

BOARD OF SELECTMEN
Meeting Minutes
September 14, 2015

APPROVED: October 5, 2015

PRESENT: Vincent Amoroso, Chair; Susan Bak, Clerk; and Les Fox, Member

ABSENT: Jim Gorman and Robert Stemple

ALSO PRESENT: Selina Shaw, Town Administrator and Attorney Joseph Fair, Kopelman & Paige

EXECUTIVE SESSION

At 7:00 PM, Chair Amoroso moved to adjourn to executive session in the Town Administrator's Office to:

- a) conduct strategy session in preparation for negotiations with non-union personnel, and
- b) conduct contract negotiations with non-union personnel (tentative)

and to reconvene in open session in the Grange Meeting room to continue with the regular business on the agenda. It was noted that open meeting may have a detrimental effect on the bargaining position of the Board. Seconded by Member Bak. **Approved 3-0 by Roll Call vote – Fox “aye,” Bak “aye,” and Amoroso “aye.”**

Chair Amoroso re-convened the meeting at 7:51 P.M. in the Grange Meeting Room of the Town Hall.

ALSO PRESENT: Cheryl Mahoney, Department Assistant

The documents discussed herein have been included with the file copy of the agenda packet for the above referenced date and are hereby incorporated by reference.

ANNOUNCEMENTS

- The Board deferred the reading of the prepared announcements however Chair Amoroso did advise that tonight's regular session had been delayed so the Board could meet in Executive Session to discuss recent developments concerning Police Chief Ryder and to have discussed these concerns in open session could have had a detrimental effect on the bargaining position of the Town.

APPOINTMENTS

- Kevin Mahoney was present as a candidate for appointment as Temporary Constable. Further to the recommendation of the Town Clerk, Chair Amoroso moved to appoint Kevin Mahoney to serve as Temporary Constable for a term effective immediately and ending on May 16, 2016. Seconded by Member Bak. **Approved 3-0.**
- Mark White was present as a candidate for appointment to the Zoning Board of Appeals. White was thanked for his willingness to return to public service on a town board. Further to the recommendation of the ZBA Chair, Chair Amoroso moved to appoint Mark White to the Zoning Board of Appeals for a term effective immediately and ending on June 30, 2018. Seconded by Member Bak. **Approved 3-0.**
- Police Chief Warren Ryder was present to continue the discussion regarding his potential temporary appointment as Interim Police Chief in Townsend, MA. Members of the public were present for this discussion. Chair Amoroso provided background on the Chief's initial proposal, the Board's previous discussion on this and a summary of what has occurred subsequent to this initial discussion. Through this whole process the Selectmen's principal concern is to preserve what Boxborough contracted for. Based on the information Chief Ryder provided at their Aug. 31st meeting, the Selectmen voted to allow him to submit a proposal to Townsend for this position, and if the position was offered to him the Selectmen would then explore the terms under which he could undertake these additional responsibilities. The Chief agreed to this and even offered to execute a Memorandum of Understanding (MoU) with the Town of Boxborough if his proposal was accepted. Townsend has offered him the position of Interim Chief, so there now needs to be a discussion as to under what terms Boxborough would be willing to let him take on these additional responsibilities. There has also been a significant amount of communication received from residents on this and we are here tonight to discuss this input. The Selectmen discussed some of their concerns and those terms they feel must be negotiated; insuring that Boxborough's interests are protected while supporting the Chief's desire to participate in this endeavor.

Chief Ryder reiterated that Boxborough would always have priority and that he intends on fulfilling the terms of his existing contract with us. Chair Amoroso advised that there have been informal discussions with Townsend stakeholders and they are willing to consider a contract for just three months and formalize this and other terms with an Intermunicipal Agreement (IMA). There was an explanation of what an Intermunicipal Agreement is and how it would be used. The floor was opened for discussion. John Markiewicz asked to have the statement he previously submitted read into the record.

"I have thought about this request and think it's important to separate the Person (Warren Ryder) from the Position (Chief of Police for the Town of Boxborough).

The Person:

Warren is an excellent chief and well-respected in Town. As chair of the Master Plan Boxborough2030 Committee, I have appreciated his participation and valuable input.

The Position:

Per the current contract, the Chief of Police is a full-time position with the expectation of 24/7 availability. I interpret that to mean that there is an expectation of the chief that, in terms of public safety, Boxborough receives 100% mindshare.

The Concerns:

- Allowing the chief to serve as Interim Police Chief for the Town of Townsend has no tangible/measureable benefit to the Town of Boxborough*
- Loss of Chief's 24/7/365 mindshare focused on Boxborough's Public Safety*
- Potential overtime required by current police officers to cover for Chief's absence*
- Potential negative impact on future contract negotiations with other town employees*
- Less time for mentoring of new lieutenant*
- Expectations of the Town of the Town of Townsend for the Interim Position (see attached public document describing the Townsend position and expectations) Demonstrates the need for a legally binding agreement between ALL concerned parties. Boxborough, Townsend and Ryder.*

A vote to allow the current Chief to accept the interim position on Townsend creates many open issues which would need to be addressed to ensure that the taxpayers of Boxborough are getting the service they expect from the Chief of Police and that the public safety of the Town is in no way compromised."

He also provided some additional comments. Dave Follett inquired about Chief Ryder's career development path. Chief Ryder responded noting while he is, currently, pursuing his Masters degree. This "sharing" of responsibilities would be a great learning opportunity and a chance to gain greater knowledge. Follett state that this could be considered an experiment, which could help with the regionalization of emergency services. A small step like this could lead to making regionalization a reality. Also we could be in Townsend's position at some point. Phil Kicelemos asked about the make-up of the Townsend Police Dept., if the Chief use his Boxborough vehicle when he is working for Townsend, the possible need to be available to Townsend during the work day, and other concerns. Chair Amoroso advised that these and other concerns would be negotiated through an IMA. Karim Raad asked why the Town is considering this when there are incidents that have occurred here in Boxborough that still need to be resolved and cited an example. Participating in even a 20% "shareable" relationship is not practical for a Chief that is supposed to be on-call 24/7. If the Chief wants to move forward in his career we should let him go so he can. Mark White stated that he has supported Ryder throughout his career in town and as Police Chief. We have not been so lucky with Ryder's predecessors. White spoke about the difficulties in retaining qualified employees. An IMA would be the best way to protect Boxborough's interest. He supports the comments regarding regionalization. It's the only practical alternative for communities like ours going forward. This would be a test for "sharing" these services. Chair Amoroso provided background on some of the joint FinCom/Selectmen discussions that have taken place in recent months concerning possible regionalization of emergency services. Simon Bunyard noted that we are lucky to have this type of Chief and lofty goals he is setting for himself. This "sharing" scenario would have practical applications if we move forward with regionalization. Regionalization is the only path for a healthy fiscal future. Chief Ryder addressed concerns Bunyard raised about the time commitment necessary to fulfill responsibility in Townsend. Amy Burke stated that she does not believe this "sharing" proposal follows "best practices" principals. She cited the case of other Mass. towns that attempted to share a Chief which turned into a "fire storm." Townsend is not an adjoining town, not even close. Anne Canfield reiterated the positive statements previously voiced concerning the Chief and supports the concept of regionalization, but it is a long road until it could be a reality. There are several pressing and controversial matters that need the Chief's attention [i.e. the Communications Upgrade project and his proposed overtime compensation for the new Lt.] and we do not want the Chief to lose his focus. Maria Neyland did not like this initially however after speaking to the Chief she now supports this proposal for many of the reasons cited by White and Bunyard. Given our size we need to be flexible. IMAs work. Hugh Fortmiller does not believe the additional responsibilities will detract from the Chief's work for us. We should be proud that others have recognized our employee's expertise and supports Ryder's effort to expand his career. He does have concerns about how he will be able to manage instances if he not physically present and who would be "holding down the fort" when he is not there. Also Boxborough needs to clearly know the commitment regarding responsibilities and hours involved in the role of Townsend's Interim Chief. Chief Ryder addressed Al Murphy's concerns about Townsend's time constraint and need to get a lawful chief in place during negotiations. Townsend wants to know they have a candidate ready to be appointed as Interim Chief, however they are willing to wait and place their Lt. in command for a week while an IMA is negotiated. Chair Amoroso advised that, starting tomorrow, the

Selectmen will begin efforts to get an IMA worked out. Steve Ballard advised that FinCom has made its concerns clear. He feels this is a bad idea, there is no significant benefit for the Town. The only one that benefits is Ryder. There are many unanswered questions; what has been happening in Townsend, and Townsend's compensation to us, just to name a few. This is a matter of public safety. The Chief's attention will be divided. If the Chief wants to move on, let him. In response to Neal Hesler's query, Chair Amoroso confirmed that Town Counsel had been brought in on this and had even attended their earlier Executive Session. He further noted that the IMA would be negotiated in executive session. Dilip Subramanyam noted that at a recent Town Meeting we voted to bring Chief Ryder's compensation up to the market rate. He is now adequately compensated. He suggested an alternative - Chief Ryder take a three month leave of absence; putting the Lt. in charge. This would be a good test of the Chief's Succession Plan. With no more public comment Chair Amoroso acknowledged some of the other emails that the Selectmen received in the last few days, that shall be included in this meeting agenda packet, from: Deb Robinson, Rita Grossman, Selectman Gorman, Jay Bhatia, and Selectman Stemple. Chair Amoroso asked the Selectmen for closing comments. Selectman Fox noted that personally he feels that Chief Ryder is very qualified and this enterprise would build his credentials. Being a community that supports employee enrichment is an important position to take. Member Bak noted that the Town already actively supports professional development. Under his contract the Town even pays for it, as we do for his Masters program. Chair Amoroso closed by stating that the threshold concern is how to ensure Boxborough's interest. He thanked everyone for providing input.

- The Board passed over the follow-up discussion concerning the taxability of Fire Chief's vehicle use and will take it up on September 21st.
- There were no Citizens concerns.

OLD BUSINESS

- The Board took up the execution of an amendment to the Town's MoU with the ABRSD. ABRSD School Committee members, Brigid Bieber and Maria Neyland were present. This amendment is to formalize the services provided to the District by the Town. Chair Amoroso moved to authorize Vincent M. Amoroso, Chair of the Boxborough Board of Selectmen, to execute the "First Amendment to the May 22, 2014 Memorandum of Understanding between the Acton-Boxborough Regional School District and the Town of Boxborough". Seconded by Member Bak. **Approved 3-0.**

MINUTES

- Member Fox moved to accept the minutes for the Regular session, July 20, 2015, as revised. Seconded by Member Bak. **Approved 3-0.**

SELECTMEN REPORTS

- Chair Amoroso reported that, as the Town's new representative to the Minuteman Regional School Committee, he had attended a special meeting held to review the data from a survey done concerning the proposed building project. Polling results support the building of a new school and district wide vote. No votes were taken. The Minuteman School Committee will continue to study this in order to determine that best way to proceed. He also reported that he met with Minuteman Building Project and Dover's Minuteman Rep. Ford Spaulding to discuss ways to get more financial aid from state for this project and to communicate with the member towns' Selectmen about simultaneously amending the District agreement with revised withdrawal terms. He has begun to reach out to his fellow Select board members within the Minuteman District on this. He has also spoken to Senator Eldridge about bringing forward an action to increase the state's financial support for the building project.
- Member Bak reported that two potential applicants attended a recent Community Preservation Comm. meeting to receive informal feedback on their proposals. The Housing Board is considering a housing funding program which incorporates an educational component. BICAO Lindberg spoke about Grange Meeting Room renovations.
- Member Fox reported that the Affordable Housing Trustees met with our fund managers to review how the AHT funds are performing. These accounts are doing okay. The Trustees were also educated as to constraints put on some accounts and the latitude allowed for others.

OLD BUSINESS (Continued)

- Member Fox moved to authorize the submission of Chapter 90 Final Report and Reimbursement Request in the amount of \$520,364.64 for reclamation and paving of Flagg Hill Road, Pine Hill Road and Stonehenge Place and to certify conformance with applicable statutes and regulations. Seconded by Member Bak. **Approved 3-0.**

- As TA Shaw had left the room, discussion on Town Assessor Anderson's the final input on street address changes was tabled until she returned.
- Town Counsel has provided input and distributed. However, discussion of the Town's Performance evaluations process was tabled until the full board is present.
- Member Fox led a discussion of the Master Plan and Implementation Plan. He referred to Planner Ducheneau's cover note. The Selectmen were asked to provide feedback on all of the materials presented not just those items specifically identified as being under the Selectmen's purview.

NEW BUSINESS

- Chair Amoroso moved to accept with regrets and place on file the resignations, effective immediately, of Kathleen Smyers and Susie Allen from the Boxborough Well Being Committee. Seconded by Member Fox. **Approved 3-0.**
- The Board passed over discussion of the proposed meeting schedule and FY 17 budget timeline until the entire board is present and can participate in this discussion.

CORRESPONDENCE

- There was a brief discussion regarding the distribution of a letter from Minuteman School Supt. Ed Bouquillon.

OLD BUSINESS (Continued)

- Discussion was re-opened on the Town Assessor's street address changes proposal. TA Shaw referred to the Town Assessor's memorandum provided. Based on the input received Town Assessor, Ruth Anderson is rescinding her request to change street numbers/addresses that are not currently in compliance with the Town's Street Numbering Bylaw.

ANNOUNCEMENTS

- Chair Amoroso read the prepared announcements.

EXECUTIVE SESSION

- It was determined that an Executive Session was no longer necessary.

ADJOURN

- The meeting was adjourned at 9:48 PM.

Town of Boxborough
Follow-up Solutions to Implementation of
IRS Fringe Benefit Reporting Requirements
Regarding Fire Chief’s Personal Use of Town’s Unmarked Vehicle

Option 1:

Alter the vehicle to fit the description of Qualified Non-personal Use Vehicle by ensuring it is a “Clearly marked, through painted insignia or words, police, fire {or} public safety vehicle”

Option 2:

Enter the benefit amount as a one-time separate payroll transaction for the Fire Chief in the last payroll of the year. The lease value of the vehicle is calculated at \$10,750 per year, and the Chief estimates he uses the vehicle about 25% of the time for personal use (including commuting).

W-2 includes:

Box 1: Gross Income +\$2,500 Fringe Benefit	Box 2: Federal Taxes paid +\$441.11 tax on Benefit
Box 5: Gross Income +\$2,500 Fringe Benefit	Box 6: Medicare Taxes paid +\$36.25 tax on Benefit
Box 14: Gross Income +\$2,500 Fringe Benefit	Box 15: State Taxes paid +\$126.88 tax on Benefit
Box 12: \$2,500 Fringe Benefit reported	

Total taxes attributable to the Fringe Benefit, paid by the Chief = \$604.24

Option 3:

The town would provide additional compensation to the Chief as an amendment to the Chief’s contract as follows: a benefit amount of \$2,500 would be reported with the taxes withheld in a separate payroll transaction in the last payroll of the year. In the same transaction, the Chief would receive an additional \$750 in non-pensionable “bonus” as part of his regular compensation, which is enough to cover the sliding effect (gross-up) of the taxes.

W-2 includes:

Box 1: Gross Income +\$2,500 Fringe Benefit +\$750	Box 2: Federal Taxes paid +\$441.11 tax on Benefit +\$106 tax on taxes
Box 5: Gross Income +\$2,500 Fringe Benefit +\$750	Box 6: Medicare Taxes paid +\$36.25 tax on Benefit +\$9 tax on taxes
Box 14: Gross Income +\$2,500 Fringe Benefit +\$750	Box 15: State Taxes paid +\$126.88 tax on Benefit +\$30 tax on taxes
Box 12: \$2,500 Fringe Benefit reported; (Retirement gross does not include additional \$750)	

Total taxes attributable to the Fringe Benefit, paid by the Chief = \$604.24+\$145 (approx) which is “reimbursed” by the “bonus”

N.B. Year 1, we would start with the policy effective July 1, so we would start with ½ the cost because it is all reported on the Calendar year. All amounts in Option 2 & 3, would be calculated at 50%

Subject: ZBA Appointment for Selectmen's Meeting on 9/14

Hi Selina,

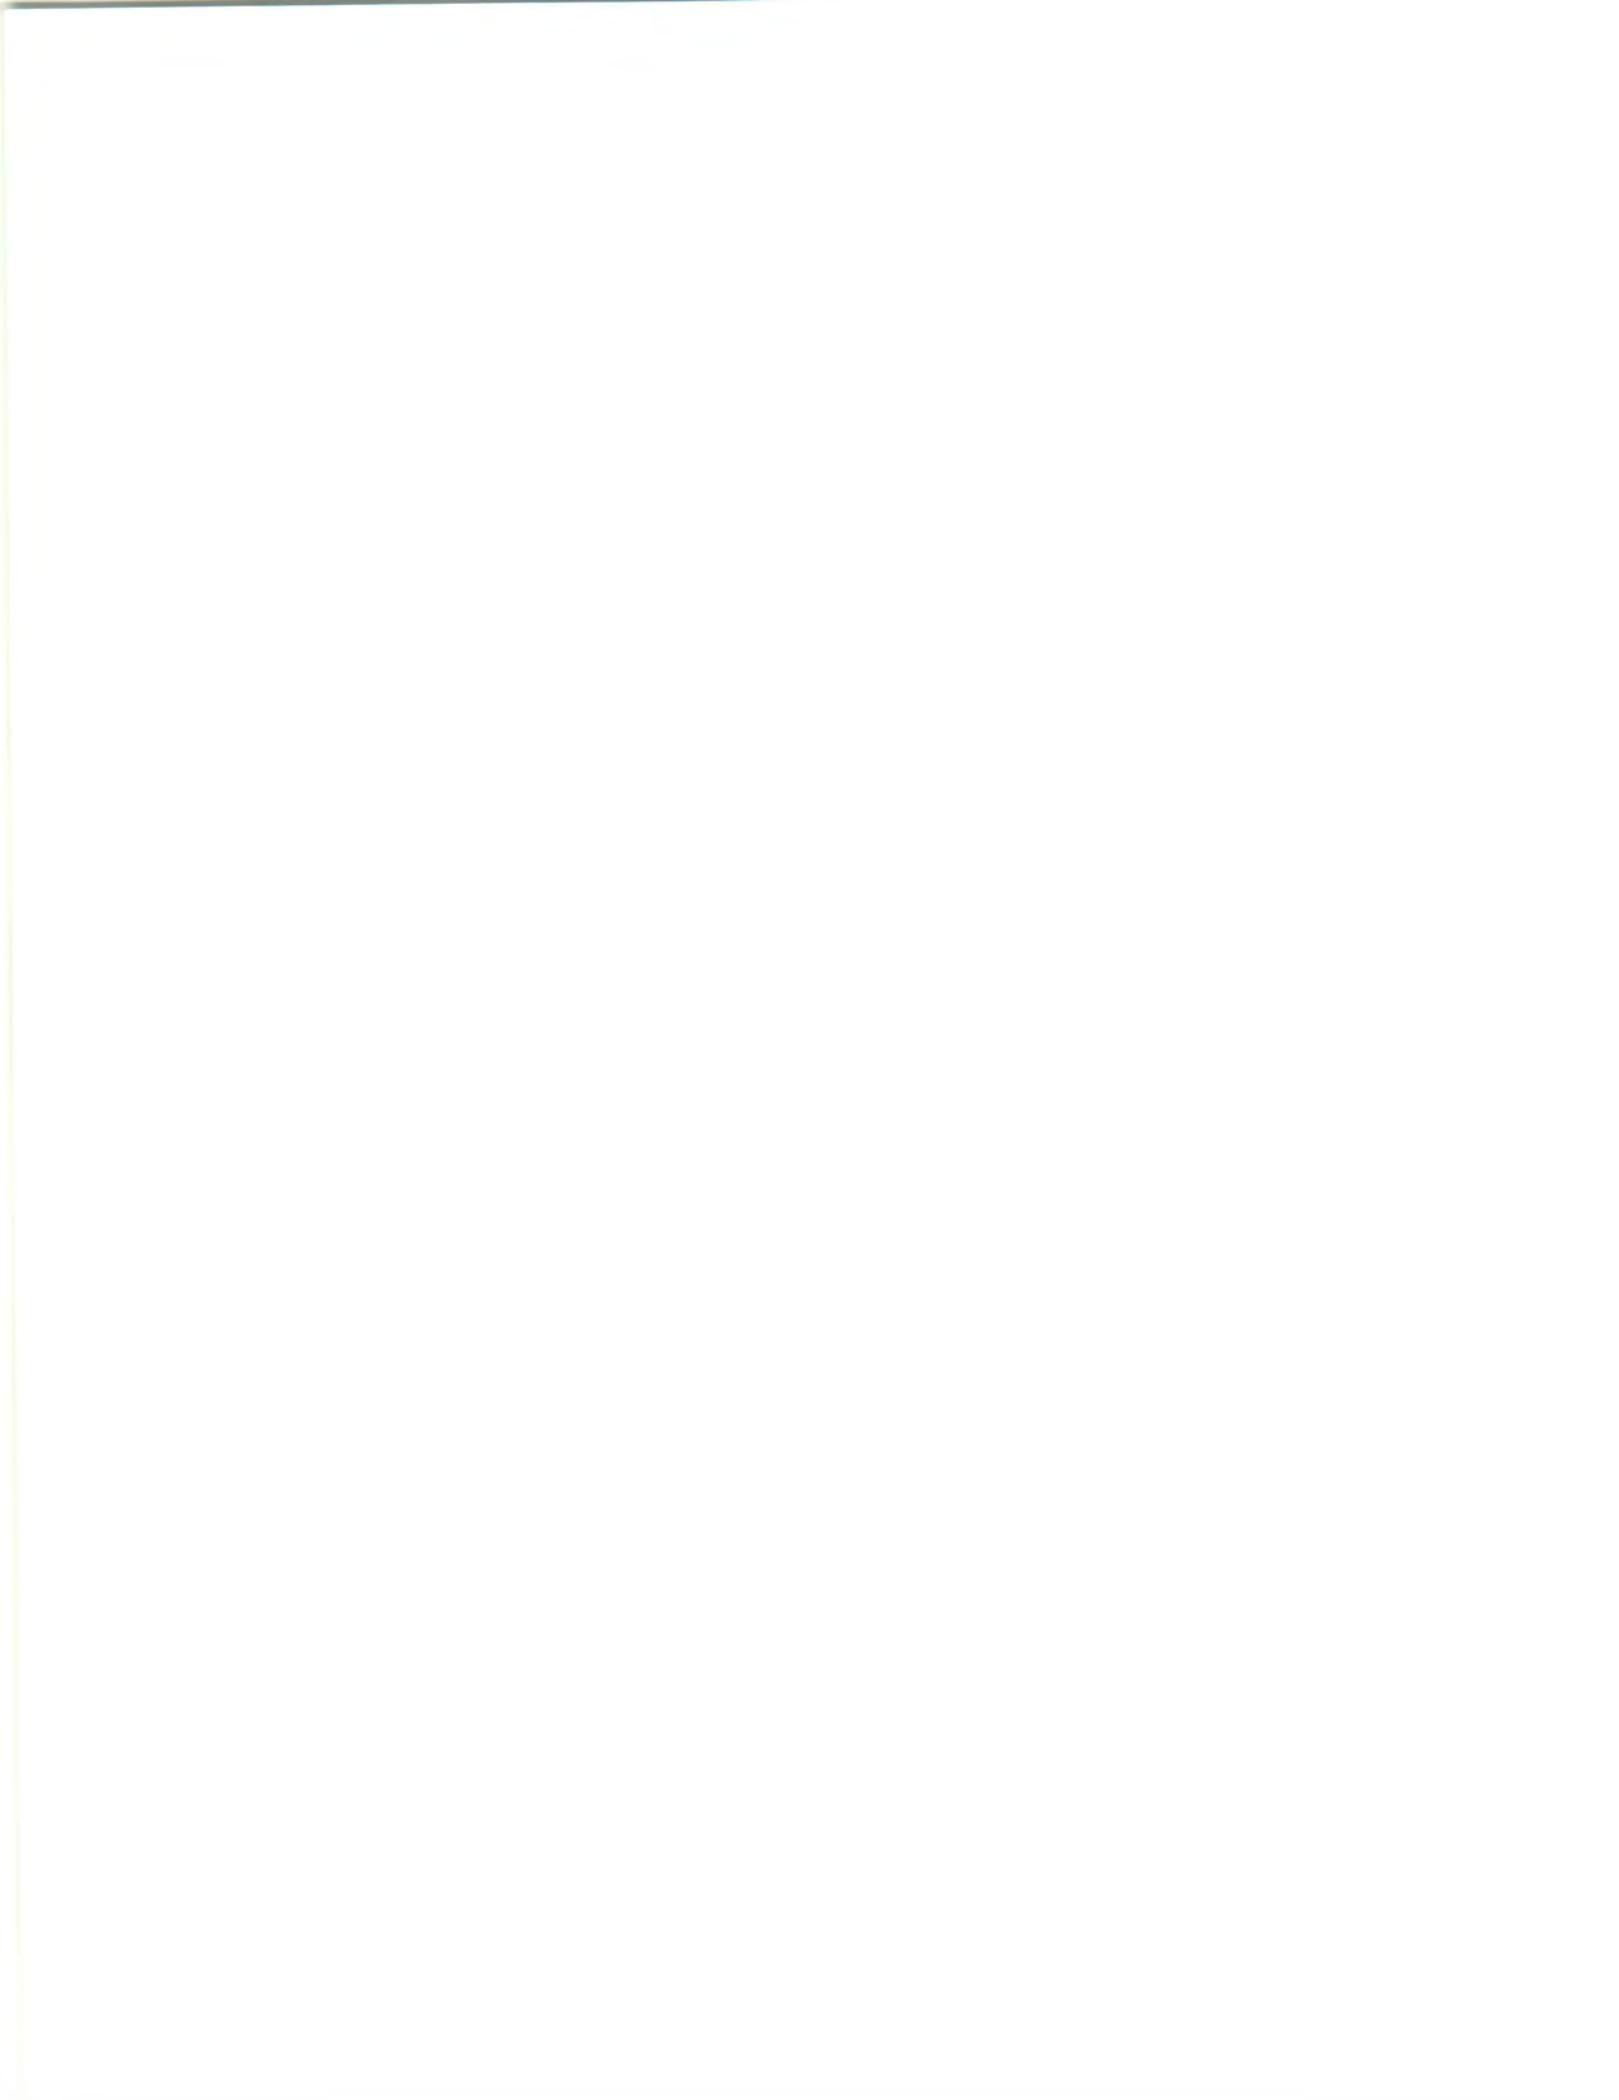

I just got off the phone with Zoning Board of Appeals Chair Tom Gorman and I informed him of Mark White's interest in joining the ZBA. Tom was supportive of Mark joining the Board, especially since the ZBA is currently operating with only four (4) full members, and recommends that Mark White be appointed to the ZBA by the Board of Selectmen.

I was wondering if we could add Mark White's appointment to the ZBA as an agenda item for the Board of Selectmen's meeting on Monday?

I have not yet reached out to Mark White on this matter but I will as soon as I know this item will be on the agenda. Please let me know when you have a chance. Thanks.

Dear Selina,

Please place this email in the BOS packet for their next scheduled meeting: September 14, 2015. I am requesting that you do this because I believe that our BOS needs to hear from tBoxborough's citizens before making a decision such as this that has the real potential to impact all of us in a negative way.

Re: Chief Ryder's proposal to serve as Interim Police Chief in Townsend
Date: September 10, 2015

I wish to express my deep reservations concerning Chief Ryder's intention of serving as Interim Police Chief in Townsend, while continuing in his role as Police Chief in Boxborough.

As a taxpayer in Boxborough, I see absolutely no advantage to our Town. In fact, I strongly believe that the voters in Boxborough—who expect their elected officials to consider them first when making decisions—will be short-changed if the BOS agrees to Chief Ryder's proposal.

While I understand that this is a "good opportunity" for the Chief to "grow professionally," in no way do I see this as a good opportunity for Boxborough—in fact, just the opposite. Boxborough's citizens deserve and need a full-time Chief of Police; and so, I am asking that in the best interest of those whom you represent, the BOS reject the Chief's proposal.

Subject: Internship in Townsend

Dear Selectmen,

I must say I am VERY interested & disappointed after reading the article in the Beacon this past week. As you probably know I am on the SNAG committee. I have grave concerns that the people of Boxborough will NOT be served properly & with attentiveness if Chief Ryder is allowed to do this internship.

He is only human & can't possibly (in my opinion) be in 2 places at once & raise a family at the same time. Not to mention work on the proposed new police station!

There are too many unanswered questions. I applaud Selectman Susan Bak for asking questions. I'm sorry she felt she had to abstain from the vote.

As Chief Ryder stated "The chances of a regional police district of four communities starting up in Massachusetts has never happened and is probably unlikely." This is an unnecessary position for us to put Chief Ryder in. The people of Boxborough deserve to be given ALL of our police chief's attention. We pay him good money to do that & to try to stretch oneself out this much is way too much.

I ask the Selectmen to reconsider this matter. I do NOT agree with them. I added up the hours the chief has stated he would give up on his own time & they don't match.

Thank you for your consideration on this matter.

Vince,

I received unsolicited an email raising two questions in regard to Warren's request. I spoke to the individual who wishes to remain anonymous, but authorized me to forward the text of the mail without attribution. This is an individual well-known in the community and whom I respect. They are personally in the "would like to know more" camp.

Feel free to forward this to the board.

---- extracted text of email ----

- Suppose Warren is on duty in Townsend and a true emergency arises in Boxborough. What would happen if there's a call to Warren to report to Boxborough to help guide the emergency response? As you know, the Chief's position is 24/7 and although a significant emergency is unlikely, we need to be prepared for one and Warren is a key player in such a situation. Would Warren leave Townsend and report to

Boxborough? If so, what would Townsend do? I think some clear answers to these questions would help a great deal in assessing this position.

- Secondly, is there any benefit to Boxborough from this arrangement? In particular, is there any financial benefit to the town for enabling this arrangement? It seems that the benefit accrues to both Townsend and to Warren. We experience a decrease in Warren's availability, at least to some extent and it seems there should be some sort of benefit to Boxborough. Is there any?

Folks,

I want to speak up about what appears to me to be a rush to judgment based on incomplete and in some cases erroneous information on Warren Ryder's proposal to take on a temporary role as chief in Townsend. I don't think the facts justify the very negative response this has received. It's my belief that, while not necessarily in Boxborough's interests, per se, what Ryder wants to do does us no harm either, and it is hard to justify denying him the opportunity.

I spoke with two selectmen and Ryder this morning, and this is what I have learned.

- The Beacon article seems to have been surprisingly accurate in its reporting, but you have to read it carefully. It would be easy to get the wrong impression if you just skim it.
- Townsend approached Ryder with an offer of the full-time chief's job at a salary of \$140,000, which is what the outgoing chief there is currently paid. This is a 17% increase over what Ryder is currently paid. He turned this down because he likes Boxborough. Only then did they ask him to head up their search process for their new chief, and to take on the interim part-time position.
- Boxborough has hardly been the benevolent employer some of us would like to think. The selectmen have had to fight hard to keep his salary from being at the bottom of the competitive range; he is currently paid in the lower third of the range, and that is for a chief that by any measure has done an outstanding job for this town. Townsend's offered salary would likely be

matched wherever he went, or even bettered. So it's not just an income supplement that is driving this, much as it would be understandable if it were.

- Ryder would NOT be reducing his hours in Boxborough, contrary to what has been presumed. He would work his hours in Townsend around his commitments here. He would still be available on-call as needed, just as he is if he is at home. What he does in his spare time is really not our concern.

This is a synopsis of what Ryder has sent the selectmen, and would form the basis of a memorandum of understanding with Townsend if it goes to that stage:

1. I have requested to perform additional outside employment away from my normal business hours or I may occasionally use earned time (vacation).
2. I will hold regular full time hours and will remain "on-call" 24 hours a day 7 days a week for the needs of Boxborough.
3. I will continue to satisfy my job requirements with Boxborough and I will respond to any needs of the Boxborough as priority before that of any outside employment.
4. Boxborough time, equipment and resources will not be used in conjunction with any outside employment.
5. Any outside employment will be conducted at my own risk and Boxborough will not be held responsible in any way.
6. I will notify the BoS prior to starting any outside employment and will provide monthly updates as to the status and expected duration of the employment.
7. And, any other terms or conditions that Boxborough desires.

I take Ryder at his word that his first priority will remain Boxborough, and the selectmen appear adamant that this be the case. Certainly the arrangement should be set up such that our selectmen can terminate the deal at any time if it appears a conflict exists. But let's not presume that it can't be done without a conflict when we have the adamant good-faith commitment from Ryder (and I presume from the Townsend selectmen also) that

there will not be a conflict.

Under these circumstances, it's hard for me to object to his request. If he wants to do something like this to supplement his income, that may be an indication of the need for us to pay more competitively. It amounts to some moonlight consulting, and how many of us have done something like that? More to the point, how would you feel if your employer prohibited you from doing this?

If I am wrong in any of this, please let me know.

Dear Selectmen,

I like & respect Warren Ryder, but I strongly oppose this idea of our police chief working as another town's police chief, even part-time, while he is our police chief.

His current job as our police chief is not a forty hour a week job. Working for us and for another town both jobs will suffer.

It's hard for me to fathom, that Townsend, has no officer qualified for this temporary position or that there was no plan in place, even though outgoing chief suddenly retired.

Townsend would turn to the state, or another place for help not by hiring someone that is suppose to be serving Boxborough 24/7. Their problems should not cause us difficulties.

For some time Chief Ryder seems to have a been given a blank check. The Selectmen are suppose to hold him accountable. As a taxpayer I oppose the Boxborough Police Chief acting as a police chief for another town.

Sincerely,
Kevin Mahoney

Subject: Request by the Boxborough Chief of Police to also serve as Interim Chief of Police in Townsend

I have thought about this request and think it's important to separate the Person (Warren Ryder) from the Position (Chief of Police for the Town of Boxborough).

The Person:

Warren is an excellent chief and well-respected in Town. As chair of the Master Plan Boxborough2030 Committee, I have appreciated his participation and valuable input.

The Position:

Per the current contract, the Chief of Police is a full-time position with the expectation of 24/7 availability. I interpret that to mean that there is an expectation of the chief that, in terms of public safety, Boxborough receives 100% mindshare.

The Concerns:

- Allowing the chief to serve as Interim Police Chief for the Town of Townsend has no tangible/ measurable benefit to the Town of Boxborough
- Loss of Chief's 24/7/365 mindshare focused on Boxborough's Public Safety
- Potential overtime required by current police officers to cover for Chief's absence
- Potential negative impact on future contract negotiations with other town employees
- Less time for mentoring of new lieutenant
- Expectations of the Town of the Town of Townsend for the Interim Position (see attached public document describing the Townsend position and expectations) Demonstrates the need for a legally binding agreement between ALL concerned parties. Boxborough, Townsend and Ryder.

A vote to allow the current Chief to accept the interim position on Townsend creates many open issues which would need to be addressed to ensure that the taxpayers of Boxborough are getting the service they expect from the Chief of Police and that the public safety of the Town is in no way compromised.

NOTICE OF POSITION OPENING

INTERIM CHIEF OF POLICE

The Town of Townsend seeks candidates for the position of Interim Chief of Police to serve until a permanent Chief is appointed. The position is governed by MGL chapter 41, section 97A. Position is appointed by and takes policy direction from the three-member Board of Selectmen and under administrative direction of the Town Administrator.

Compensation is subject to negotiation.

Responsibilities: Supervise and manage all aspects of the Police Department and Communications Center. Chief supervises thirteen (13) sworn officers, two clerical staff, four (4) full time telecommunicators, one (1) communications supervisor, and numerous part time police officers and telecommunicators.

Qualifications: Bachelor's degree in criminal justice, public administration, or related field; ten (10) years of command experience in law enforcement; or any equivalent combination of education and experience.

Must be able to work closely with the Town Administrator, other public safety officers, employees, and appointed and elected officials.

Applications shall be submitted to Andrew J. Sheehan, Town Administrator, 272 Main Street, Townsend, MA 01469 or by email asheehan@townsend.ma.us. AA/EOE.

Open until filled. Deadline for initial consideration is 11:00AM on September 8, 2015.

Saw the article in the Beacon. Which was actually well written and informative for a change.

After giving this consideration, I wanted to submit my opinion to the BOS.

There should be no reason why Ryder cannot take the part-time position on the limited basis as he described. Actually, it is no different than a Firefighter in a full-time position, being on call and taking another job/position/hobby to either enhance his/her income or interests. Or for that matter other positions in Town enjoying the freedoms to do the same.

I hope that the Town of Boxborough looks at this as a simple request and approve.

Subject: Re: Warren Ryder's Possible Townsend Role

Simon:

Thanks for your observations.

Like you, I have been reserving judgement regarding the "Beacon" story about Warren Ryder's proposal to help Townsend. I will attend the BoS meeting Monday to listen and to learn more.

At the same time, I appreciate your analysis of the "Beacon" piece; for the most part, I saw it as you did. Knowing that newspaper reporting can't always be taken as "fact," however, I think three questions need answers on Monday:

1. What has Townsend provided, verifiable or in writing, as a description of exactly what services Townsend expects, including hours, days of the week, and the end date of the contract?
2. How do Townsend's expectations fit or conflict with the Chief's job description and contract with Boxborough?
3. If Townsend's expectations and Boxborough's contract are not in conflict, what other objections need consideration?

I agree with you, Simon, that the test here has to do with the Chief's use of "personal time." For example, if he wanted to use "personal time" to take an outside, paying job to teach a community college seminar on public safety, would he even need BoS permission to do so?

I also had a brief conversation with Chief Ryder last week, and he reiterated his commitment to Boxborough and his "passion" for his profession. I believe him on both counts. I also believe the Town should continue to support the professional development of its employees, and I believe Boxborough should be proud of an employee capable of sharing his or her expertise with other towns.

I look forward to Monday's discussion.

Best wishes,

Hugh

In that I cannot attend the BoS meeting scheduled for this evening, September 14, 2015, these are my comments on the agenda item concerning Police Chief Warren Ryder's being chosen as the interim police chief of Townsend. Based on my perception of his performance for Boxborough, it is not surprising that he would be in demand. My concern is that the Town work towards a Memorandum of Understanding that anticipates an approach to resolve any conflicts, should they arise, during this time.

Although the amount of extracurricular activities currently accomplished by Chief Ryder are impressive, I'm concerned that an interim police chief position would be more demanding, and, could pose potential conflicts with his current responsibilities as Boxborough's police chief. A transparent, well-crafted MOU is in order that clarifies any potential financial impacts to the Town and how they will be handled, in addition to the managerial conflicts should they exist.

Subject: Tonights's Meeting

Folks,

I am sorry not to be able to make tonight's meeting, not only from the viewpoint that there may be some theater worthy of Pirandello or Beckett, according to the advance reviews, but also because we have some serious issues to discuss. But I will probably be winging over Boxborough just as you start.

My main objective in writing here is to make clear my view of the situation surrounding Warren's desire to assist Townsend as an interim Chief while they search for a permanent replacement. My reading of the various documents presented indicates to me that the Board has no basis to deny Warren the ability to seek other employments, as long as they do not interfere with his ability to execute the responsibilities of Boxborough's Police Chief. The Board does have the responsibility to evaluate whether or not Warren is providing the Town with services consistent with the expectations delineated in his contract. If and when the Board comes to a consensus that Warren is not meeting his responsibilities as Chief, we should seek corrective actions. I do not believe that the Board can determine a priori whether Warren can satisfactorily execute both the responsibilities of the Boxborough Chief, and the duties outlined by him with respect to the added responsibilities of assisting Townsend in their transition to a new Police Chief. I trust his judgement that he can perform both sets of responsibilities, as he knows better than any of us what they entail. I myself have worked 80(+) hours per week for periods of 3-6 months on large ICBM projects, where errors in detailed engineering calculations could have disastrous and fatal consequences. It is not what I would wish to do as a long term steady state, but for periods of months is both exhilarating and satisfying. Just as I do not believe we have the right to prohibit Warren from pursuing this additional work, so I do not believe anyone on the Board can accurately judge how difficult will be the multiple responsibilities. We have little or no insight into the actual job(s). To the argument that, if he takes on this additional work, we will not have 100% of his attention, I would argue that we do not in any event. He has a life outside the Boxborough Police Station, and is not an indentured servant of the Board. To the objection that there is public comment adverse to the notion of Warren seeking outside employment, those who know me will understand my reaction, and may perhaps agree that it is best I do not attend tonight in any event.

I do request that no final decision be made by the Board in this matter. This is not simply so I can be present, but perhaps also to allow a little bit of a cooling off period to ameliorate the hyperventilated atmosphere that has surrounded this question.

Subject: RE: Tonight's Meeting

Hello all from Wiscasset Maine.

So it appears, I will not be able to make tonight's highly anticipated Selectman meeting as well, due to car circumstances beyond my control. My comments are these, I now based beyond more data received, Do not support Boxborough's Police Chief taking on the role as Interim and any other term where he is "acting " as the police chief for Townsend. I do think he can act as a consultant, and on the search committee to find a new police chief for Townsend.

Bob

Dear Board of Selectperson,

I read a news article in Beacon last week re: our police chief seeking temporary (additional) position. I was dismayed and thought I should speak up and write (a first) to share my surprise and concerns with the board's decision to grant "initial indication of support".

Based on frequent interactions with Chief Ryder, I firmly believe that Warren is a very competent and capable chief. Since his induction as chief of our town PD, the ideas he has implemented and actions he has taken are exemplary and welcome. His outreach to the community at large are welcome change. Town of Boxborough is very fortunate to have him in this leadership position.

##

Reading the article it appears that several natural questions / concerns that could arise from a shared position were not discussed or addressed by the board. Questions such as:

- How can one person deal with two exigent and simultaneous situations in each town?
 - How will such priorities be assigned or catered to?
- How will the time be divided between two towns?
 - Regular office hours
 - After office hours
- What will be financial impact to the town of Boxborough?
 - Overtime?
 - Extra pay for subordinates?

 - Travel/commute costs?
- How will confidentiality be maintained?

To give background, I was part of the Boxborough Police Chief Regionalization Committee few years ago. The above very same concerns and several more were identified and discussed by the committee and in fact, what led to recommend against the idea of having a regional PD. If I remember right, BoS members actively supported, agreed and voted to abandon the idea. It seems that the proposed duties of dual role as proposed will have some of the same concerns that were brought up. However, I did not find any discussions that identified or addressed these concerns. I read that Ms. Bak abstained from voting citing "unknown parameters" so I think that these parameters are not even known to the BoS members in general and should be. I firmly believe that not just BoS but the residents should be made aware of the arrangements/plans that will quantify the above risks and plans to mitigate them. Only then can a fair assessment of the benefits that town and/or its resident will receive by moving forward with the shared position for interim period.

At this point, my concerns are that holding two separate positions as a police chief of two towns is unfair and untenable for anyone even including for accomplished and skilled person such as Mr. Ryder. Such shared position can put each town and its community at strain at minimum and in hazard in the worst case unless the plans clearly address these.

I hope that these will be identified, communicated and addressed quickly and effectively before situation causes harm to either town, its resident or even Mr. Ryder on his expectation or being let down of his expectations.

I am sorry that I could not be in attendance at the board meeting today as I am traveling to Seattle but I look forward to read about it or hear about it shortly. Our form of town government is what sets us apart where community identifies and resolves its issues to promote greater benefits to all.

Thanx and regards

Jay Bhatia

ANNOUNCEMENTS

Chair Amoroso read the announcements

APPOINTMENTS

- Town Treasurer, Patrick McIntyre and Town Accountant, Jennifer Barrett were present to discuss several matters.
 - Treasurer McIntyre reviewed the OPEB (*Other Post-Employment Benefits*) Report. This analysis considered many factors. The numbers are slightly down from last year but otherwise overall performance is status quo. Removing the Blanchard Teachers in FY 15 lead to a downturn, however the Town will incur some OPEB liability for them, eventually, when the A-B District's begins to fund its OPEB obligation. The Town has been proactive in this by regularly contributing to its OPEB Trust (\$100,000 annually). This has allowed us to realize a superior bond rating; putting us in good shape financially. McIntyre advised that the Town cannot use existing trust funds to cover the OPEB portion of our AB assessment when it is incurred. It was suggested that the Town look at possibly "splitting" this annual funding commitment (\$100,000), in the future, between the Town's existing OPEB trust fund and the OPEB portion in our A-B assessments when the District begins to fund this liability. The data on the District's OPEB liability will be requested so it can be incorporated into our FY 17 budget calculations. Our AB School Committee members should be tracking this.
 - Town Accountant Barrett reviewed FY 14 Audit Report and Management Letter. She clarified that this report pertains to the Fiscal Year that closed June 30, 2014 and that she took over as Town Accountant at the midway through FY 14. Overall this was a positive report. She spoke to the three action items that were identified. One is more of a concern than an action item and historically has appeared on our audit report every year. However, she is working on addressing it by "tightening-up" accounting processes for fluctuating, miscellaneous revenue. In FY 14 and much of FY 15 she undertook a lot of cleaning-up of accounts. Specifically, her efforts regarding Charter Accounts resulted in one of the other items cited, however this was a one-time occurrence and as these accounts are now aligned with requirements and best-practices the issue(s) cited by the auditor should not be repeated. Since the close of FY 14 the Finance Team is also developed a written process to address Fraud Risk Assessment and Disaster Recovery cited issues and work continues on the necessary infrastructure. Chief Ryder has been working with Guardian Technologies on this. Chief Ryder was present and provided his input, on current processes, such as him physically placing the back-up disc in the Town Hall safe on a monthly basis and recent improvements such as VADAR providing redundancy through "Cloud" technology. There was also discussion regarding changes to GASB requirements concerning pension liability and the logistics of tracking this data.
 - Town Accountant Barrett referred to her memorandum concerning the taxability of vehicle use and uniform reimbursement issues. There have been changes to federal tax codes that mainly deal with how the town needs to report on employee related item such as use of town vehicles and uniform allowances/reimbursement. This IRS has been targeting these accounting practices; auditing some communities. There was discussion of the Fire Chief's 24/7 use of the department's command vehicle as an example. It was noted that Police vehicles are exempt from this requirement. Under the new requirement 24/7 vehicle usage could be considered a benefit of his employment and therefore taxable. She reviewed the exceptions to this, including the marking it as a town vehicle and restricting the cab space to only two passengers. She has discussed this with Chief White. He feels it would be too expensive to retrofit the current vehicle. They have also discussed the potential tax liability and potential financial impact on him. Accountant Barrett was asked to determine whether this would affect an employee's gross tax liability. No action was taken concerning the use of town vehicles as it relates to federal income tax withholding at this time.

- Accountant Barrett reported that the IRS now deems that any garment that can be “adaptable” for civilian wear is deemed a benefit. This affects how the Town handles an employee’s clothing allowance. She has addressed this concern by implementing for FY 16 a practice that if “uniform” items are purchased by the town directly from a vendor it is covered. However, if an employee purchases an item then seeks reimbursement, that reimbursement is considered taxable. She had only three employee reimbursement requests since she implemented this.
- Police Chief Warren Ryder, was present to present to discuss several matters.
 - Police Chief Warren Ryder, was present a proposal to consider his temporary additional employment with another community. Townsend’s Police Chief will be retiring on September 15th and Ryder was approached about serving as their interim Police Chief. They have a police lieutenant but they are seeking someone from the outside to manage the department until they complete their search for a permanent Chief. There are other possible candidates for this position, such as retired Police Chiefs. Ryder would like the Selectmen’s approval before he proceeds to submit a proposal for the interim position. He would hold the title of Interim Chief, but it is his intention to serve in a capacity similar to a consultant; mentoring their lieutenant. His proposal is to work in Townsend 20-25 hours per week for three to six months. Ryder said this would not take away from his responsibilities as Boxborough’s full-time Police Chief and there would be no reduction in his hours here in Boxborough. His priority will still be to provide 24/7 coverage for Boxborough. He intends to work outside of his normal business hours to cover his time in Townsend, but may from time to time work alternate hours or use his earned time. He will also give up his outside road detail work, suspend work towards his Master’s degree as well as his time volunteering at his church. Ryder said that this additional employment would provide an excellent opportunity for him to grow professionally, to expand his knowledge and bring the experience back to Boxborough. He has said that he has already informed the Townsend stakeholders that he is not interested in the permanent position, and anticipates that he would assist in the selection process if retained. Ryder reported that the State Ethics Commission has issued a determination that there is no conflict as long as the respective duties don’t overlap. He will also be checking with the District Attorney’s office on the matter. The Selectmen noted that they would like to see something in writing memorializing the respective responsibilities and have Town Counsel’s input. Boxborough needs assurances that they will retain the services for which they contracted with the Chief. Questions were raised as to how this would be beneficial to Boxborough. Chair Amoroso said that he would like input from the Finance Committee on this matter. Ryder advised that he considers this a consulting position and most typically would work under a verbal agreement with the hiring community. He further noted that both towns retain the same town counsel. Ryder stated Boxborough would benefit by him having the opportunity to compare the management in the respective police departments. Member Fox stated that this experience could also be useful in the on-going discussion regarding potential regionalizing services. Ryder is seeking an indication of support from the Selectmen so that he may submit his proposal to Townsend. Ryder provided a rough estimate of time he currently commits to outside police details, his Master’s degree and his church. Concern was voiced that there were many open questions and a lack of sufficient details at this time to approve this request for support. Chair Amoroso moved to give an initial indication of support for Chief Ryder to proceed to submit a proposal subject to returning to this Board at a future date for final approval and the execution of a Memorandum of Understanding that would pertain in the event you [he] take on that other responsibility, said Memorandum of Understanding to be reviewed by counsel. Seconded by Member Stemple. **Approved 4-0-1 (Member Bak Abstained).**
 - Though not on the agenda, there was a brief discussion on the Chief Ryder and White’s summary investigation concerning regionalizing public safety services and changing public officials’ attitude towards regionalizing.
 - Chief Ryder provided input on rescinding the Exception to Weapons Possession (Policy on Prevention of Violence in the Workplace), which allows for weapons possession under specific conditions during the hunting season. Chief Ryder discussed the fall 2014 incident at a town facility referred to his memorandum. There was a review of the current exception policy – allowing for the possession on hunting weaponry during the fall/winter hunting season(s). There was also discussion on the statute that allows persons to lock a weapon in a vehicle when entering a public building and the 2nd Amendment. These policies only affect Town employees and Town facilities, not the general public. There is a very small group of employees that seek this exception annually. However, given the current climate if we can reduce the opportunity for violence to occur such as excluding the presence of weapons in the workplace we should. Further to the request of Police Chief Warren Ryder, Chair Amoroso moved to rescind the “Exception to Weapons Possession (Policy on Prevention of Violence in the Workplace), which was approved by the Board of Selectmen on October 16, 2006. Seconded by Member Stemple. **Approved 5-0.**
 - Though not on the agenda, Chief Ryder provided an update on violent incident that was in the news last week. Both victims are recovering and are back in Massachusetts. Two of his officers are flying out to Ohio to process alleged assailant and bring him back to the State. On a related matter, these officers had to personally front this expense and will need reimbursement. Chief Ryder proposed that the Selectmen consider obtaining a Town credit card to eliminate this issue. The Selectmen will ask the Town Accountant to look into this.
- Town Planner Adam Duchesneau was present to review the updates made to MassWorks Infrastructure Program Application packet for Route 111 Pedestrian Improvements and to ask that the Selectmen authorize its submission. He reviewed the status of

the various funding sources allocated for this project, if this grant application is approved. He also advised that JPI Development has made a significant contribution towards this project. The DPW Director, MassDOT engineers and the Town consultant have walked the proposed wetlands replication area. ConsCom will be an active participant also. At some point Duchesneau will be back seeking the Selectmen's authorization to create this replication area on municipal land. The packet needs to be submitted by this Friday and we should hear back sometime in November if we've been awarded a grant. Member Fox moved to authorize Vincent M. Amoroso, Chair of the Boxborough Board of Selectmen to: 1) submit the MassWorks Infrastructure Program Application for "Route 111 Sidewalk – Library to Liberty Square Road," and 2) submit a letter of support on behalf of the BoS; for the Board of Selectmen to accept state funding for the project, should an award for the project be made, and further, to authorize Adam Duchesneau, Town Planner to electronically submit the application on behalf of the Town. Seconded by Member Stemple. Approved 5-0.

- Citizens concerns – a resident was present but she did not have concerns.

MINUTES

- Member Fox moved to accept the minutes for the Regular session, August 17, 2015, as revised. Seconded by Member Bak. **Approved 5-0.**
- Member Fox moved to accept the minutes for the Executive session, August 17, 2015, as written. Seconded by Member Bak. **Approved 5-0.**

SELECTMEN REPORTS

- Member Gorman reported that he was at a site visit with the DPW and MassDOT Engineers to review the Hill Rd. infrastructure concerns, which is outlined for the Selectmen. Once these are rectified there will be a discussion as to actual paving.

He also reported that the Public Safety Communications Comm. is working on their recommendation. These discussions seem to be providing more clarity. There has been some additional surveying of abutters

- Chair Amoroso reported on Minuteman School District related activities. He will be taking over the responsibility of representing Boxborough on the Minuteman School Comm. effective tomorrow, Sept. 1. He has met with Vocational Education Study Comm. member Hugh Fortmiller to provide his input. The Study Group has made significant progress.
- Member Bak reported that the Vocational Education Advisory Comm. (VEAC) met last week and reviewed the efforts and tasks the Committee is addressing. They began with reviewing those vocational schools identified in the Sudbury report and subsequently included Monty Tech. in Fitchburg. They are working on outreach to: obtain copies of regional agreements for these districts, arrange to sit down with the District Supts., and developing survey questions for current and former students. They are also working on discerning the various districts' position on accepting Out-of-District tuitioned students - Waltham, Worcester & Lowell are not accepting them; what is the respective process for entering into a relationship with their District and how to do non-aligned communities handle obtaining vocational services. They have outlined these high points that now need to be developed. She asked that the Selectmen provide her with their questions /concerns going forward.
- Member Fox reported that he attended last week's Public Safety Building Committee (fka "SNAG") meeting. Member Gorman was unable to attend. The main exercise was to develop a comparative table for each facility. What is the space commitment for a function; what is the sought space for a function; what could be shared space and what are previously unrealized functions. The net end discussion was a space reduction of 13.5% of initial proposal. This illustrates that it will be difficult to significantly reduce the actual needed space. The next step is to refine numbers & the cost impact of the various elements, to determine if HTK should begin to develop conceptual plans and any other actions going forward. They will be meeting again in September.

OLD BUSINESS

- The Board passed over any action regarding performance evaluations as Chair Amoroso reported that Town Counsel is working on concerns he had communicated and Counsel input should be forth coming.
- The Board took up the ratification and execution of successor agreement between the Town and the Massachusetts Coalition of Police, Local 200A, Dispatch and the Town and Boxborough Professional Firefighters, Local 4601.
 - Member Fox moved to execute the successor agreement between the Town, acting by and through its Board of Selectmen and the Massachusetts Coalition of Police, MCOP Local 200A, Dispatch for the term July 1, 2015 – June 30, 2018. Seconded by Member Stemple. **Approved 5-0.**
 - Member Gorman moved to execute the successor agreement between the Town, acting by and through its Board of Selectmen and the Boxborough Professional Firefighters, Local 4601 for the term July 1, 2015 – June 30, 2018. Seconded by Chair Amoroso. **Approved 4-0-1 (Member Stemple abstained).**

- The Board passed over authorizing Chair Amoroso to sign the Community Compact this evening as he is going to be attending the Community Compact ceremony on Thursday, September 3rd, and signing at that time.

NEW BUSINESS

- The Board took up AccesSports' request for athletic field permit fee waiver for their fall season. As a non-profit organization AccesSports historically requests a waiver of fees when they apply for field usage and the Board routinely approves it. Member Bak moved to waive the athletic field permit fee for AccesSport America for the use of Liberty Field for their adaptive soccer games on Saturdays, September 19 and 26, October 3, 10, 17, and 24 and November 3 and 10. Seconded by Member Gorman.
Approved 5-0.

- Member Fox opened discussion on the Master Plan and Implementation Plan. This will be the first of many discussions. The Master Plan Update Comm. has essentially finished its main task; developing a working draft. This document will be web-based only with no paper copies generated. The next step is to seek input from all relevant boards. He asked the Selectmen to access the Master Plan website reviewing both the website & the report and then provide their input to directly to the Town Planner. He specifically asked for feedback as to the implementation of the plan. In particular those responsibilities assigned to the Selectmen, but also those related to other town boards. This will be further discussed at the next few Selectmen's meetings.

CONCERNS OF THE BOARD

- The Board discussed the upcoming Appreciate Event and the assigning of tasks. It was determined that members would have the same responsibilities as previous years. The picnic tables will remain on the lawn after the Harvest Fair. Member Stemple will have a canopy. The Church has agreed to let the Selectmen hold the event on the lawn; however the Selectmen will not have access to the Community Center until 3:00 PM. The list of last year's purchases was reviewed and the budget was discussed. The Grange will be available if the weather is poor.

EXECUTIVE SESSION

- It was determined that an Executive Session was not necessary.

ADJOURN

- The meeting was adjourned at 9:08 PM.

Importance: High

Good afternoon, all.

I wanted to follow up on the email that I sent out before I rushed out the door this a.m. Tom Garmon and I reviewed the draft amendment to the MoU a short while ago. As I explained to Tom, the intention was to put in place a mechanism to enable the District to request Boxborough's DPW to perform certain tasks and provide a "legal" basis for the DPW to undertake the work as time may allow and to be reimbursed by the Region. There is no expectation that Boxborough's DPW would plow Blanchard's lot or cur the grass, etc. but I think it is best if the MoU were broad enough to cover what could possibly be requested. JD, any further thoughts you have on the inclusion of items 1 – 5 under 7a would be very helpful.

I suggested to Tom that we modify:

- the 3rd whereas to read "Whereas, the District may seek the services..."
- 7 a to add ", which work may include:..."

Appreciate any input.

Regards,
Selina

Good morning,

After follow up upon my return, Town Counsel finally got this to me on Friday. I had expected this to be taken care of when I was on vacation. Please review and see if this covers the potential tasks and terms that the two of you had discussed and agreed upon. Please offer any revisions that you think are in order. I would like to get this to the BoS later today or tomorrow as a read-ahead for their meeting on Monday. I do not know when the ABRSC is meeting.

Counsel has advised that the procedure referred to in Attachment H is not a legal requirement and can be revised. It was drafted with a suggested language based upon their interpretation of the Town's and the District's intentions in memorializing the agreement for services.

Thanks.

Selina

Brigid / Selina,

If you don't mind I can add some perspective to this from our point of view. I understand your desire to memorialize the arrangement or terms when issues come up. We have long utilized Acton DPW in the exact same way (BTW, we do not have an agreement on paper memorializing the terms as the terms are understood). Essentially the bullets you laid out matches our expectations perfectly.

For the use of equipment, e.g. loader, bucket, etc and staff to operate

- to be paid a 3-hr minimum at the Boxborough DPW worker's hourly OT rate

- want to ensure that town will not be held liable for any damage at the school
- requests to be made to and approved by the DPW Director or his designee
- work to be done as DPW's schedule allows (e.g. can't guarantee)
- look to you for suggesting other terms that should be included

Having the opportunity to contract directly with your DPW staff is a great value to the District, as the cost of doing business is significantly less than working with a private third party vendor. For example, aside from the obvious and most common need in helping with snow, we have used your people and the bucket truck to fix and replace parking lot lights. Paying the operator three hours at an OT rate (approximately \$150 total) is less than the \$500 dollar half day fee for a third party vendor bucket truck plus labor to get an electrician in that owns a bucket truck. A job like then becomes a \$150 dollar project vs a \$700 to \$800 dollar project.

Yes, in terms of the OT need, most all of our jobs require the individuals to work outside of the hours they are committed to the Town of Boxborough thru the DPW. Additionally, 99% of all the task we are looking for individuals to assist with take longer than the three hour minimum to complete.

So in closing we are thankful to have the opportunity to work directly with your Town staff and would like to do anything we can to keep that relationship in good standing.

Best,
JD

Hi Selina- Thank you for the heads up on this. I have copied Glenn and JD as well so that they will know this is coming. As of last night, Mary Brolin is the Vice-Chair for Boxborough for the Regional School Committee, but I am happy to see this through as it landed with me.

I am curious why the rate you have suggested would be the OT rate with a minimum 3 hours. I would think it reasonable to charge the regular rate for the actual time worked. Was this discussed when the other agreements were being ironed out last year?

Thanks again and have a good vacation.

Hi, Brigid.

I wanted to keep you in the loop on this. I asked Counsel to draft an MoA regarding this arrangement so that AB would have a "legal" basis to reimburse the town for the services rendered by the DPW. I am off on vacation in another few hours and not back until the 11th. Counsel will send draft to Jennifer, and I will have her send to you. My hope is that BoS can take up on the 15th June. I do not know how much work has been done by the DPW... most was related to pushing back of snow at Blanchard, I believe. Jennifer can fill you in as needed, with cc-to me.

Hi, Jonathan.

As I had briefly mentioned, I would like a simple MoU/MoA (whichever is appropriate) between the town and the region to cover the following services, which may be requested of our DPW at the Blanchard Memorial School, 493 Massachusetts Avenue:

For the use of equipment, e.g. loader, bucket, etc and staff to operate

- to be paid a 3-hr minimum at the Boxborough DPW worker's hourly OT rate
- want to ensure that town will not be held liable for any damage at the school
- requests to be made to and approved by the DPW Director or his designee
- work to be done as DPW's schedule allows (e.g. can't guarantee)
- look to you for suggesting other terms that should be included

I have been trying to get to this for ages. I will be available to discuss on Tuesday and Wednesday, preferably Tuesday if that works for you. I take off on vacation on the 21st and am not back until June 11th. Would like to take to BoS no later than June 15th, and I would like to get to them ahead of time as a read ahead... and to the District and Superintendent as well by early June. We need to get this executed and then seek reimbursement for work done by our DPW this winter.

I am copying Jennifer Barrett, the Town Accountant who will be acting in my stead during my absence for matters that need immediate attention.

Enjoy the weekend.

Selina

**FIRST AMENDMENT
TO THE MAY 22, 2014 MEMORANDUM OF UNDERSTANDING BETWEEN
THE ACTON-BOXBOROUGH REGIONAL SCHOOL DISTRICT AND
THE TOWN OF BOXBOROUGH**

This First Amendment to that May 22, 2014 Memorandum of Understanding (“MOU”) is made as of the ____ day of _____, 2015, by and between the **ACTON-BOXBOROUGH REGIONAL SCHOOL DISTRICT**, a Massachusetts regional school district acting by and through its duly authorized Regional District School Committee, with a mailing address of 16 Charter Road, Acton, Massachusetts 01720 (the “District”), and the **TOWN OF BOXBOROUGH**, a Massachusetts municipality acting by and through its duly authorized Board of Selectmen, with a mailing address of 29 Middle Road, Boxborough, Massachusetts 01719 (the “Town”), Hereinafter, the District and the Town are together the “Parties” and individually a “Party.”

RECITALS

WHEREAS, on May 22, 2014, the Town and the District entered into an Intermunicipal Agreement (the “IMA”) for the purpose of facilitating the regionalization of the elementary schools in the towns of Boxborough and Acton in accordance with the votes of the respective Town Meetings on June 3, 2013 accepting amendments to the Agreement for a Regional School District for the Towns of Acton and Boxborough, Massachusetts to provide for such regionalization;

WHEREAS, in accordance with the terms of the IMA, on that same date the Town and the District executed a Memorandum of Understanding (“MOU”) for the purpose of addressing certain issues arising out of the decision to fully regionalize the public schools in the Town and to provide for cooperation of the Town and the District concerning those issues; and

WHEREAS, the District may seek the services of the Town’s Department of Public Works as needed for the maintenance of the grounds at the Blanchard Memorial School, located at 493 Massachusetts Avenue, and the Town is willing to provide such services to the extent its resources permit;

NOW THEREFORE, the Parties agree to amend the MOU to set forth their agreement as to the provision of such services by the addition of the following Paragraph 7.

PARAGRAPH 7. PROVISION OF BOXBOROUGH DEPARTMENT OF PUBLIC WORKS SERVICES AT THE BLANCHARD MEMORIAL SCHOOL.

- (a) Upon the District’s request in the manner set forth more fully herein, the Town will use its best efforts to provide the services and equipment of the Town’s

Department of Public Works to perform the following work at the Blanchard Memorial School (the "Work"), which work may include:

- (1) Snow removal from parking lots, driveways, and sidewalks;
 - (2) Maintenance and repair (but not repaving) of paved access surfaces, including parking lots, driveways and sidewalks;
 - (3) Maintenance and repair of outdoor drainage structures;
 - (4) Landscaping maintenance, including grass cutting and leaf removal;
 - (5) Other services within the usual range of services provided by the Department of Public Works.
- (b) All Work shall be performed by Department of Public Works staff using Town equipment at the District's sole cost and expense, and the District shall reimburse the Town for the Work as follows:
- (1) Department of Public Works staff performing the Work will be paid at the Town's Department of Public Works worker's hourly overtime rate;
 - (2) A minimum three-hour period will be charged for all Work;
 - (3) The Town will submit bills for reimbursement on a quarterly basis until otherwise agreed upon by the Parties.
- (c) The District will make service requests to the Department of Public Works Director or his/her designee, and the Town shall act upon such requests, in the manner set forth in the Provision of Services Procedures attached hereto and incorporated herein as **Exhibit H**. The Director shall approve the Work as the schedule and the resources of the Department of Public Works allows. The Town provides no guarantee that services will be available upon request. The Parties will cooperate and take such action as is required to effectuate the terms of the Provision of Services Procedures, which action shall include periodically reviewing and updating said Procedures as appropriate;
- (d) ~~The District agrees to indemnify and hold harmless the Town and each and all of its officials, officers, employees, agents, servants and representatives (the Indemnitees) from any and all claims or causes of action arising from or in connection with the Town's performance of, or its failure to perform, the Work as defined herein, including, without limitation, any claim of liability, loss, damages, costs and expenses for personal injury or damage to real or personal property by reason of any non-negligent act or omission by the Town in performing or failing to perform the Work. The foregoing indemnity and hold harmless agreement shall include indemnity against all costs, expenses, and liabilities incurred in or in connection with any such claim or proceeding brought thereon, including~~

~~reasonable attorneys' fees, and the defense thereof with counsel acceptable to the Town, or counsel selected by an insurance company that has accepted liability for any such claim. Each of the Town and the District shall be liable for the acts and omissions of its own employees and not for the employees of the other Party under this MOU to the extent provided by Chapter 258 of the Massachusetts General Laws (the Massachusetts Tort Claims Act).~~

By entering into this ~~agreement~~MOU, none of the ~~p~~Parties has waived any governmental immunity or limitation of damages which may be extended to them by operation of law.

- (e) The District shall maintain comprehensive public liability insurance, including coverage for bodily injury, wrongful death and property damage, in an amount acceptable to the Town and sufficient to support the obligations of the District under the terms of this ~~Agreement to indemnify, defend and hold harmless the Town~~ MOU. ~~The District will add the Town as an additional insured on relevant policies. Failure to do so does not affect the validity of the District's agreement to indemnify and hold harmless the Town.~~
- (f) Financial Safeguards. The Town, by and through its Department of Public Works, shall maintain separate, accurate and comprehensive records of all Work performed, all costs incurred for such Work, and all reimbursements and contributions received from the District for such Work. The District shall maintain separate, accurate and comprehensive records of all payments to the Town for the Work. The ~~parties~~Parties shall cooperate in providing for the audit of such records on a regular basis, and shall prepare and make available to each other on a yearly basis financial statements detailing the costs incurred and the payments made.
- (g) Criminal History Check. Town employees assigned to Work on School District property shall be subject to the required state and national fingerprint-based criminal history check prior to performing any Work for the School District.
- ~~(h)~~(h) Compliance with School District Policies and Directives. While performing Work for the School District, all Town employees shall abide by the policies, rules and directives of the School District Administration, including the Principal of Blanchard Memorial School.

IN WITNESS WHEREOF, the District and the Town have caused this instrument to be executed in their behalf by their respective officers thereunto duly authorized as of the day and year first above written.

RE: Street Address Changes

After my appearance at the Board of Selectmen's meeting on June 29, 2015, and considering the vehement opposition by the residents in attendance, it is my opinion that the street numbers that are not in compliance with the current Street Numbering Bylaw should remain as they are. I did not survey the tenants of condominiums at Liberty Square Road, as it would seem counterproductive to ask for input relating to the ownership of a property from tenants who are not stakeholders in the issue at hand. Also, attempting to create a system where an address is changed at the time of a sale is an impractical proposition, as there is no way to guarantee notice to new owners before they go through the process of changing their addresses. Requiring new owners to make those adjustments after the fact brings us back to the same problem brought forward by the current owners.

Therefore, I am rescinding my request to change the affected street numbers, and will keep all records as they are.

Thank you.

Vince:

As you requested, I am writing to follow up on our telephone discussion regarding the Open Meeting Law ("OML") issues associated with the Board of Selectmen finalizing the performance evaluations of certain employees and how, if at all, the process can or should vary if it is anticipated that disciplinary action will be taken against an employee as a result of the issues raised in the evaluation. It is my understanding that individual members of the Board have already provided the Board liaison for each of the employees being evaluated with their individual comments on the employees' respective performances and that the liaison has compiled those comments into a composite evaluation which will ultimately be provided to each of the employees. It is my understanding that the employee would be present at the meeting at which the evaluation is discussed.

Based on the process that has been followed to date, it is my opinion that the Board of Selectmen would next have to hold a meeting to review the composite evaluations and approve them as the official evaluations of the Board. The Board would not necessarily be required under the Open Meeting Law to hold a full discussion on the contents of the evaluation. In my view, it would be permissible for the Board to distribute the composite to the Board members, take any questions from the Board regarding same and then vote on whether to approve or modify them or take some other related action. Once approved, the Board could inquire of the employee if he/she has any question or comments. To the extent that members of the public have any questions about the content of the evaluations, the Board is not obligated to take those questions, but a copy of the composite could be provided in response since such document would be subject to public disclosure under the Open Meeting Law and Public Records Law at that point. In the event the public inquires as to what action the Board intends to take against a given employee if the employee's evaluation is an unsatisfactory one, the Board could respond that any disciplinary action to be taken is a personnel matter and is not an appropriate discussion for Open Session.

To the extent that we discussed whether the process for the Board's review and approval of the composite should be different if disciplinary action is expected to follow, it is my recommendation that the same process be followed. To the extent disciplinary action will follow, an Executive Session can be scheduled for later in the same meeting or for a subsequent meeting. Since the OML would require that the affected employee be given notice of the Executive Session in writing at least 48 hours prior to the meeting, the employee would already be aware at the time the evaluation is discussed by the Board that a further discussion will be taking place, assuming that the Executive Session is scheduled for the same meeting that the evaluation is discussed by the Board.

While we also discussed the possibility of holding the Executive Session first and having the Board consider the evaluation and discipline at the same time, I have concerns that such an approach may be viewed by the Attorney General's Office as a circumvention of the OML since the end result would be that an employee was terminated or otherwise disciplined as a direct result of a performance evaluation that was never publicly discussed or voted on by the Board.

With respect to your inquiry about possible penalties if a violation is found, the Attorney General's Office does have the authority to fine boards for OML violations. However, such penalty is not typically imposed for unintentional violations. Instead, the Attorney General's Office typically orders that the Executive Session minutes be released to the public, admonishes the board for the violation and cautions against future violations. Under the disciplinary scenario we discussed, it could be argued that a public discussion of the evaluation would necessarily include a resulting discussion

about discipline thereby warranting that the whole discussion take place in Executive Session. It is likely, in my opinion however, that the Attorney General's Office would find that the discussion about the evaluation could have been separated from any discipline discussion and as a result, the public had a right to hear the evaluation portion of the discussion. For this reason, I have recommended that the process outlined above be followed for all of the evaluations regardless of whether discipline may follow.

In addition, I also noted that while it is my opinion that the above process would be in technical compliance with the OML even if the members of the Board choose not to ask any questions or make any comments about the evaluations during the Open Session, I cautioned that the absence of any discussion whatsoever could create an appearance that the Board's members had already discussed the evaluations outside of a meeting and prompt the filing of an OML complaint. Assuming no outside discussions had taken place, the Attorney General's Office would not likely find that the Board of Selectmen violated the OML in my opinion, but the Board would have to go through the time and expense of defending against any OML complaint that may be brought.

One variation that we did not discuss was the possibility of not having any of the employees present at the Open Session meeting at which the composition evaluations are presented to the Board and voted on. The advantage that this approach would have is that it would avoid the potentially uncomfortable situation that could arise out of the employee feeling that he/she must comment or defend against any of the statements that are contained in the evaluation. Instead, the Board, after voting in Open Session to accept the composite evaluation, could delegate to the liaison the task of reviewing and discussing the evaluation with the employee at some future date outside of a public meeting. Of course, the drawback to this approach is that the liaison may not be in a position to explain another liaison's comment or respond to some of the employee's questions if the liaison is not familiar with whatever events or performance issues led to a particular comment being made. In addition, not having the employee present at the meeting may give a misimpression among the public that the employee does not care enough to be there and/or that the Board is holding the meeting without the employee's knowledge. This approach would also result in the public seeing the evaluation before the employee has even had a chance to review it. As a result, I typically recommend against having a board review and vote on an evaluation without the employee being present. We did not cover this variation during our discussion, but I want to address it in case one of the members of the Board inquires about the possibility.

I believe the foregoing summarizes the multiple issues and scenarios we discussed, but if there is anything that you believe I have overlooked, please let me know. In addition, for your information I have also attached hereto copies of the two prior opinion e-mails that I had sent to the Town related to the subject of conducting performance evaluations of department heads.

Please feel free to contact me if you have any questions. Thank you

Selina:

I am writing in response to the follow-up questions contained in the attached document from Susan Bak regarding my earlier opinion on the subject of department head performance evaluation process. I can certainly appreciate her questions since this is an area of the law that is still somewhat undeveloped at least as it relates to the courts. As I noted previously, we are not in complete agreement with the Attorney General's interpretation of the Open Meeting Law as it relates to this area of the law and it is unknown whether a court would agree with the AG's interpretation. Notwithstanding this, however, the Attorney General's Office is responsible for the enforcement of the Open Meeting Law so the advice that we typically provide towns in this area is based on how we believe the Attorney General's Office would view the matter since it is likely that a court would give a certain amount of deference to the Attorney General's interpretation as the enforcing agency. With that caveat in mind, I will address each of the questions in the attached for each of the enumerated "options" to which they relate.

Option 1: Under this option, the Board liaison for a given department head would compile written feedback from the other Board members regarding the employee and create a composite performance evaluation based on same. Given the participation of a majority of the Board's members under this scenario, this option would have to be utilized in a manner that is consistent with the Open Meeting Law. As I previously advised, "[p]erformance evaluations and discussions of an employee's professional competence [by a multiple member board] must occur in open session." G.L. c. 30A, §21(a)(1); District Attorney for the Northern District v. School Committee of Wayland, 455 Mass. 561, 569 (2009). Thus, to the extent that Susan has asked whether the liaison could either meet with the department head privately to discuss the composite evaluation or simply provide the composite evaluation to the employee without any discussion, we would have concerns that the Attorney General would see this as a subterfuge designed to avoid the usual requirement under the Open Meeting Law that the discussion of an employee's performance by a multi-member board take place in open session. Given that the other Board members under this option would be involved in and thereby will have "participated" in the evaluation of this employee, albeit in writing, the Attorney General would likely find, in my opinion, that the Open Meeting Law would require the Board to discuss the employee's performance evaluation at a meeting and in open session. Thus, if this option were to be used, I would recommend that the composite evaluation be discussed by the Board and presented to the employee at a meeting and in open session. If this is done, then the composite evaluation would be a public record and subject to disclosure.

As I previously advised, however, it is not entirely clear at this time whether the individual Board member evaluations which are not discussed at a meeting would be considered by the Attorney General to be public records under the revised Open Meeting Law. At a minimum, it is clear that where a document is physically present, verbally identified, and the contents are discussed by members of a public body during an open session meeting; it has been "used" for purposes of the Open Meeting Law." OML 2013-64 citing OML 2012-42. In those cases where a document is used only by a non-member and not distributed to the body's members during a meeting, however, the Attorney General's Office has previously held that the document has not been "used" at the meeting for purposes of the Open Meeting Law. OML 2012-42. All of this would seem to suggest then that if individual evaluations are created by members of a public body and submitted to a non-member, e.g. Town Administrator, Administrative Assistant, etc., for compilation, but not discussed at the public body's meeting, the individual evaluations have not been "used" within the meaning

of the Open Meeting Law and would therefore not be subject to public disclosure. Although it is not entirely clear at this time if the Attorney General's Office would agree with this conclusion, in the event the Board of Selectmen elects to follow the Attorney General's guidance and have individual members submit evaluations for compilation into a master evaluation, I would recommend that the Board designate a non-member as the person responsible for compiling the evaluations and should refrain from any discussion or circulation of the individual evaluations among its members if it wishes to best preserve its ability to argue that the individual evaluations are exempt from public disclosure under the Open Meeting Law. If, however, the individual evaluations are provided to another Board member for compiling, then a greater potential exists for the Attorney General to conclude that, in addition to the composite evaluation, the individual evaluations would also be subject to public disclosure.

Option 2: In my opinion, having the individual Board liaison for a particular department head conduct the performance evaluation by himself/herself without any written or verbal feedback from any of the other Board members would fall outside of the Open Meeting Law and the various requirements related to same. As a result, the liaison could meet with the department head privately to discuss the evaluation and the evaluation would be exempt from disclosure under the Public Records Law as a personnel record. See Wakefield Teachers Association v. School Committee of Wakefield, 431 Mass. 792, 799 (2000). As Susan notes, however, the downside to this approach is that it excludes the other Board members from the process for that employee. As a result, the evaluation may not be an accurate assessment of the employee's overall performance since some Board members will potentially have had different experiences with the employee, both positive and negative.

Option 3: This option would call for the foregoing of performance evaluations altogether. This is not recommended for the reasons Susan has already cited along with a number of other reasons.

Please feel free to contact me if you or Susan have any questions. Thank you.

Subject: FW: Department Head performance appraisals

Good evening, Joe,

Meant to get this off to you sooner. Susan has been working very hard to understand what is permissible and even advisable, and what is not, with respect to Department Head performance reviews. She would like to bring this forward to the Board so they can get cracking with their reviews.

Susan organized her thoughts in the attached table and would like your responses to the questions posed. I am sure that she would also welcome any further comments that you may have on the matter. If you are able to get to this before Thanksgiving that would be great. If not, the following week would work. I have my thoughts on the some of the responses, but it is best to leave it to you. It's the public record ones which trip me up.

Look forward to your input.

Regards,
Selina

Subject: Performance evaluations conducted by the Board of Selectmen

Susan:

I am writing in response to your inquiry last week regarding what process the Board of Selectmen may follow when conducting performance evaluations of employees. As I had mentioned when we spoke, there were a number of revisions to the Open Meeting Law that went into a few years back which altered to some extent the advice we had previously provided to clients on the subject. Additionally, the Attorney General's Office has issued a number of rulings, opinions and other published advice subsequent to the change in the law that are instructive on the issue. Although it is our opinion that the Attorney General's Office has interpreted some of the revisions to the Open Meeting Law too broadly as it relates to the subject of performance evaluations, particularly as it relates to whether the written performance evaluation instrument is no longer exempt from public disclosure as a "personnel record", the information that follows below reflects the positions that we believe the Attorney General's Office would likely take regarding the performance evaluation process. Furthermore, if the Attorney General's Office's interpretation of the Open Meeting Law as it relates to performance evaluations were to be challenged in court, there is a reasonable likelihood, in our opinion, that the Attorney General's interpretation would be given some deference by the court in light of the fact that the Open Meeting Law is a statute over which the Attorney General is responsible for enforcing.

Having said this, it continues to be the case that "[p]erformance evaluations and discussions of an employee's professional competence must occur in open session." G.L. c. 30A, §21(a)(1); District Attorney for the Northern District v. School Committee of Wayland, 455 Mass. 561, 569 (2009). However, to the extent that the Supreme Judicial Court ("SJC") had previously held in School Committee of Wayland that the actual drafting of the performance evaluation could take place in Executive Session so as to preserve the employee's privacy interests in his/her written performance evaluation instrument per the Public Records Law (see Wakefield Teachers Association v. School Committee of Wakefield, 431 Mass. 792, 799 (2000)), the Attorney General's Office has taken the view that written performance evaluations are no longer exempt under the revised Open Meeting Law. Instead, the Attorney General has ruled that "[s]imply stated, evaluations of the professional competence of public officials that are conducted by public bodies must be done publicly and in accordance with the requirements of the Open Meeting Law. Furthermore, all written evaluations completed by members of a public body, whether individual or comprehensive in nature, are public records and may be available to the public upon request following the completion of the evaluation process." OML-2011-24. In light of this, it is clear that the Attorney General's Office is of the opinion that the revised Open Meeting Law no longer allows a multi-member board to enter Executive Session for the purpose of drafting the written performance evaluation document itself.

With respect to the process that a multi-member board could now follow when conducting performance evaluations, the Attorney General's Office has provided the following guidance:

May the individual evaluations of an employee be aggregated into a comprehensive evaluation?

Yes. Members of a public body may individually create evaluations, and then submit them to an individual to aggregate into a master evaluation document to be discussed at an open meeting. Ideally, members of the public body should submit their evaluations for compilation to someone who is not a member of the public body, for example, an administrative assistant. If this is not a practical option, then the chair or other designated public body member may compile the evaluations. However, once the individual evaluations are submitted for aggregation there should be no deliberation among members of the public body regarding the content of the evaluations outside of an open meeting, whether in person or over email.

As the foregoing demonstrates, the Attorney General's Office has advised that members of a multi-member board may generate individual evaluations of an employee's performance and submit them to a designated individual who would in turn compile the members' individual submissions into a composite or master evaluation. Any and all discussion of the

composite evaluation and/or the individual evaluations by the members of the board, however, could only take place at a properly posted meeting in open session. To the extent that any of the individual evaluations and/or the composite evaluation are discussed by the board and used at a meeting, said evaluations would be considered public records under the Open Meeting Law. In this regard, the Attorney General's Office has offered the following:

Are individual evaluations completed by members of public bodies public records?

Yes. The Open Meeting Law carves out an exception from the personnel records exemption from the Public Records Law for "materials used in a performance evaluation of an individual bearing on his professional competence," that were created by members of a public body and used during a meeting. See G.L. c. 30A, §22(e). Individual evaluations created and used by members of a public body for the purpose of evaluating an employee are public records. Comprehensive evaluations that aggregate the individual public body members' evaluations are also public records if they are used during the course of a meeting. However, evaluations conducted by individuals who are *not* members of public bodies are *not* public records. For example, the individual evaluations created by municipal employees in response to a request for feedback on the town administrator are not public records, provided the employees completing the evaluations are not also members of the public body tasked with evaluating the town administrator's professional competency.

What is less clear, however, is whether evaluations which are not discussed at the meeting are considered public records under the revised Open Meeting Law. Interestingly, the Attorney General's Office states in the above that comprehensive evaluations are public records "if they are used during the course of a meeting." (emphasis added). Similarly, the Attorney General's Office notes that individual evaluations created and "used" by members of the public body for the purpose of evaluating an employee are public records. The Attorney General's Office has previously acknowledged that "[t]he Open Meeting Law does not define what it means for a document to be used at a meeting. At a minimum, it is clear that where a document is physically present, verbally identified, and the contents are discussed by members of a public body during an open session meeting; it has been "used" for purposes of the Open Meeting Law." OML 2013-64 citing OML 2012-42. In those cases where a document is used only by a non-member and not distributed to the body's members during a meeting, however, the Attorney General's Office has previously held that the document has not been "used" at the meeting for purposes of the Open Meeting Law. OML 2012-42. All of this would seem to suggest then that if individual evaluations are created by members of a public body and submitted to a non-member, e.g. Town Administrator, Administrative Assistant, etc., for compilation, but not discussed at the public body's meeting, the individual evaluations have not been "used" within the meaning of the Open Meeting Law and would therefore not be subject to public disclosure. Although it is not entirely clear at this time if the Attorney General's Office would agree with this conclusion, in the event the Board of Selectmen elects to follow the Attorney General's guidance above and have individual members submit evaluations for compilation into a master evaluation, the Board should designate a non-member as the person responsible for compiling the evaluations and should refrain from any discussion or circulation of the individual evaluations among its members if it wishes to preserve its ability to argue that the individual evaluations are exempt from public disclosure under the Open Meeting Law.

I hope the foregoing information is helpful. In the event that you or the Board of Selectmen have any questions, please do not hesitate to contact me.

Thank you.

Subject: Boxborough2030 Implementation Plan - For Review by 9/30
Importance: High

Members of the Board of Selectmen,

Please find attached the latest version of the Boxborough2030 Implementation Plan as a Word doc and as a PDF. By **Wednesday, September 30th** I will be looking for the Board to review and provide comments on the items listed below in order of priority. Please let me know if you would like a hard copy in advance of receiving the meeting packet. Please note this topic may require an additional meeting of the Board during the month of September to accomplish a review of at least the first priority, depending upon how the discussion unfolds:

Priority # 1: Please review and provide comments on the relevant items in the Implementation Plan which pertain directly to your Board. Please read through each Goal, Strategy, and Action item and note each responsible party.

Priority #2: Please review and provide comments on the entire Implementation Plan.

Priority #3: Please review the Boxborough2030 website (<http://www.boxborough-ma.gov/boxborough2030>) and pass along any comments or suggested edits.

Priority #4: MAPC (the consultant) is still collecting photographs for the Boxborough2030 website and Magazine Style Summary, so if you have any photographs you feel might be worthwhile, please pass those along.

Again, please note the deadline for all comments and suggested edits on the items above are due by **Wednesday, September 30th**.

Please let me know if you have any questions. Thanks.

Boxborough2030 DRAFT Recommendations

Last updated: August 31, 2015

Boxborough2030 is the master plan for the Town of Boxborough developed in 2014-2015. The plan was developed by the Metropolitan Area Planning Council (MAPC) with direction from the Boxborough Town Planner and Master Plan Update Committee. Boxborough2030 serves as the town’s decision-making guide to realize its vision as a rural, engaged, community for all. The full plan is available online at <http://www.boxborough-ma.gov/boxborough2030>.

This document includes the plan’s recommendations, which were guided by the Boxborough Vision, adopted in December 2014 and informed by extensive research and public input on the town’s geographic characteristics, population, community assets, services and facilities, land use, housing and neighborhoods, economic development, transportation, energy consumption, and environmental conditions. In some cases, these recommendations include activities the Town is already doing and should continue doing; in other cases the recommendations identify new activities.

Boxborough2030 Implementation Overview

The success of Boxborough2030 depends on the Town's commitment to follow through with implementation. Following completion of Boxborough2030, the following entities will be responsible for kicking off plan implementation:

- **Master Plan Update Committee:** The Master Plan Update Committee was convened for the purposes of developing Boxborough2030 and consists of voting members representing the Board of Selectmen, Planning Board, Agricultural Commission, Board of Health, Conservation Commission, Council on Aging, Energy Committee, Housing Board, and Recreation Commission, as well as non-voting Ex-Officio members representing the School Committee, Historical Commission, and Finance Committee, a local business owner, the Town Planner, Town Administrator, Police Chief, and Public Works Director. This group was appointed by the Boxborough Board of Selectmen in September 2014 to represent a variety of perspectives and decision-making entities in town. They are the Town Committee most familiar with Boxborough2030 and will serve an advisory role with respect to the makeup of the Master Plan Implementation Committee (MPIC) and its responsibilities. The Master Plan Update Committee may formally disband once the MPIC has been formed. It is expected that the two committees will have considerable overlap in their composition.
- **Planning Board:** Massachusetts General Law Chapter 41 Section 81D governs master plans and identifies planning boards as the entity responsible for initiating and updating community master plans, and for approving these plans at the local level. As such, the Planning Board plays a critical role in monitoring plan progress and deciding when the plan should be updated. The MPIC will include at least one Planning Board member as a voting member.
- **Board of Selectmen:** The Board of Selectmen has overall responsibility for making appointments to Town Boards and Committees and ensuring progress on the Town's goals. As such, the Board of Selectmen will make appointments to the Master Plan Implementation Committee and ensure that the MPIC is functioning as intended. The MPIC will include at least one Board of Selectmen member as a voting member.
- **Town Planner:** The Town Planner provides land use planning and procedural expertise to the Town and will continue to serve as the key point of contact to the Boxborough community for Boxborough2030. The Town Planner will serve as the Staff Contact for the MPIC and will be an ex-officio non-voting member of the committee.
- **Town Administrator:** The Town Administrator oversees Town Staff and is the key liaison to the Boxborough Board of Selectmen. The Town Administrator will serve as an ex-officio non-voting member of the MPIC.

It is MAPC's recommendation that these parties appoint a Master Plan Implementation Committee in the first quarter of 2016 (by March 31, 2016, assuming adoption of Boxborough2030 by or before December 31, 2015) to keep implementation on track.

The MPIC will not override or supplant Town boards and committees in carrying out specific recommendations listed in Boxborough2030. The MPIC's primary roles will be to document progress, coordinate implementation processes that involve several parties, and ensure that Boxborough2030 remains a relevant guide. The MPIC will advise on schedules for various projects; provide support to other Town boards and committees; periodically evaluate the continued relevance of the plan's recommendations; and most importantly, continue to advocate for the importance of this long-term plan.

At a minimum, the MPIC should meet every six months throughout the life of the plan, until development of the next master plan begins. The Implementation page of the Boxborough2030 website should be updated at least every 6 months with information on implementation progress, accomplishments, amendments, and decisions made by the MPIC.

The Boxborough2030 Vision: A Rural, Engaged Community for All

Boxborough shall maintain its traditional values of rural open space, a first-rate educational system, agricultural and conservation lands, and historical roots, while fostering a balanced economic environment and enhancing a close-knit sense of community for all generations.

Community Aspirations: Boxborough...

- 1. Maintains its rural character and celebrates its heritage:** Boxborough cherishes its rural heritage. Preservation of the ecological, agricultural, historic, and scenic resources that contribute to the community's rural character is of critical importance to the community. New development and redevelopment of existing structures will be physically designed to blend with the town's rural landscape.
- 2. Is close-knit and welcoming:** Boxborough residents have many options for becoming more involved in the community and have a great deal of pride in their community. A large share and diverse mix of residents regularly participate in municipal policymaking, attend local events, and frequent local destinations.
- 3. Is thoughtfully developed:** The community will build on and maintain its existing assets. Economic development will be focused in existing commercial areas supported by responsible use and management of water resources with provisions for adequate wastewater treatment facilities. The community's agricultural assets will be leveraged for economic development and to enhance quality of life. Transportation options will continue to improve in order to ensure a pleasant and safe travel experience for various modes of transportation, including walking and bicycling.
- 4. Provides high quality services and amenities:** Boxborough is known for offering a high quality of life for its residents. The community endeavors to provide a balanced mix of housing, businesses, and services to enhance this high quality of life. Boxborough residents prize the community's regional school system and excellent municipal services.
- 5. Is conscientious about consumption:** The community is conscientious about its energy consumption and seeks to reduce its carbon footprint through improvements in energy efficiency, high standards for building practices, reductions in its communitywide energy usage, and reduced reliance on fossil fuels.
- 6. Is affordable and accessible:** The community will ensure that local policies, housing supply, and housing prices support the ideal of a more inclusive, welcoming Boxborough so that current and prospective residents at all income levels, abilities, and in all stages of life can live here.
- 7. Is regionally well-connected:** Boxborough sees itself as part of a regional economy with goods, services, employment, and gathering places nearby – sometimes in town, and sometimes in neighboring towns. Convenient access to regional transportation systems, including transit options, will help ensure efficient commuting options for Boxborough residents. Boxborough's municipal government, including Town boards and committees, will collaborate with surrounding communities and regional entities.

Subject: Well being committee change

Hi Everyone,

I have enjoyed being on the Well Being Committee for several years now and working with all of you who share my interest in the wellness needs of our community. It has been a wonderful experience to get to know each of you. I am very proud of the work we have done under the leadership of both Channing and Liz.

With much thought, I have decided not to renew my at-large membership. As I am out of town part of most weeks, I find it increasingly difficult to manage all my commitments

I have discussed this with Liz and feel sure that this is an opportunity to add someone with a different perspective to enrich the committee.

Also, I am hoping that I will be able to participate on some level as a community member on occasional projects, such as the diversity study group.

Thank you for allowing me to serve the town of Boxborough.

Sincerely,

Kate

Dear all,

My husband and I have just sold our home in Boxborough after living here for almost 17 years. We are moving to West Concord in mid-September.

Being a part of the Well-Being Committee has been a highlight of my community life. I have found our meetings and work to be important and valuable to our town, and our efforts to be fruitful and sustaining - especially in hiring Lauren!

If it is possible and appropriate for an 'out-of-towner' to remain on the committee, I'd be interested in continuing. That said, I will have to miss the September meeting as we will be in the thick of moving.

many thanks to everyone~

MINUTEMAN

A REVOLUTION IN LEARNING

August 28, 2015

received
8-2-15

Mr. Vincent Amoroso
Board of Selectmen
29 Middle Road
Boxborough, MA 01719

Dear Chairman Amoroso and Members of the Board:

I am writing to clarify what appears to be some confusion or misunderstanding about plans for a new Minuteman High School which were unanimously endorsed by the Massachusetts School Building Authority (MSBA) on August 6. I am addressing comments first reported in the Concord Journal on August 3 in an article titled "Minuteman school fight hits Sudbury" and reprinted the following day in the MetroWest Daily News in an article re-titled "Sudbury finds some allies in Minuteman school fight." The article, written by Brittney McNamara, reported on a district-wide meeting hosted by the Sudbury Board of Selectmen.

While I applaud the spirit of Selectman Len Simon's declaration to find a common path forward for the building project, I am compelled to provide some clarification regarding several critical aspects of the discussion:

School Size

It appears that some town officials are still unclear about why we are proposing to build a new school with a design enrollment of 628 students. The number is based on data that was discussed at multiple public meetings. We came to the number, over time, based on our comprehensive review of enrollment trends, labor market data on occupational demand, the specific needs of the career programs we are offering, and input from our member towns, among other factors. In our expert opinion, 628 is also the smallest sized school that allows us to retain the quality of education our communities expect. This size will result in a lower per student operating cost. Further, MSBA's staff and board of directors have indicated that a school of 600 students is the **smallest** they would commit state funds to.

For those seeking a more detailed answer, we have prepared a two-page document outlining how we reached 628. That document can be found on the School Building Committee page under "Latest Updates." See <http://minutemanschoolbuilding.org/>

Out-of-District Students

Minuteman High School has a long, rich history of welcoming students from outside the 16-town district. Benefits of welcoming out-of-district students include: a contribution to operating costs through out-of-district tuition, improved student diversity, and allowing the school to offer a wider range of career paths and electives. For a period in the 1990s, more than 60% of the school's student body came from outside the district. This past year, we were at 43%.

Since I arrived at Minuteman eight (8) years ago, we have been hearing concerns from officials in our member towns that Minuteman was relying too heavily on out-of-district students at the same time the Commissioner of Education was reducing out-of-district tuition rates. We listened and responded. As a direct result, we reduced the size of the planned school, downsized enrollment to 628 students, and initiated plans to more effectively recruit within the district's 16 towns. We conservatively project that more than 500 of the 628 students will be from within the district within a few years of the project's completion.

Change in Regulations

At the same time we were downsizing the school, we were working with the Department of Elementary and Secondary Education (DESE) to allow a capital fee be imposed on towns sending out-of-district students. I personally advocated for this change. Up until now, non-member communities paid the state-established tuition fee only, but they were not responsible for paying a share of capital construction costs for the new school. The Minuteman School Committee and I agreed with member town officials that that placed an unfair burden on taxpayers in our member towns. This concern has been fully addressed.

On February 23, 2015, the Board of Elementary and Secondary Education approved revised Chapter 74 regulations. These regulations include a provision allowing a capital fee be added to the base tuition rate set by DESE. Putting it bluntly, non-member communities no longer get a "free ride" when it comes to capital expenditures.

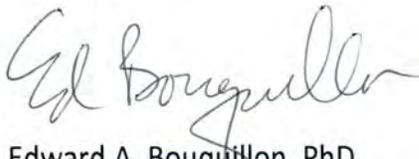

Minuteman's Involvement Moving Ahead

Minuteman would like to be included in future discussions with select boards so that we can discuss the facts and keep misinformation to an absolute minimum. In this regard, Minuteman School Committee chair Jeffrey Stulin and School Building Committee chair Ford Spalding will be in touch soon to inform you of meetings they are arranging to discuss the project and seek your input.

Over the next ten (10) weeks, I will be concentrating my efforts on the design phase of the project and will be meeting with students, parents, staff, business people, and community leaders. I personally welcome the input of all community members, including members of your Board, in providing productive ideas to our Design Team.

Thank you for your support of Minuteman High School and our students.

Very truly,

Edward A. Bouquillon, PhD
Superintendent-Director

Budget & Warrant Article Timeline

FY 2017

- September 21 BoS discusses budgetary guidelines:
- **Prepare a zero-based budget.** Budget managers (i.e. dept heads/committee chairs) should prepare their budgets from the bottom up, starting from **zero**. (The prior year's budget should **NOT** be used as the base).
 - Define the level of budget necessary for the operation of the department/board and identify the key underlying assumptions. **Be prepared to provide a rationale for your budgetary decisions identifying how the funding requested relates to the level of service proposed.** Itemized or summarized line-by-line expenditures will help reduce the need for further explanation by reviewing committees.
 - Salaries will be tied to contractual obligations, or for those employees under the Personnel Plan, to the Classification and Compensation Schedule. For the purposes of preparing the first pass at the budget, Compensation Schedule wages should be calculated with a **1.5%** increase and a step increase where appropriate.
- September 24 *CPA Step 1 Preliminary Applications Due to CPC*
- October 20 Staff Meeting:
- Relate budget message
 - Review budget process and timeline
 - Accountant distributes budget packages (hard and soft copies) to all departments and committees
- October 20 – November 16 Budget Managers prepare budgets with assistance provided by TA and Accountant if requested. Mechanical issues, as well as questions regarding growth, operations, etc. and clarifications on budget guidelines, should be directed to TA.
- October 29 *CPA Step 2 Final Applications Due to CPC*
- November 16 – December 11 BoS liaisons, along with respective FinCom liaisons, meet individually with primary department heads (Police, Fire, Dispatch, DPW, and TA) to begin first review of budgets, ensuring consistency with budget guidelines and working with department heads to make reductions or other changes as necessary.
Budget Managers revise budgets accordingly
- November 23 *Dept & Committee Comments on Proposed Projects Due to CPC*
- December 3 (& 17?) *CPC Public Hearing*
- December 14 Deadline for returning budget packages to Accountant (hard and soft copies). Any submitted without summary document will be returned to preparer.
Budget managers shall also submit intent and scope of proposed capital warrant articles for Annual Town Meeting (hard copy to accountant; soft copy to TA).
- December 14 – December 31 Accountant assembles budget books for TA, BoS & FinCom.
- January 4 BoS and FinCom receive budget books.

Budget & Warrant Article Timeline

FY 2017

- January 7 *CPC Final Votes on all CPA Projects moving forward*
- January 11 BoS perform cursory review of budgets (& warrant articles). Selectmen note “red flag issues” and determine which board/departments they would like to invite in for further discussion. BoS liaison and TA work with those budget managers to revise budgets as necessary and to schedule appointment with full BoS in January and February as needed. FinCom starts review of budgets, receiving additional input/clarification as necessary from TA and budget preparers. If needed, FinCom will prepare additional analyses and run scenarios. [N.B. BoS will determine appropriate service levels]
- January 25 BoS and FinCom meet with 2 primary department heads on alternating basis, or jointly, to review budgets.
- February 8 BoS and FinCom meet with remaining 2 primary department heads on alternating basis, or jointly, to review budgets.
- February 8 (TBD) *Planning Board Public Hearing*
- February 22 BoS and FinCom meet with boards/committees as necessary to review budgets
- February 22 *BoS closes warrant to any new articles. [BoS liaison to the committee/department will work with sponsor of article and will be responsible for writing the recommendation on behalf of the BoS, as well as presenting at ATM. If liaison is away, Chair will assign responsibility to another member].*
- March 7 BoS & Personnel Board Joint Public Hearing on any proposed Personnel Plan changes (may try to move this up, depending upon other proposed changes to Personnel Plan). Public hearing on any other proposed general bylaws.
- March 10 (Thurs) *Departments/Committees submit final language for warrant articles in electronic format to TA.*
- March 14 *BoS finalizes language for warrant articles.*
- March 17 (Thurs) *Final deadline for All written recommendations. Committees submit recommendations in electronic format to TA. (Recommendations should apply only to the scope and responsibility of the board).*
FinCom deadline for the FinCom Report
FinCom deadline for the Budget Votes
- March 21 *BoS meet with FinCom and determine funding sources for articles.*
BoS take final votes on budget & warrant articles.
- April 4 BoS signs warrant.
- April 22 (Fri) Last possible date for warrant to be posted by Constable and mailed to town’s residents.

FY 2017

PROCESS

Communication is key to a successful budget process. Budget managers must communicate to the Board of Selectmen and Finance Committee through their liaison and likewise, the BoS and FinCom must ensure that budget managers are fully apprised of any and all proposed changes to their submitted budgets. Changes to the Budget will be made through the revision process by the Budget Manager.

- In order to maintain control of the master budget, only the Accountant will update the electronic master file.
- **After the initial submission of budgets to the Accountant by December 14, any and all proposed revisions will be handled as detailed below.**
 1. Revisions must be submitted to Accountant by **noon on Thursday** in order to be included in that week's revisions. Revisions submitted after that time will be included in the following week's revisions. Revisions may not be published every week. Accountant will have discretion to publish bi-weekly depending on the quantity and timeliness of revisions.
 2. Each time that a budget manager proposes revisions to the department/board budget, the budget manager will complete two documents to detail the proposed revisions:
 - a) **Budget worksheet.** Budget manager will ensure that all numbers tie out to any subsidiary salary worksheets.
 - b) **Budget revision form.** The revision document will be in the form of a spreadsheet, which will be provided after original budget submission to the Town Accountant. The spreadsheet for each department will be used to keep a running total and explanation of **all** changes submitted since the original budget. The spreadsheet will have columns for date, expense line item, amount of revision, and explanation. Additionally, the form will list the total departmental budget, per the original submission.
 - i. The starting point for the first revision will be the original submitted department budget. The budget manager will list proposed revisions line by line, listing amounts and the explanation for each proposed revision. The worksheet will then sum the total of the revisions and the original submitted budget to arrive at a "New Total Dept. Budget."
 - ii. The starting point for subsequent revisions will be the last "New Total Dept. Budget."
 - c) Budget manager shall submit a revision form and revised Budget Worksheet via email to the Town Accountant.
 3. Town Accountant will ensure that proposed revisions are properly reflected on budget worksheet and that budget worksheet is in balance with subsidiary salary worksheets.
- Accountant will update electronic budget file and will
 1. include revision and date on the budget and any supplemental worksheets as updated
 2. distribute an electronic file (paper copies will be provided by request) of all changes included in the revision to the BoS, FinCom and TA
 3. distribute electronic copies (paper copies will be provided by request) of individual revised department/committee budgets only to the affected department heads and committees.
 4. provide electronically a public display version of the budget file (excluding salary worksheets) to Town Clerk, for placement on the town's website **no more than once a week, on Fridays.**
