budget. . Also in previous years a large chunk of the funding came from the Town’s cable funds. Going forward it has been determined that technology expenses should be funded directly through the budget. There was also discussion as to how the Town intends to address its technology support needs going forward. It was noted that this will need to be discussed at greater length at some point. She went through the other Town Gov’t budgets by their number categories – speaking to those items that reflect a significant change. 100- General Gov’t is up because the BCC lease agreement provides for an increase for FY 16. 135 – Town Account is up because the Software Support previously under the Tax Collector (146) has been shifted into this budget resulting in \$1,800 in overall savings. 162 - Board of Registrars is down – one less election this year. 175 – Planning Bd. is up – MapGeo was underfunded in FY15. 192 – Town Hall is up just over 1% overall. Several lines have been significantly reduced or re-aligned. A-B Regional School District has restructured Table 6. Their numbers have adjusted down. ABRSD representatives will be coming to an upcoming meeting to review their budget and to explain their efforts to further reduce these numbers. We are currently working with Rev. 2 Draft Budget. Town Accountant Barrett anticipates no major revisions in Rev. 3.
- No one asked to speak under the Citizens concerns.

OLD BUSINESS

- It was determined there was no need for further discussion of the FY 16 Budget at this time.
- The Selectmen opened discussion on the 2015 Annual/Special Town Meeting and took up a request from Minuteman Regional School Committee to place an article on the Annual Town Meeting warrant regarding amendments to the Regional School Agreement. This is the same article that was submitted last year. It was noted that the Selectmen are also considering an article to withdraw from the Minuteman School District and that this would require just a majority not a 2/3rd vote. Further to the request of the Minuteman Regional School Committee, Chair Amoroso moved to place an article on the (Annual) Town Meeting warrant regarding amendments to the existing “Agreement with Respect to the Establishment of a Technical and Vocational Regional School District”. Seconded by Member Gorman. **Approved 4-0.**

NEW BUSINESS

- TA Shaw referred to her memorandum concerning the status of the Hammond Scholarship fund account. Further to the recommendation of the Town Administrator, Chair Amoroso moved, with regrets, not to award the Hammond Scholarship in 2015 due to the declining return on investments, which has been the source of funding for the Scholarship. Seconded by Member Gorman. **Approved 4-0.**
- The Selectmen took up the Chapter 90 Project Request for Flagg Hill Road, Pine Hill Road, and Stonehenge Place. Member Gorman moved that the Board of Selectmen votes to authorize the Public Works Director to submit to Mass. Department of Transportation a project request form for the reclamation and repaving of Flagg Hill Road, Pine Hill Road, Stonehenge Place as well as an environmental punch list for the project; further that the Board certifies under penalty of perjury the following: that the project is on a public way, and any necessary takings have been made; that all materials will comply with approved established specifications; that all weights and quantities will be accurate; that equipment rental rates are those established by MassDOT Highway or the advertised low bid; that all documentation will be checked for accuracy, and will be endorsed in accordance with municipal procedures for accountability. Seconded by Member Fox. **Approved 4-0.**
- TA Shaw opened a discussion on hanging banners across Massachusetts Avenue. This was precipitated with the Energy Commission asking to hang a banner across Mass. Ave. to publicize their Solar Forum. There have been similar discussions over the years on this but they never went anywhere. The surrounding communities have been doing it for years. TA Shaw has had initial discussions with Littleton Electric, and they are amenable to allowing the use of their poles, however it would be the Town’s responsibility for hanging these banners. She has not spoken to MassDOT however they have indicated in the past that they would not approve the hanging of items across Mass. Ave. She is requesting the Selectmen’s input and to see if they are would consider this type of usage. The Selectmen indicated this may be worth considering however they need more details before they make a decision and that a policy and clear procedures should be formalized before we allow this usage.
- Though not on the agenda the Selectmen took care of two “housekeeping” items which required the Selectmen signatures.
 - Amended Common Victuallar’s License - The owner of the Bumblebee Snack Shack has changed its name to the Bumblebee Pitstop. There is no change to the business’ operations.
 - Previously approved Amended CrossTownConnect IMA.

ADJOURN

- The meeting was adjourned at 10:55 PM.

RE: MEPA Filing for Jefferson at Beaver Brook, off Cunningham Road, Boxborough, MA

Dear Secretary Beaton,

Please accept this letter of support for Jefferson at Beaver Brook, the 244 unit Chapter 40B housing complex proposed by JPI/TDI Real Estate. The Town of Boxborough has been working closely with the proponent to aid them in bringing the project to fruition. Our Zoning Board unanimously approved the project back in 2008 and extended the permit again in 2014 with the Board of Selectmen's unanimous support.

While your agency is reviewing the environmental impacts of the project, please know that the Town, through the comprehensive permit process, has fully vetted the project and will continue to have an open flow of communication between the Town's Boards and department heads and the developer through final design review, construction and lease up of the project.

This project will help provide for the region's affordable housing needs and will further complement Boxborough's existing housing stock adding 182 new market rate apartment and 62 new affordable units with first class amenities.

The developer is diligently pursuing several required state permits for the construction of the project and is hoping for the project to break ground this summer or fall. Therefore, we request an expeditious review from your office so that the developer may continue with its regulatory review to bring this project to market. Please do not hesitate to reach out to our Board with any questions you may have. Thank you.

Sincerely,

Vincent M. Amoroso
Chairman, Boxborough Board of Selectmen

Special Appropriation Request: T.J. O'Grady Skate park expansion
Anticipated Cost: \$40,000.00

Please fill in the relevant information for your Special Article Request according to the following categories:

Current Information

1. Equipment or Building:
2. Maintenance to be Performed: The T.J. O'Grady Skate Park on Hayward Rd. in Acton is expanding to include a skate bowl which was part of the original design for initial construction and entering phase two of construction of the skate plaza. Phase two converts the barren 100' x 100' area remaining after the removal of the original Skate Park parking due to the construction of the Lower Fields driveway from Hayward Rd., Acton onto the Regional H.S. grounds. It provides an attractive formal entrance to the skate complex, a viewing area for onlooker and handicap accessible park amenities for Skate Park patrons. It features a world-class skating course around a bio-retention area.
3. Rationale for Maintenance: On November 21,1998, T.J. O'Grady, at 14 year old Boxborough resident was struck by a motor vehicle on Spencer Rd. and killed. He was the co-founder of the skate board club at Acton Boxborough Regional High School. The students who were involved with T.J. in the skate club started a grass roots movement to build a skate park and name it after T.J. in his memory. Back in 2004 (or 2005) our recreation commission came to the floor of town meeting requesting \$40,000.00 to aid in the construction of the skate park being built near the high school in T.J.'s memory. The Rec. Comm. had just returned over \$60,000.00 in funds that were not used for the construction of Liberty Fields. Unfortunately, town meeting refused funding a portion of the skate park so the Town of Acton put up \$210,000.00 to build a smaller version of the original plan since Boxborough did not assist in funding the project. Now the plan is to complete the original design (which included the skate bowl) and expand the park to also include a skating course. We would very much like to support the entire Acton / Boxborough community by supplying some of the funding for the expansion of the Skate Park.

Project Name: Skatepark Expansion – Phase 2, Skate Plaza

Project Location/Address: 66 Hayward Rd., Acton, MA

Amount Requested: \$160,000

Project Summary:

Estimated Date for Commencement of Project: August 2015

Estimated Date for Completion of Project: October 2015

The Natural Resources Department has recently approved the T.J. O'Grady Skate Park Expansion Design by Action Sports Design/Stantec, and a two-phased construction plan has emerged. Phase 1, the construction of a skate bowl, is being prepared to go out to bid. It was funded by a 2012 Town of Acton CPA Skate Bowl grant for \$210,000. This Phase 1 project included the construction of 11 parking spaces and infrastructure improvements for \$110,000 in the Lower Fields parking area, in tandem with the opening of the Lower Fields facility. The remaining funds will construct the skate bowl.

Phase 2, construction of the skate plaza, converts the barren 100' x 100' area remaining after the removal of the original Skate Park parking lot due to the construction of the Lower Fields driveway from Hayward Rd. onto the school grounds. It provides an attractive formal entrance to the skate complex, a viewing area for onlookers and handicap accessible park amenities for Skate Park and Lower Fields patrons. It features a world-class triangular skating course around a bio-retention area.

With the completion of Phase 1, the skate bowl installation, Phase 2 will complete the full expansion of the Skate Park, as designed by ASD/Stantec, a \$15,000 engineered design paid for with Recreation funds.

If the project is not funded, an incomplete town skateboarding facility next to ABRHS & FOLF's cutting edge Lower Fields facility will remain. This upgrade will bring our skate park to equal footing, in keeping with the Lower Fields, which shares the parking area with the Skate Park.

Cost Estimate for Skate Park Expansion Design from ASD/Stantec:

- 1,730 S.F Bowl Section - \$ 70,000 PHASE 1 - currently going out to bid
- 4,000 S.F. Plaza Section - \$160,000 PHASE 2 - applying for 2015 CPA funding

Leveraged funds: The Recreation Department paid for the \$15,000 overall design engineered by ASD/Stantec. In addition, Skate Park users have offered to fundraise and other stakeholders are being approached.

The Regional Agreement

A REVOLUTION IN LEARNING

Regional Agreement

- Where Do We Stand?
- Intermunicipal Agreements
- Impact
- Discussion

[28]

Protocol for Simultaneously Adopting Amended Agreement and Withdrawing

1) Each town that will have an article in this year's ATM Warrant asking if voters wish to withdraw from Minuteman Regional School District (**MM**) shall notify **MM**'s School Committee (**SC**) of that fact by (**TBD**) and request that the Town be named in the **Initial Procedure for Withdrawal** Section of the Proposed Amended Agreement as discussed below.

2) By (**TBD**) **SC** shall draft a 2015 Proposed Amended Agreement (**PA15**) and circulate it to each of the member towns for inclusion in the Warrants for their respective ATM's for 2015. **PA15** shall include all provisions of the Proposed Amended Agreement dated March 11, 2014 that was circulated for approval to the member towns at their 2014 ATM's (**PA14**), plus a new section entitled "**Initial Procedure for Withdrawal**" which shall include the following provisions:

a) A provision naming each of the member towns that has qualified ("**Qualifier**") by giving notice pursuant to paragraph 1 above;

b) A provision setting the date on which the **Initial Procedure for Withdrawal** shall expire and before which the Town Clerk of any **Qualifier** may certify to **MM** that, at Town Meeting, the voters of that Town voted by a simple majority to withdraw from **MM**. Any certification received after the **Initial Procedure for Withdrawal** expires shall be treated as a notice of desire to withdraw under the procedure set forth in **PA14**, Section IX;

c) A provision stipulating that a vote by any member town to adopt **PA15** constitutes approval by that member town of the withdrawal of any **Qualifier** that has complied with the provisions of the **Initial Procedure for Withdrawal**;

d) A provision stipulating that approval of **PA15** by the Commissioner of Education shall constitute approval by the Commissioner, in accordance with 603 CMR 41.03(2), of the withdrawal of any **Qualifier** that has complied with the provisions of the **Initial Procedure for Withdrawal**;

e) A provision stipulating that withdrawal of a **Qualifier** shall become effective on July 1 of the year following approval by the Commissioner of **PA15**;

f) A provision stipulating that a **Qualifier** departing pursuant to the provisions of the **Initial Procedure for Withdrawal** shall be subject to the Continuing Obligations After Withdrawal set forth in **PA14**, Section IX (B).

3) Each member town shall include in its 2015 ATM Warrant an article asking if voters approve:

a) **PA14**, (unless already approved by that town), and

b) **PA15**.

4) Each **Qualifier** shall include in its 2015 ATM Warrant an article asking if voters approve:

a) Giving notice to **MM** of its desire to withdraw pursuant to the **Initial Procedure for Withdrawal**,

b) **PA14**, (unless already approved by that town), and

c) **PA15**.

ADMINISTRATION

Memo

To: Board of Selectmen
From: Selina Shaw, Town Administrator
Date: February 9, 2015
Cc: Patrick McIntyre, Town Treasurer
Re: Hammond Scholarship

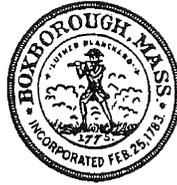

Since the 1990's, with the exception of the period 2004 – 2007, the town has awarded the John and Elsie Hammond Scholarship to a graduating senior at Acton-Boxborough Regional High School who is a Boxborough resident and graduate of the Blanchard School. The Scholarship has been funded by the interest income on a \$20,000 trust fund that was established in the memory of the Hammonds.

Through 2003, the scholarship was awarded in the amount of \$1,200. In 2008, after a four-year hiatus in the mid 2000's, the expendable portion of the fund had been sufficiently replenished to resume funding the award at the \$1,200 level through 2011. However, in 2012, again hit by declining investment income, we decreased the award from \$1,200 to \$750. Once again, we are faced with a decreased expendable balance; currently only \$241 is available.

I respectfully request that the Selectmen consider holding off on awarding the scholarship this year, allowing the fund an opportunity to be replenished for future awards. We will continue to monitor the balance in the account and provide a recommendation in future years as appropriate.

The Town Treasurer will be available at your meeting on the 9th and would be happy to address any questions.

Thank you for your consideration of this matter.
