

Article 22

Select Board Recommendation

MAY 9, 2022

The Select Board Unanimously Recommends

The Moderator
appoints the Finance
Committee

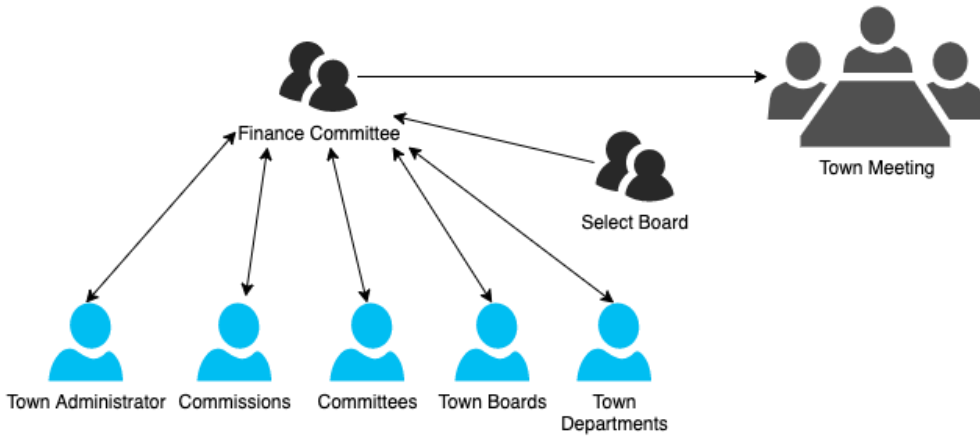

Allow for consideration
of the Budget as a
whole, rather than per
department

These changes do not
exclude the Finance
Committee from
interacting with
Department Heads

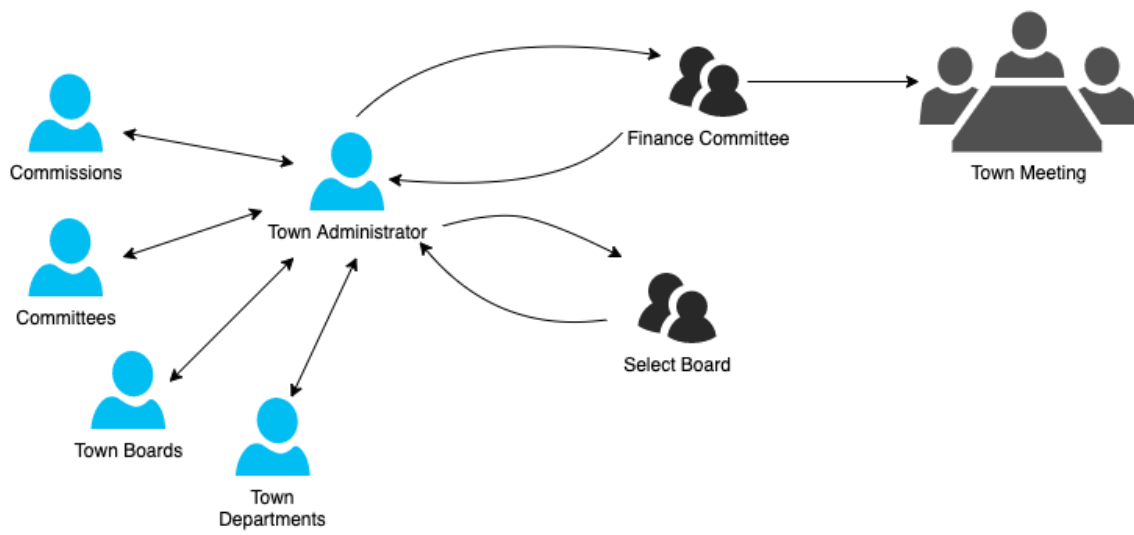

It is easier to critique
other's work rather
than your own

This has effectively
been the practice of
past years
