

*The Boxborough Conservation
Trust's 2025 Annual Meeting*

Coexisting with Black Bears in Massachusetts

Did you get a chance to see the bears in Boxborough last year? Are you curious to learn more about these wild animals? Join this engaging presentation to learn about black bear behavior, bear population management, and how communities like Boxborough can take effective steps to prevent conflict and coexist with bears.

Thursday, March 27th
at 6:30 pm

Light refreshments: 6:30 pm

Annual Meeting: 7:00 pm

Keynote Speaker: 7:15 pm

Sargent Memorial Library
427 Mass Ave.

Free and open to the public!

The program will be presented by **Meghan Crawford**, Community Engagement Biologist at the MA Division of Fisheries & Wildlife (MassWildlife). In her role, she works to increase the public's understanding of wildlife in MA and helps residents take steps to coexist with black bears and other wildlife.
