Climate Change Survey Background

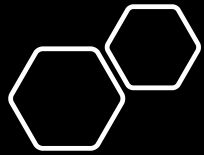

Boxborough Sustainability Committee conducted a Climate Change Survey of town residents from Nov 29, 2020 to Feb 18, 2021 with the following objectives:

1. To understand what the community knows currently about climate change
(Awareness objective)
 2. To find out what the community thinks it needs to know about climate change
(Education objective)
 3. To solicit some preliminary ideas from the community on what should be done about climate change, and by whom (Action objective)
 4. To assess the community's willingness to commit to actions (Urgency objective)
- 
- A large yellow triangle is positioned in the bottom right corner of the slide, pointing towards the top right.

Key Takeaways

Boxborough Residents:

1. Believe that climate change is real.
 2. Want to learn more about climate change.
 3. Want to take action to mitigate the impacts of climate change.
 4. Believe Government, Business and Community partnerships should lead climate change action in Boxborough.

Question 5: Who should be leading the Climate Change action in Boxborough, if any? (Please rank your choices)

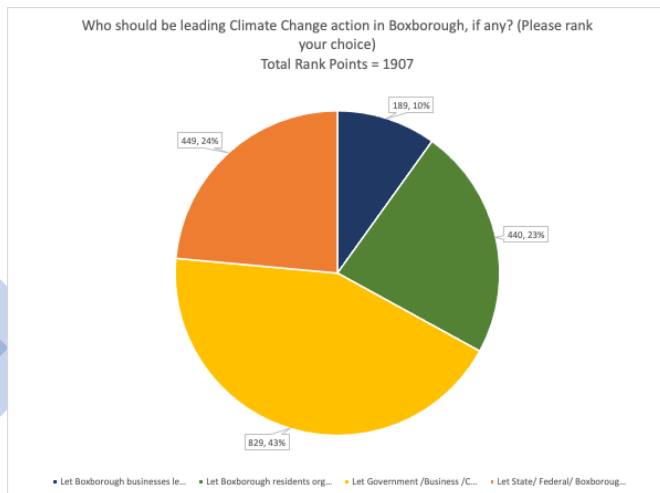

Response based analysis:

- Let State/Federal/Boxborough Governments lead the way (22%)
- Let Boxborough Businesses lead by example
- Let Boxborough residents organize and create grass-roots initiatives (24%)
- Let Government/Business/Community lead the way since these partnerships work the best (37%)

Rank based analysis:

- Let State/Federal/Boxborough Governments lead the way (24%)
- Let Boxborough Businesses lead by example
- Let Boxborough residents organize and create grass-roots initiatives (23%)
- Let Government/Business/Community lead the way since these partnerships work the best (47%)

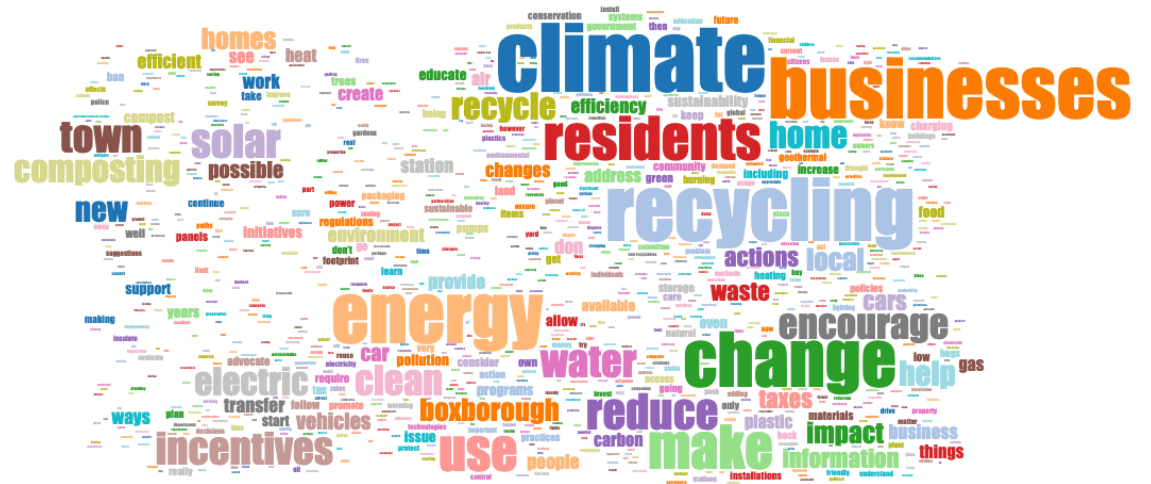

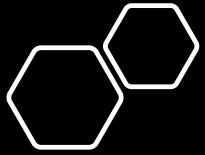

The ranking percentages are calculated using a weighted average algorithm with the following weights or points assigned to each choice: 1st Choice = 4 Points, 2nd Choice = 3 points, 3rd Choice = 2 Points, 4th Choice = 1 Point

1. Reuse, Reduce, Recycle
2. Get off fossil fuels
3. Put solar to use
4. Encourage business and residents with incentives and regulate with laws

1. Reuse, Reduce, Recycle
2. Get off fossil fuels
3. Put solar to use
4. Encourage business and residents with incentives and regulate with laws

Conclusions from the Climate Change Survey

Majority of Boxborough residents:

- Believe that climate change is one of the most important issues of our time and they are concerned about its impacts on our community.
- Would like to see examples of how climate change can impact us in Boxborough and would like to learn more about climate change science and projections from unbiased, authentic sources.
- Would like some recommendations from the Town of Boxborough. Many residents have also expressed interest in a detailed plan of action.
- Believe action is needed now before it's too late and they are ready to get started on some easy things ASAP.
- Believe that Government, Business and Community partnerships should lead the way.
