The open meeting law was only briefly discussed as most members were on the call with our legal team the day before for a review of the OML.

The municipal market was discussed, and the Town received a good number of resumes (19) to be reviewed. The salary range for the position helped to bring in good candidates.

Al Murphy referred to the list of potential questions and asked about additional questions for each of the candidates brought in for screening interviews. Any additional questions will be passed to John Petrin. Hugh Fortmiller asked about questions pertaining to sustainability per the approved sense of the meeting at the 2021 ATM. The job description is available, and John Petrin will pass to the screening committee. The position is chief operating officer and chief financial officer. There was discussion of a strong chief.
