

Project Update

I-495/Route 111 Bridge Replacement

You are subscribed to I-495/Route 111 Bridge Replacement project updates from the Massachusetts Department of Transportation.

Work Anticipated for April 14th to April 25th

The work zone is now in its stage 1 traffic configuration with a single lane of traffic in each direction on the Route 111 bridge shifted onto the structure's south (eastbound – towards Acton) side and the approaching sections of Route 111 marked to channel traffic into a single lane before the intersections with ramps connecting to I-495.

Site-Wide

Activities

- There is no site-wide work anticipated for the two weeks covered by this lookahead.

Route 111 Bridge

Activities

- Stage 1 substructure work including excavation for foundations, installation of reinforcing steel, and placement of concrete for the two weeks addressed by this lookahead.
- Installation of manholes, utility conduits, and utility handholes for the two weeks addressed by this lookahead.

Traffic Impacts by Time of Day

- A single lane of traffic will be maintained at all time times in both the east (towards Acton) and westbound (towards Harvard) directions on the southern half of the Route 111 bridge while the northern half is demolished.
- Ramp connections to I-495 will operate as normal. Motorists exiting I-495 onto the Route 111 bridge are reminded that they are entering the roadway under stop control. Drivers are advised to reduce speed, exercise caution and pay close attention to all signage and directions from police and project personnel while traversing the work zone.

Noise impacts:

- Noise levels will be similar to normal traffic operations with equipment running to dig holes, deliver reinforcing steel, and pour concrete.

I-495 Mainline Below the Route 111 Bridge

Activities

- Stage 1 substructure work including excavation for foundations, installation of reinforcing steel, and placement of concrete for the two weeks addressed by this lookahead.

Traffic Impacts by Time of Day

- Work will take place within the median work zone with vehicles entering and exiting the work zone.
 - This work will take place under the direction of a police detail. Motorists are advised to reduce speed, exercise caution and pay close attention to all signage and directions from police and project personnel while traversing the work zone.

Noise impacts:

- Noise levels will be similar to normal traffic operations with equipment running to dig holes, deliver reinforcing steel, and pour concrete.

Completed Work

- Stage 1 bridge foundation work: 10% complete

Title VI Notice of Nondiscrimination: MassDOT complies with Title VI of the Civil Rights Act of 1964 and related federal and state statutes and regulations. It is the policy of MassDOT to ensure that no person or group of persons shall on the grounds of Title VI protected categories, including race, color, national origin, or under additional federal and state protected categories including sex, age, disability, sexual orientation, gender identity or expression, religion, creed, ancestry, veteran's status, or background, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity administered by MassDOT. To request additional information about this commitment, or to file a complaint under Title VI or a related nondiscrimination provision, please contact MassDOT's Title VI Specialist by phone at (857) 368-8580, MassRelay Service 7-1-1, fax (857) 368-0602 or by e-mail at MASSDOT.CivilRights@dot.state.ma.us.
