**Meeting Info**

In 2022, the Economic Development Committee received a grant to conduct a village center study, envisioning what could be a village center in Boxborough.

For this final public meeting, we are seeking robust feedback from the community. This presentation is open to the public and we encourage constructive feedback on how this Village Center can be formed. Our night will kick off with a presentation from the consultant, followed by working group feedback, and conclude with an hour of public comment.
