

March 20, 2020

Special Attention to All Residents:

We have become aware that residents in surrounding communities have been receiving SCAM calls in which the caller identifies as a government official. The caller then advises the resident that they have had their identity stolen due to the Coronavirus Disease 2019 event. The caller then advises the resident that they can clear it up over the telephone by providing their identification information and/or credit card information.

**DO NOT** give out your information. There will be NO government official or law enforcement agency that will call you and ask for this information.

*Officer Tyler McElman  
Elder Affairs Officer  
Covid-19 Incident Response Officer*
