December 21, 2017

With the recent passage of the “*Tax Cut and Jobs Act*” this week by the US Congress the deduction of property and state and local income taxes is now capped at **\$10,000.00** per household starting in calendar year 2018.

A number of Boxborough residents have inquired about whether or not they can pre-pay the taxes due on 02/01/2018 & 05/01/2018 – the answer is **YES**.

A few notes:

- Payments towards FY2019 taxes cannot be accepted as that levy does not exist yet.
- Payments above and beyond the amounts billed for FY18 Q3 & FY18 Q4 will be refunded thus should not be deducted on 2017 taxes.
- People who pay online please be aware of delays in the posting of payments. Some credit cards can take a few business days and could post in calendar 2018 instead of 2017 which would not qualify for the 2017 deduction.

***The Collectors office will be accepting payments until 4pm on
Friday, Dec. 29th, 2017.***

Please do not hesitate to call me with any comments, questions and concerns.

Sincerely,

Patrick McIntyre
Town Treasurer / Collector
(978) 264-1715
